DESCRIPTION OF FUNCTION PROPOSED FOR REPRIORITIZATION:
 Priority #1

Long-Range Program Plan Approved Activity: Transfer Positions from the Florida Highway Patrol Program to the Administrative Services Program - Add

This issue requests the transfer of \$63,578 in Salaries and Benefits category (010000) and two (2) security guard positions from the Florida Highway Patrol Program area budget entity (76100100) to the Division of Administrative Services Program area budget entity (76010100).

In March 2014, one security guard position was transferred to the Division of Administrative Services and this issue will provide for further efficiencies by consolidating all security guards for the Neil Kirkman Building within the same budget entity and program area.

Summary: This issue requests the transfer of \$63,578 in Salaries and Benefits category (010000) and two (2) security guard positions from the Florida Highway Patrol budget entity to the Division of Administrative Services budget entity to realign all security guards for the Neil Kirkman Building within the same budget entity.

DESCRIPTION OF FUNCTION PROPOSED FOR REPRIORITIZATION:

Priority #3

Enhance Agency Strategic Business Planning Functions - ADD
 Long-Range Program Plan Approved Activity: Planning and Budgeting

This issue requests reprioritization of agency resources to enhance the Department's strategic business planning functions. The Department proposes to redirect resources currently utilized for the development and publication of the Long Range Program Plan to enhance agency strategic business planning functions.

Each year the Department spends a significant amount of internal resources compiling, updating, reviewing and filing our annual Long Range Program Plan (LRPP) with the Executive Office of the Governor's Office of Policy and Budget and the House and Senate Appropriations Committees.

The LRPP is submitted via the Florida Fiscal Portal as specified in the Legislative Budget Request instructions. It contains specific goals and objectives, measurable outputs and the related outcomes as well as related Department organizational and operational information.

While the LRPP provides useful information for decision makers, it has several limitations because it provides only a historical review of data. While beneficial for statistical analysis, the LRPP presents little opportunity for external users to fully understand the nature, timing and extent of the work performed by the Department throughout the year. In addition, it is often difficult to use such historical data to enhance the Department's ability to fulfill its mission and vision.

Coincidentally, the Department already proactively manages its business through the development of various planning and reporting tools such as an Agency Business Plan, Annual Strategic Plan, Executive Director's Annual Performance Contract, Quarterly Performance Reports, Annual Performance Report and a live Performance Dashboard that is maintained on our Department website. While much of this information is similar to data contained within the LRPP, these tools allow for a much more timely, comprehensive and holistic view of the Department's activities. A brief description of these tools and reports is provided below:

** Agency Business Plan. The Business Plan is the result of months of research and workshops with both executive and operational managers. It is intended to be a forward-thinking plan that assesses our environment and the current trends and conditions that will shape the Department's future role and responsibilities. The Business Plan provides direction to ensure that the Department properly aligns business objectives and identifies future opportunities with our daily decision-making.

** Annual Strategic Plan. This Plan serves as a road map for the Department, by identifying the specific objectives and strategies for the coming year. It delineates each of these activities within our four primary goals as an agency: Public Safety, Service Delivery, Leveraging Technology, and Talent Creation and Development. In addition, the Plan identifies 35 specific measures and standards to assess the Department's performance.

** Executive Director's Annual Performance Contract. This contract is a public agreement between the Executive Director, Governor and Cabinet as to how the Department's performance will be measured and reported. This contract is derived from the Annual Strategic Plan and allows the Department to report it's performance monthly (via our Performance Dashboard), quarterly (via Quarterly Reports to the Governor and Cabinet), and annually (via an Annual Performance Report).

The Department does not maintain cost allocation records of the effort necessary to produce the Long Range Program Plan each year. However, the Department estimates the resources utilized to complete the LRPP to be \$15,308. This estimate includes a .25 position responsible for compiling the data received from each division and an average of the time spent by executive, senior leadership and front line personnel performing data collection, totaling five hundred direct labor hours to produce the Long Range Program Plan.

IMPACT TO THE PUBLIC: None.

COUNTIES TO WHICH THIS ISSUE APPLIES: None.

LRPP and/or STRATEGIC PLAN MEASURES REQUIRING REVISION: The Department would continue to track and measure performance as defined in the Director's Annual Performance Contract and the Annual Strategic Plan.

STATUTORY AND OTHER LEGAL CITES REQUIRING REVISION: Repeal of s. 216.013 and revision of 216.023, Florida Statutes.

Long Range Program Plan Approved Activity: Enforcement of Traffic Laws

This issue request authority to reclassify a vacant position from an Administrative Secretary to a Crime Laboratory Technician. This issue would also transfer \$49,615 of recurring funding from the Motor Carrier Compliance budget entity (76100600), Highway Safety Operating Trust Fund (2009), to the Highway Safety budget entity (76100100), Highway Safety Operating Trust Fund (2009), within the Salaries and Benefits category (010000) to support the Evidence and Property Program.

SUMMARY OF BUSINESS PROBLEM:

The Evidence and Property Program is responsible for the identification, documentation, control, and disposition of physical evidence and non-evidentiary property found or seized by the Florida Highway Patrol. Pursuant to Chapter 321, Florida Statutes, the Florida Highway Patrol is granted authority to seize contraband and stolen property, and to make arrests for violations of federal, state, county laws or municipal ordinances. Along with these responsibilities is the care and protection of property taken as evidence or for safekeeping.

The current position has been vacant throughout Fiscal Year 2013-2014. The Florida Highway Patrol maintains 23 Evidence and Property Rooms throughout the State of Florida. Each troop has non-sworn personnel serving as Crime Laboratory Technicians. Currently, Troops C, D, F and K have two Crime Laboratory Technician positions each. This reclassification and realignment of funding would enable an additional troop to add a second Crime Laboratory Technician.

Summary: This is a new issue requesting the transfer of one full time equivalent (FTE) position and \$49,615 in recurring funding from the Motor Carrier Compliance budget entity (76100600), Highway Safety Operating Trust Fund (2009), to the Highway Safety budget entity (76100100), Highway Safety Operating Trust Fund (2009), within the Salaries and Benefits category (010000). This transfer realigns FTE and funding to support the Evidence and Property Program. Also see issue 3D00040 within the Motor Carrier Compliance budget entity (76100600).

RECLASSIFY AN ADMINISTRATIVE						
SECRETARY TO A CRIME LABORATORY						
TECHNICIAN - DEDUCT						3D00040

Technicians. Currently, Troops C, D, F and K have two Crime Laboratory Technician positions each. This reclassification and realignment of funding would enable an additional troop to add a second Crime Laboratory Technician.

Summary: This is a new issue requesting the transfer of one full time equivalent (FTE) position and \$49,615 in recurring funding from the Motor Carrier Compliance budget entity (76100600), Highway Safety Operating Trust Fund (2009), to the Highway Safety budget entity (76100100), Highway Safety Operating Trust Fund (2009), within the Salaries and Benefits category (010000). This transfer realigns FTE and funding to support the Evidence and Property Program. Also see issue 3D00030 within the Highway Safety budget entity (76100100).
