AGENCY NARRATIVE:

2015-2016 BUDGET YEAR NARRATIVE: READY CENTERS REVITAL PLAN IT COMPONENT? NO

The Department of Military Affairs requests \$12,000,000 of NON-RECURRING appropriation. These funds will be used to continue renovating state readiness centers to meet state and federal building codes.

National Guard Readiness Centers (Armories) are the core of our hometown based units. Because of the wisdom and foresight of the State legislature, the Florida Guard has renovated 48 of these buildings bringing them into the 21st century.

The remaining armories are in varying states of disrepair and some are in desperate need of renovation. The revitalization of these readiness centers greatly increases our ability to gain new units with increased capabilities for our state, make the buildings more energy efficient, and directly stimulate the economies of the communities which we serve. This program encompasses assessment, design, construction, furniture, furnishings, administration costs (i.e., human resources, labor, etc.), as well as operating equipment such as vehicles, lifts, loaders, etc. for fund and project execution.

This request aligns with the Florida Strategic Plan specific strategies to strengthen Florida's leadership in expanding and emerging talent and innovation clusters and transitioning established clusters to serve new markets and improve the efficiency and effectiveness of government agencies at all levels.

GENERAL REVENUE FUND -STATE	1,700,000					1000 1

AGENCY NARRATIVE:

2015-2016 BUDGET YEAR NARRATIVE: MAIN/REP/CONST-STATEWIDE IT COMPONENT? NO

The Department of Military Affairs requests \$1,700,000 of NON-RECURRING appropriation. These funds will be used to maintain and repair armories which have been revitalized by the Florida Armory Revitalization Program (FARP).

National Guard Readiness Centers (Armories) are the core of our hometown based units. Since 2005, the State of Florida has renovated 48 armories. The revitalization of these centers has greatly increased the Florida Guard's ability to gain new units with increased capabilities, made the buildings more energy efficient and stimulated the economies of the communities which we serve.

In order to sustain the facilities effectively and efficiently while preserving the capital invested in the renovation, a recurring maintenance/sustainment program is imperative. This program will provide scheduled preventative maintenance and sustainment to major components over the expected economical life of the components spreading the maintenance expense in a manageable fashion. This will greatly extend the manageable service life of the renovated facility allowing for scheduled minor and major repairs which will save limited funding by reducing the crisis contracting and unscheduled expense of a major system failure.

This request aligns with the Florida Strategic Plan specific strategies to improve the efficiency and effectiveness of government agencies at all levels and create and sustain vibrant, safe, and healthy communities that attract workers, residents, businesses, and visitors.
