Dear Ms. Kelly:

The Agency Capital Improvements Program for Fiscal Year 2015-16 through Fiscal Year 2019-20 for the Executive Office of the Governor, Division of Emergency Management, is submitted and has been posted to the Florida Fiscal Portal, following the instructions dated July 2014. The information provided electronically is a true and accurate presentation of our proposed Fixed Capital Outlay Legislative Budget Request of \$3,000,000 for the 2015-16 fiscal year. This submission has been approved by Bryan Koon, Director of the Division of Emergency Management.

This request will provide funding to local governments to retrofit existing public hurricane evacuation shelters listed in the most current Shelter Retrofit Report published by the Division each year in order to reduce any shelter space deficits. Projects provided funding must retrofit the facility to American Red Cross Standard 4496, which is a nationwide standard used for hurricane evacuation shelter selection that provides assurance to those seeking public shelter that they are safe from the hazards associated with hurricanes. The funding source for these projects is outlined in Section 215.559, Florida Statutes, from the Florida Hurricane Catastrophe Fund, and the Division receives a recurring appropriation for these shelter retrofit projects each year.

Sincerely,

A handwritten signature in black ink that reads "Michael DeLorenzo".
