Districts may charge a fee for grades K-12 voluntary, non-credit summer school enrollment in basic program courses. The amount of any student's fee shall be based on the student's ability to pay and the student's financial need as determined by district school board policy.

From the funds in Specific Appropriations 9 and 96, school districts may execute an appropriate contract for full-time virtual instruction through K-8 virtual schools that received funds from Specific Appropriation 93 of chapter 2008-152, Laws of Florida. From the funds in Specific Appropriation 210, \$46,772,265 from the Medical Care Trust Fund is provided to the Agency for Health Care Administration to fund services for children in the Statewide Inpatient Psychiatric Program. The program shall be designed to permit limits on services, prior authorization of services, and selective provider enrollment. The program must also include monitoring and quality assurance, as well as discharge planning and continuing stay reviews, of all children admitted to the program. The funding is contingent upon the availability of state matching funds in the Department of Children and Families in Specific Appropriations 337 and 360.

From the funds in Specific Appropriation 210, the calculations of the Medicaid Hospital Funding Programs for the 2014-2015 fiscal year are incorporated by reference in Senate Bill 2502. The calculations are the basis for the appropriations made in the General Appropriations Act.

Distribution of funds in Specific Appropriation 210 relating to the Grants and Donations Trust Fund and associated federal matching funds is contingent upon the state share being provided through grants and donations from state, county, or other governmental funds, and on the reauthorization of federal waiver authority for the Low Income Pool or a similar funding mechanism from the federal Centers for Medicare and Medicaid Services.

From the funds in Specific Appropriation 210, the Agency for Health Care Administration may continue a global fee for bone marrow transplants and the global fee payment shall be paid to approved bone marrow transplant providers that provide bone marrow transplants to Medicaid beneficiaries.

From the funds in Specific Appropriation 210, the Agency for Health Care Administration shall implement a process to reconcile the difference between the amount of intergovernmental transfers used by or on behalf of individual hospitals' Medicaid inpatient rate adjustments. Reconciliations may be incorporated in Letters of Agreement for intergovernmental transfers for the 2014-2015 state fiscal year.

Payment of the global fee is contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds. The agency is authorized to seek any federal waiver or state plan amendment necessary to implement this provision.

From the funds in Specific Appropriation 210, the Agency for Health Care Administration shall continue a Diagnosis Related Group (DRG) reimbursement methodology for hospital inpatient services as directed in section 409.905 (5)(c), Florida Statutes. The calculations for the DRG reimbursement methodology are contained in the Medicaid Hospital Funding Programs for the 2014-2015 fiscal year and are incorporated by reference in Senate Bill 2502. The calculations are the basis for the appropriations made in the General Appropriations Act.

Funds in Specific Appropriation 210 reflect an increase of \$1,977,133 from the General Revenue Fund and \$4,016,519 from the Medical Care Trust Fund to classify sole community hospitals as rural hospitals under section 395.602(2), Florida Statutes, and for sole community hospitals to be recognized as rural hospitals in the Agency for Health Care Administration's Diagnosis Related Group (DRG) reimbursement methodology for hospital inpatient services.

From the funds in Specific Appropriation 210, the agency shall, by June 30th of each year, perform a reconciliation on Diagnosis Related Group (DRG) payments. The reconciliation shall compare actual payments to baseline payments on an individual hospital basis. Any undistributed payments shall be redistributed to increase hospital inpatient base rates on a statewide basis. Adjustments applied must maintain budget neutrality. The Agency for Health Care Administration shall submit a report by March 1st of each year, which provides preliminary numbers on actual payments compared to the baseline payments for that fiscal year by hospital. The report shall be submitted to the Governor, President of the Senate, and Speaker of the House of Representatives.

Funds in Specific Appropriation 210 reflect a reduction of \$13,518,034 from the General Revenue Fund, \$18,946,894 from the Medical Care Trust Fund, and \$56,031 from the Refugee Assistance Trust Fund related to Diagnosis Related Group transitional payments.

From the funds in Specific Appropriation 212, the calculations of the Medicaid Hospital Funding Programs for the 2014-2015 fiscal year are incorporated by reference in Senate Bill 2502. The calculations are the basis for the appropriations made in the General Appropriations Act.

From the funds in Specific Appropriation 212, the agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any

transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

From the funds in Specific Appropriation 212, in the event that the amount of approved nonfederal share of matching funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient nonfederal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local nonfederal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

From the funds in Specific Appropriation 212, the agency may make low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis subject to the availability of state, local and federal funds.

Funds provided in Specific Appropriation 212, are contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds. In the event the nonfederal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval. Distribution of such funds provided in Specific Appropriation 212 is contingent upon approval from the Centers for Medicare and Medicaid Services.

Distribution of funds in Specific Appropriation 212 relating to the Grants and Donations Trust Fund and associated federal matching funds is contingent upon the state share being provided through grants and donations from state, county, or other governmental funds, and on the reauthorization of federal waiver authority for the Low Income Pool or a similar funding mechanism from the federal Centers for Medicare and Medicaid Services.

Freestanding dialysis facilities may obtain, administer and submit claims directly to the Medicaid program for End-Stage Renal Disease pharmaceuticals, subject to coverage and limitations policy. All pharmaceutical claims for this purpose must include National Drug Codes (NDC) to permit the invoicing for federal and/or state supplemental rebates from manufacturers. Claims for drug products that do not include National Drug Code information are not payable by Florida Medicaid unless the drug product is exempt from federal rebate requirements.

