Article III, section 19 of the Florida Constitution requires the agency/department to identify possible reductions in the event of revenue shortfalls. It is important to note that the results of this constitutionally required exercise do not necessarily represent a list of recommended reductions from the agency/department.

This issue proposes to cap participation in the Alzheimer's Disease Initiative program to 970 program slots for the entire fiscal year of 2015-2016 that will generate a reduction of \$1,753,540 in General Revenue.

Many Alzheimer's victims require care 24 hours a day, especially in the late stages of the disease. ADI respite includes in-home, facility-based (usually at adult day care centers), emergency and extended care (up to 30 days) respite for caregivers who serve victims of memory disorders. On average, fewer than three hours of respite care per week is provided per person. In addition to respite care services, caregivers and consumers may receive supportive services essential to maintaining persons with Alzheimer's disease or related dementia in their own homes. The supportive services may include caregiver training and support groups, counseling, consumable medical supplies and nutritional supplements. The average care plan cost of this program is \$10,195 per year. Capping this program at 970 slots for an entire year would impact approximately 172 seniors.

No statutory change would be required to implement this reduction.

Article III, section 19 of the Florida Constitution requires the agency/department to identify possible reductions in the event of revenue shortfalls. It is important to note that the results of this constitutionally required exercise do not necessarily represent a list of recommended reductions from the agency/department.

This issue proposes to cap participation in the Community Care for the Elderly program to 6,809 program slots for the entire fiscal year 2015-2016 that will generate a reduction of \$3,161,600 in General Revenue.

The Community Care for the Elderly (CCE) Program provides community-based services organized in a continuum of care to help functionally impaired older people live in the least restrictive yet most cost-effective environment suitable to their needs. Services in this program include: adult day care, adult day health care, case management, case aide, chore, companionship, consumable medical supplies, counseling, escort, emergency alert response, emergency home repair, home-delivered meals, home health aide, homemaker, home nursing, information and referral, legal assistance, material aid, medical therapeutic services, personal care, respite, shopping assistance, transportation, and other community-based services. The average care plan cost for this program is \$6,656 per year. The capping of this program at 6,809 slots would impact approximately 475 seniors.

No statutory change would be required to implement this reduction.

This issue proposes to cap participation in the Home Care for the Elderly Program for fiscal year 2015-2016 to 2,250 program slots that will generate a reduction of \$905,010 in General Revenue.

The Home Care for the Elderly (HCE) program encourages the provision of care for elders age 60 and older in family-type living arrangements in private homes as an alternative to institutional or nursing home care. Individuals must be 60 or older, have income less than the Institutional Care Program (ICP) standard, meet the ICP asset limitation, be at risk of nursing home placement, and have an approved adult caregiver living with them who is willing and able to provide or assist in arranging for care. A basic subsidy is provided each month to the adult caregiver for support and maintenance of the elder, including some medical costs. A special subsidy may also be provided for services/supplies. The average care plan cost for this program is \$3,110 per year. The capping of this program to 2,250 slots would impact approximately 291 seniors.

No statutory change would be required to implement this reduction.

Article III, section 19 of the Florida Constitution requires the agency/department to identify possible reductions in the event of revenue shortfalls. It is important to note that the results of this constitutionally required exercise do not necessarily represent a list of recommended reductions from the agency/department.

This issue proposes to reduce the Expenses category in the Executive Direction and Support Services budget entity by \$36,020 in the Federal Grants Trust Fund.

This category is used to pay for travel, office supplies, leases, phones and utilities. This reduction proposal would reduce general expenses in the Executive Direction and Support Services budget entity by limiting travel and office supply expenditures by \$36,020 in order to meet the reduction target.
