various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

From the funds in Specific Appropriation 212, in the event that the amount of approved nonfederal share of matching funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient nonfederal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local nonfederal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

From the funds in Specific Appropriation 212, the agency may make low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis subject to the availability of state, local and federal funds.

Funds provided in Specific Appropriation 212, are contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds. In the event the nonfederal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval. Distribution of such funds provided in Specific Appropriation 212 is contingent upon approval from the Centers for Medicare and Medicaid Services.

Distribution of funds in Specific Appropriation 212 relating to the Grants and Donations Trust Fund and associated federal matching funds is contingent upon the state share being provided through grants and donations from state, county, or other governmental funds, and on the reauthorization of federal waiver authority for the Low Income Pool or a similar funding mechanism from the federal Centers for Medicare and Medicaid Services.

Any requests pursuant to chapter 216, Florida Statutes, by the Agency for Health Care Administration to increase budget authority to expand existing programs using increased federal reimbursement through these provisions, shall be contingent upon the availability of state match from existing state funds or local sources that do not increase the current requirement for state general revenue. The agency is authorized to seek federal Medicaid waivers as necessary to implement this provision.

From the funds in Specific Appropriation 241, the Agency for Health Care Administration, in consultation with the Department of Health, is authorized to transfer funds, in accordance with the provisions of chapter 216, Florida Statutes, to Specific Appropriation 237 specifically for slots under the Model Waiver, Specific Appropriation 268 Developmental Services Waiver, Specific Appropriation 527 Brain and Spinal Cord Home and Community Based Services Waiver, and Specific Appropriation 242 Statewide Medicaid Managed Care Long-term Care Waiver to transition the greatest potential for transition success.

Authority is granted to buy back rate reductions up to, but not higher than the amounts available under the budgeted authority in this line. In the event that the funds are not available in the Grants and Donations Trust Fund, the State of Florida is not obligated to continue reimbursements at the higher amount.

The Agency for Health Care Administration shall modify the nursing home reimbursement plan to set rates once a year on September 1.

From the funds in Specific Appropriations 241, 239 and 240 \$7,094,551 from the General Revenue Fund and \$10,742,008 from the Medical Care Trust Fund are provided to increase the personal needs allowance from \$35 to \$70 per month for residents in institutional settings.

SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 598 through 786, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

From the funds in Specific Appropriations 598 through 786, the Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2015.

From the funds in Specific Appropriations 598 through 786, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee for review.

Funds in Specific Appropriation 598 through 786 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2014, and for which it has been determined by the Secretary of the department that there is no longer a need.

From the funds in Specific Appropriations 598 through 786, the department may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 23, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 625 through 721 and 735 through 744, \$675,000 in nonrecurring general revenue funds is provided for Operation New Hope's Ready4Work re-entry initiative to reduce recidivism. Operation New Hope will provide pre-release services including risk assessment, a plan-of-care, career development and life skills training, and employment and treatment referrals for incarcerated inmates who are within one year of release from a Department of

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

Corrections' facility. Operation New Hope will provide post-release services including case management, career development and life skills training, life-coaching (mentoring), family reunification, and job placement assistance to offenders under community supervision and to persons who enter the Ready4Work program within one year after release from incarceration in a Department of Corrections' facility. Inmates, offenders on community supervision, and recently released offenders who are transitioning back into the communities and workforce of Duval County and surrounding counties are eligible to participate. The Department of Corrections shall provide a quarterly performance report of the program to the Governor, the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee beginning October 1, 2014.

From the funds in Specific Appropriations 625 through 721 and 735 through 744, \$250,000 in nonrecurring general revenue funds are provided for the Ready4Work-Hillsborough re-entry program, which replicates the Operation New Hope Ready4Work program with the goal of reducing recidivism. Ready4Work-Hillsborough will provide pre-release services including risk assessment, a plan-of-care, career development and life skills training, and referrals for incarcerated inmates who are within one year of release from a Department of Corrections' facility. Ready4Work-Hillsborough will provide post-release services including case management, career development and life skills training, life-coaching (mentoring), family reunification, and job placement assistance to offenders under community supervision and to persons who enter the Ready4Work program within one year after release from incarceration in a Department of Corrections' facility. Funds used for startup activities for Ready4Work-Hillsborough may not exceed 25 percent of the total funds appropriated. Inmates, offenders on community supervision, and recently released offenders who are transitioning back into the communities and workforce of Hillsborough County and surrounding counties are eligible to participate. The Department of Corrections shall provide a quarterly performance report of the program to the Governor, the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee beginning October 1, 2014.

ECONOMIC OPPORTUNITY, DEPARTMENT OF

From the funds in Specific Appropriations 2163 through 2265, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2163 through 2265, no federal or state funds shall be used to pay for space being leased by a Regional Workforce Board, CareerSource Florida, or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2190 through 2219, the Department of Economic Opportunity must determine if any funds provided for specific workforce programs, projects, or initiatives are not an

allowable use of federal funds. If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual regional workforce boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a regional workforce board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a regional workforce board that would use the FTE position to provide additional services to veterans.

A regional workforce board must obtain prior approval from the Department of Economic Opportunity before purchasing: promotional items, including but not limited to capes, blankets, clothing; and memorabilia, models, gifts, and souvenirs, which exceed \$5,000 for outreach purposes.

Funds in Specific Appropriation 2196 may not be used for any contract exceeding \$25,000 between a regional workforce board and a member of that board that has any relationship with the contracting vendor, unless the contract has been reviewed by the Department of Economic Opportunity and CareerSource Florida.

STRATEGIC BUSINESS DEVELOPMENT

From the funds provided in Specific Appropriations 2248 through 2264, the Department of Economic Opportunity must contract for an independent third-party to verify that each business that receives an economic development incentive satisfies all of the requirements of the incentive agreement, including job creation numbers. These comprehensive performance audit functions must include reviewing: 100 percent of all incentive claims, including audit confirmations; procedures used to verify incentive eligibility; and the department's records for accuracy and completeness. The independent third-party contractor must perform all functions and conduct all of the activities necessary to verify compliance with the performance terms of economic development incentive contracts. If there is insufficient operating budget authority in Specific Appropriation 2257 to pay for the independent third-party contractor, the department may submit a budget amendment in accordance with chapter 216, Florida Statutes, to transfer funds provided in Specific Appropriation 2248, or any other operating appropriation category within this budget entity, to implement the comprehensive performance audits.

Funds in Specific Appropriation 3097 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

Also, before a county supervisor of elections receives funds for any software or hardware technology, including, but not limited to any emerging technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software or technology must first be certified or approved, whichever is applicable by the Department of State. Additionally, before the Supervisor can receive funds for emerging or enhancing technology, the county supervisor of elections and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.

SECTION 6 - GENERAL GOVERNMENT

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.