From the funds in Specific Appropriation 213, the Agency for Health Care Administration shall work with dialysis providers, managed care organizations, and physicians to ensure that all Medicaid patients with End Stage Renal Disease (ESRD) are educated and assessed by their physician and dialysis provider to determine their suitability for peritoneal dialysis (PD) as a modality choice. Further, the agency shall consult with the dialysis community concerning suitable voluntary reporting to the state Medicaid program on members' PD suitability.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 598 through 786, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

From the funds in Specific Appropriations 598 through 786, the Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2015.

From the funds in Specific Appropriations 598 through 786, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee for review.

Funds in Specific Appropriation 598 through 786 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2014, and for which it has been determined by the Secretary of the department that there is no longer a need.

From the funds in Specific Appropriations 598 through 786, the department may work within its existing budget, including applicable grants, to implement any corrective action plan that is developed as the result of a Prison Rape Elimination Act audit conducted in accordance with Title 23, Part 115 of the Code of Federal Regulations. The department may request additional resources required through the Legislative Budget Request process as defined in chapter 216, Florida Statutes.

From the funds in Specific Appropriations 625 through 721 and 735 through 744, \$675,000 in nonrecurring general revenue funds is provided for Operation New Hope's Ready4Work re-entry initiative to reduce recidivism. Operation New Hope will provide pre-release services including risk assessment, a plan-of-care, career development and life skills training, and employment and treatment referrals for incarcerated inmates who are within one year of release from a Department of

Corrections' facility. Operation New Hope will provide post-release services including case management, career development and life skills training, life-coaching (mentoring), family reunification, and job placement assistance to offenders under community supervision and to persons who enter the Ready4Work program within one year after release from incarceration in a Department of Corrections' facility. Inmates, offenders on community supervision, and recently released offenders who are transitioning back into the communities and workforce of Duval County and surrounding counties are eligible to participate. The Department of Corrections shall provide a quarterly performance report of the program to the Governor, the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee beginning October 1, 2014.

From the funds in Specific Appropriations 625 through 721 and 735 through 744, \$250,000 in nonrecurring general revenue funds are provided for the Ready4Work-Hillsborough re-entry program, which replicates the Operation New Hope Ready4Work program with the goal of reducing recidivism. Ready4Work-Hillsborough will provide pre-release services including risk assessment, a plan-of-care, career development and life skills training, and referrals for incarcerated inmates who are within one year of release from a Department of Corrections' facility. Ready4Work-Hillsborough will provide post-release services including case management, career development and life skills training, life-coaching (mentoring), family reunification, and job placement assistance to offenders under community supervision and to persons who enter the Ready4Work program within one year after release from incarceration in a Department of Corrections' facility. Funds used for startup activities for Ready4Work-Hillsborough may not exceed 25 percent of the total funds appropriated. Inmates, offenders on community supervision, and recently released offenders who are transitioning back into the communities and workforce of Hillsborough County and surrounding counties are eligible to participate. PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1182 through 1199, the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1182 through 1199, in selecting a private provider for operation of secure and non-secure residential programs, the Department of Juvenile Justice must consider the provider's history of performance of services in other jurisdictions as well as its performance of services in Florida. The Department of Juvenile Justice must also provide a report of serious incidents to the Governor, the President of the Senate, and the Speaker of the House of Representatives on no less than a quarterly basis. The report must include, at a minimum: the number of incidents and allegations of staff abuse or abuse by another child, including whether or not an allegation was substantiated; descriptions of incidents or allegations of such abuse that resulted in physical injury or significant psychological trauma, or that involved deprivation of food, water, or medical care; and the failure of a provider to report incidents or allegations within required timeframes established by the department. The report must be organized so that the incidents and allegations relating to a particular facility and to a particular provider can be readily ascertained. The Department of Juvenile Justice must also immediately report the death or serious bodily injury of a youth in a secure or non-secure residential program to the Governor, the President of the Senate, and the Speaker of the House of Representatives, and may make any additional reports that it determines to be appropriate based upon the seriousness of an incident or allegation.

ECONOMIC OPPORTUNITY, DEPARTMENT OF

From the funds in Specific Appropriations 2163 through 2265, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Families, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee must certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It is the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2163 through 2265, no federal or state funds shall be used to pay for space being leased by a Regional Workforce Board, CareerSource Florida, or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

If the department finds that any workforce program, project, or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department must notify the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee, and the chair of the House Appropriations Committee.

When allocating full-time equivalent (FTE) positions to individual regional workforce boards, the Department of Economic Opportunity must ensure that workforce services are effectively and efficiently provided throughout the state. The department is authorized to reallocate any FTE position allocated to a regional workforce board that has been or becomes vacant for more than 180 days. When reallocating a vacant FTE position, the department must give priority to a regional workforce board that would use the FTE position to provide additional services to veterans.

Funds in Specific Appropriation 3097 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

Also, before a county supervisor of elections receives funds for any software or hardware technology, including, but not limited to any emerging technology that enhances or facilitates the delivery of absentee ballots, the casting and counting of valid votes, voting system audits or recount processes, and the certification of accurate and complete official election results, the software or technology must first be certified or approved, whichever is applicable by the Department of State. Additionally, before the Supervisor can receive funds for emerging or enhancing technology, the county supervisor of elections and the chairperson of the county governing body must certify that the county has purchased and made available sufficient equipment for casting and counting ballots to meet the needs of the county electors including reducing the wait time at the polls during the early voting period and on election day for the next regularly scheduled general election.

SECTION 6 - GENERAL GOVERNMENT

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining on June 30 of each fiscal year.
