AGENCY ISSUE NARRATIVE:

SCHED VIIIIC REPRIORTIZN NARRATIVE: IT COMPONENT? NO
 PRIORITY #1

ISSUE TITLE: Reprioritization of Other Personal Services Legal Staff - Add

ISSUE SUMMARY: This issue identifies four part-time Other Personal Services (OPS) positions in the Bureau of Medicaid Program Integrity (MPI) that can be reprioritized to address an increase in workload in the Office of the General Counsel (OGC). The OPS positions would be assigned to the Public Records Office to assist with the increased volume of public records requests.

ISSUE DETAIL: The Agency for Health Care Administration's (AHCA's) MPI conducted a staffing needs assessment. Based upon that needs assessment, nine OPS positions were identified for reduction due to administrative efficiencies. It was determined that the reduction in OPS positions would not have a negative impact on MPI's ability to perform its functions.

The AHCA proposes to transfer four of the nine OPS positions to the OGC to assist with the increased volume of public records requests. The number of public records requests received by the AHCA has increased every year for the past four fiscal years, from 3,500 in Fiscal Year 2009-2010 to 5,000 in Fiscal Year 2012-2013, and the upward trend is expected to continue. To ensure that there are no delays in responding to public records requests, OGC would dedicate these OPS positions to the Public Request Office to assist with the increased workload.

BUDGET SUMMARY: This issue reprioritizes four OPS positions and the associated budget (\$63,304) in MPI in the Executive Direction and Support Services budget entity by proposing to transfer positions and budget in the amount of \$63,304 to the OGC in the Administration and Support budget entity.

 PRIORITY #3

ISSUE TITLE: Health Insurance Portability and Accountability Act (HIPAA) Compliance Office - Add

ISSUE SUMMARY: This issue identifies one full-time equivalent (FTE) position within the Office of the Inspector General (OIG) that can be reprioritized to address workload in the Health Insurance Portability and Accountability Act (HIPAA) Privacy and Security Compliance Office. The FTE position can be reassigned from within the OIG to assist with the workload related to the oversight of HIPAA policies and compliance with federal requirements in accordance with s. 164.530 of Title 45 CFR and s. 501.171, F.S.

ISSUE DETAIL: The Agency for Health Care Administration's (AHCA's) HIPAA Compliance Office is responsible for protected health information requests from Medicaid recipients or their authorized representatives; educating and training Agency employees in HIPAA policies and procedures; reviewing and maintaining records of Agency HIPAA policies; reviewing all official Agency forms and interagency agreements for compliance with HIPAA; maintaining documentation to ensure and demonstrate HIPAA compliance for federal audits; assisting contract managers with ensuring vendors are compliant with HIPAA breach reporting and the AHCA's business associate agreement; responding to and mitigating breaches of protected health information; and conducting periodic reviews of privacy risks. In addition, s. 501.171, F.S., mandates that the HIPAA Compliance Office will be responsible for breach mitigation and provides reporting requirements.

Currently, the HIPAA Compliance Office is staffed with one FTE position and is receiving assistance from a Government Operations Consultant I (GOC I) who is allocated to the OIG. The AHCA proposes to transfer the GOC I position to the HIPAA Compliance Office on a permanent basis. Having adequate staffing is critical to the AHCA's ability to remain compliant with federal and state laws. Permanently transferring the GOC I position to the HIPAA Compliance Office would allow the office to maintain a level of service that would result in risk reduction and compliance with HIPAA policies.

BUDGET SUMMARY: This issue proposes to reprioritize one FTE position and the associated budget (\$46,463) and salary rate (34,634) within the OIG.

ISSUE TITLE: Reprioritize Positions Across Divisions to Support the Statewide Medicaid Managed Care (SMMC) Program - Add

ISSUE SUMMARY: This issue identifies nine full-time equivalent (FTE) positions for reallocation across divisions within the Agency for Health Care Administration (AHCA) as part of the reorganization to support the implementation of Statewide Medicaid Managed Care program (SMMC). This reallocation of resources reduces duplication of functions and aligns the resources to provide appropriate support to the SMMC program.

