SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 598 through 786, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2015.

From the funds in Specific Appropriations 598 through 786, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget and the chairs of the Senate Appropriations Committee and the House Appropriations Committee for review.

Funds in Specific Appropriation 598 through 786 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2014, and for which it has been determined by the Secretary of the department that there is no longer a need.

The contractor shall report performance results annually to the department. The department's Office of Program Accountability shall summarize performance results from all contracts and report the information annually to the Legislature.

From the funds in Specific Appropriations 1128 through 1213, the Department of Juvenile Justice must, before implementing any departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

Funds in Specific Appropriations 1128 through 1213 shall not be used to pay for unoccupied space currently being leased by the Department of Juvenile Justice in the event the leases are vacant on or after July 1, 2014, and for which it has been determined by the Secretary of the department that there is no longer a need.

STRATEGIC BUSINESS DEVELOPMENT

From the funds provided in Specific Appropriations 2248 through 2265, the Department of Economic Opportunity must competitively procure and execute a contract for an independent third-party to verify that each business that receives an economic development incentive satisfies all of the requirements of the incentive agreement, including job creation numbers. These comprehensive performance audit functions must include reviewing: 100 percent of all incentive claims, including audit confirmations; procedures used to verify incentive eligibility; and the department's records for accuracy and completeness. The independent third-party contractor must perform all functions and conduct all of the activities necessary to verify compliance with the performance terms of economic development incentive contracts. If there is insufficient operating budget authority in Specific Appropriation 2257 to pay for the independent third-party contractor, the department may submit a budget amendment in accordance with chapter 216, Florida Statutes, to transfer funds provided in Specific Appropriation 2248, or any other operating appropriation category within this budget entity, to implement the comprehensive performance audits.

From the funds in Specific Appropriation 2726, \$300,000 in nonrecurring general revenue funds is provided for the Department of Management Services to contract with an independent third party consulting firm to complete a comprehensive transition plan for relocating the data center facility located at the Northwood Centre to the data center facility located at the Capital Circle Office Complex, hereafter referred to as the state data center. The Department of Management Services must submit the plan to the chair of the Senate Committee on Appropriations, the chair of the House Appropriations Committee, and the Executive Office of the Governor's Office of Policy and Budget no later than December 1, 2014.