ISSUE DETAIL: The AHCA has fully implemented the SMMC program as of August 1, 2014 and now must realign its administrative resources to respond to changes in functional responsibilities and priorities necessary for the implementation of the SMMC program. Implementation of the SMMC program has transformed Florida's Medicaid program. Prior to the rollout of SMMC, the Medicaid program consisted of many various components, including Fee-for-Service (FFS), MediPass, Prepaid Dental, Prepaid Mental Health, the Reform Pilot, Non-Reform Managed Care, Nursing Home Diversion, and numerous FFS Home and Community-Based Waivers Services for the elderly. With full implementation of the SMMC, nearly 85 percent of the recipients will receive their services under the SMMC program, which consists of two components: Long Term Care Managed Care and Managed Medical Assistance. Workload for many functions associated with a FFS delivery model will diminish or be eliminated entirely as contracted managed care plans assume greater responsibilities for these functions. With the rollout of both components of the SMMC program complete, the AHCA identified nine FTE positions for reallocation across divisions in order to appropriately support the SMMC program.

To ensure adequate resources are available, the AHCA is reorganizing along functional lines thereby moving from a program-based model of organization to a function-based model. The new structure focuses on contract monitoring, budget and financial monitoring, quality, data analytics, systems management, and recipient and provider assistance. Prior to the implementation of the SMMC program, the Division of Health Quality Assurance (HQA) and the Division of Medicaid (Medicaid) had bureaus dedicated to different functions related to Medicaid Managed Care programs. Under the restructure, all tasks associated with Medicaid Managed Care will be housed within Medicaid. The AHCA proposes to move nine FTE positions from HQA to Medicaid for the support of provider network verification and monitoring for consolidated clinical consultation and clinical compliance monitoring under the SMMC program.

BUDGET SUMMARY: This issue reprioritizes nine FTE positions, budget (\$664,660) and salary rate (453,727) in HQA in the Health Care Regulation budget entity by proposing to transfer those FTE positions and associated budget and rate to Medicaid in the Executive Direction and Support Services budget entity.

AGENCY ISSUE NARRATIVE:

SCHED VIIIIC REPRIORTIZN NARRATIVE:
 PRIORITY #2

IT COMPONENT? NO

ISSUE TITLE: Reprioritize Positions Across Divisions to Support the Statewide Medicaid Managed Care (SMMC) Program - Deduct

ISSUE SUMMARY: This issue identifies nine full-time equivalent (FTE) positions for reallocation across divisions within the Agency for Health Care Administration (AHCA) as part of the reorganization to support the implementation of Statewide Medicaid Managed Care program (SMMC). This reallocation of resources reduces duplication of functions and aligns the resources to provide appropriate support to the SMMC program.

ISSUE DETAIL: The AHCA has fully implemented the SMMC program as of August 1, 2014 and now must realign its administrative resources to respond to changes in functional responsibilities and priorities necessary for the implementation of the SMMC program. Implementation of the SMMC program has transformed Florida's Medicaid program. Prior to the rollout of SMMC, the Medicaid program consisted of many various components, including Fee-for-Service (FFS), MediPass, Prepaid Dental, Prepaid Mental Health, the Reform Pilot, Non-Reform Managed Care, Nursing Home Diversion, and numerous FFS Home and Community-Based Waivers Services for the elderly. With full implementation of the SMMC, nearly 85 percent of the recipients will receive their services under the SMMC program, which consists of two components: Long Term Care Managed Care and Managed Medical Assistance. Workload for many functions associated with a FFS delivery model will diminish or be eliminated entirely as contracted managed care plans assume greater responsibilities for these functions. With the rollout of both components of the SMMC program complete, the AHCA identified nine FTE positions for reallocation across divisions in order to appropriately support the SMMC program.

To ensure adequate resources are available, the AHCA is reorganizing along functional lines thereby moving from a program-based model of organization to a function-based model. The new structure focuses on contract monitoring, budget

and financial monitoring, quality, data analytics, systems management, and recipient and provider assistance. Prior to the implementation of the SMMC program, the Division of Health Quality Assurance (HQA) and the Division of Medicaid (Medicaid) had bureaus dedicated to different functions related to Medicaid Managed Care programs. Under the restructure, all tasks associated with Medicaid Managed Care will be housed within Medicaid. The AHCA proposes to move nine FTE positions from HQA to Medicaid for the support of provider network verification and monitoring for consolidated clinical consultation and clinical compliance monitoring under the SMMC program.

BUDGET SUMMARY: This issue reprioritizes nine FTE positions, budget (\$664,660) and salary rate (453,727) in HQA in the Health Care Regulation budget entity by proposing to transfer those FTE positions and associated budget and rate to Medicaid in the Executive Direction and Support Services budget entity.
