Salaries and Benefits would be reduced by holding 17 positions vacant for 12 months. Seventeen positions are based on upon our agency's average salary per position of \$45,865.34 with benefits. This Office presently has 21.75 vacancies made necessary, in part, by prior fund shifts and cuts, and Grant terminations. Other Personnel Services would be reduced by cutting the number of students hired for special projects. With already high average caseloads, a reduction in our office's number of filled positions would be detrimental to our ability to effectively carry out our mission.

Approximately 95% of the budget of this office is appropriated to salaries and benefits. A 5% reduction in funding would amount to approximately \$434,670. The vast majority, if not all, of such a reduction would be taken in salaries and benefits. A reduction of that magnitude would dictate a reduction in force. It is not possible in the hypothetical to determine where such reductions would take place, e.g. Assistant State Attorneys, investigators, or victim/witness personnel. However, the dollar amount equates to between 5 and 7 full time employees.

Priority # 1

Because 92% of the State Attorney's Office, Third Judicial Circuit budget is in Salaries and Benefits, to achieve the \$252,649 target reduction, this agency would be required to create 3.5 additional vacant positions through attrition and lay-offs. This is calculated based on a \$50,000 salary for an Assistant State Attorney with individual health insurance and retirement benefits.

This office is presently carrying 5 vacant FTE's to compensate for cuts we have already taken. Another 3.5 positions would bring the total vacancies to 8.5. This would represent a 12% reduction in workforce. The caseload in the Third Judicial Circuit remains relatively the same. If this office were indeed be required to take these cuts, the remaining workforce would see a comparable increase in workload. This would result in a significant degradation in the quality of prosecutions which in turn would negatively impact public safety.

Circuit. To achieve a \$1,206,453.60 target reduction in salaries and benefits, our circuit would be required to create an additional 16.87 vacant positions through attrition and layoffs. The number of additional vacant positions is calculated by an average salary of \$49,220 with an average total employer cost of \$71,527.88 per year. The State Attorney's Office, Fourth Judicial Circuit has 40.5 vacant positions to compensate for the cuts that our circuit has already taken. A further reduction of current staff would bring the total vacancies to 57.37 (40.5 + 16.87 = 57.37). This would reduce the number of total approved positions from 371 to 313.63. The State Attorney's Office, Fourth Judicial Circuit's case load remains the same. This reduction in workforce would translate into an unmanageable workload for the remaining staff, and would result in a significant degradation in the quality of prosecution and negatively impact public safety in Duval, Clay, and Nassau Counties.

The State Attorney's Office, Fourth Judicial Circuit relies on additional assistance from our Other Personal Services (OPS) employees. OPS would be reduced by cutting the number of students that are hired to assist with projects. Hiring these students to help with projects allows our full-time staff to focus on other duties. Reducing our OPS appropriation by \$18,646.70 would greatly impact our office.

The operating expenses that the State Attorney's Office, Fourth Judicial Circuit incurs are essential to our day to day operations. The primary expenses from operations are required office supplies, legal research tools, and training for attorneys.

The State Attorney's Office, Fourth Judicial Circuit receives \$11,404 in budget authority for salary incentive payments for our investigators. The approximate cost for FY-16 is \$23,207.52; therefore, our circuit already has a deficit of \$11,803.52.

This issue impacts the following activities of this agency: Felony Prosecution, Misdemeanor Prosecution, Juvenile Prosecution, Investigations, Witness Coordination, and Civil Prosecution.

The State Attorney budget is comprised almost entirely of personnel and therefore we have no other areas to capable of generating the amount of reductions requested other than in eliminating staff. We would be forced to reduce our workforce by 14 positions. This is based on the average salary of \$45,194 at a cost of \$60,108. The State Attorney represents the State in all Circuit and County courts within our jurisdiction and prosecutes and defends on behalf of the State all suits, applications or motions, civil or criminal in which the State is a party as provided by law. A reduction of this magnitude will result in a degradation of services and inability to staff others. This will create a public safety issue for the citizens of our community and result in loss of income to the State through the lost payments of fees and costs by criminal defendants pursuant to Florida Statutes.

Priority # 1

In order to comply with a target budget reduction for FY 2016-17 of \$1,336,551 the State Attorney's Office would need to terminate 22.50 Assistant State Attorneys for a total salary rate reduction of 928,001 and a Salaries and Benefits reduction of \$1,336,551.

Reducing our staff by twenty-two and one-half (22.50) Assistant State Attorneys would severely impact this agency's ability to prosecute crimes against the state and would negatively impact our victims of crime.

The bulk of our appropriation is in the Salaries and Benefits appropriation category so the only way to reach our 5% target budget reduction is to terminate Assistant State Attorneys.

Our total reduction would be split between our General Revenue and our State Attorney Revenue Trust Fund (Cost of Prosecution) as follows:

General Revenue (1,168,298)
 SA Revenue TF (168,253)

GR = \$12,358,189 TRUST = \$4,349,492 TOTAL = \$16,707,681 5% reduction target = \$835,384

Because 96% of our total budget is Salaries and Benefits, to achieve a \$835,384 target reduction this Office would be required to create 14 additional vacant prosecutorial positions through attrition and lay-offs. (This is calculated on an average salary of \$45,213 at a cost of \$61,466)

This Office is presently carrying 198.6 filled FTEs to carry out the duties and responsibilities of the office. A cut of 14 positions creates a 7% reduction in the work force. The caseload remains the same. A 7% reduction in our work force translates into a 7% increase in workload for the remaining staff. This would result in a significant degradation in the quality of prosecutions which in turn would NEGATIVELY IMPACT PUBLIC SAFETY.

SA Operations - The primary expenses paid from SA Operations are Office Supplies and Training for Attorneys. Due to prior budget cuts the State Attorney's Office 10th Circuit has had cut backs in these areas. We will be unable to function on a daily basis with further cuts to office supplies. Additional cuts to attorney training leaves this circuit with more criminal cases being lost and more criminals on the street. Attorneys are also required by the Florida Bar to have on-going training. OPS cuts affect our student employees that are necessary to efficiently run an office that has had previous cut backs and layoffs of full time employees.

IT COMPONENT? NO

General Revenue: \$2,436,038
 Trust Funds: \$829,377

The State Attorney's Office for the Eleventh Circuit has experienced 17% in budget cuts over a five year period. Sixty-three (63) positions and \$8.9 Million, were cut from our budget between October 1, 2007 and July 1, 2012. Since 97% of our budget is for salaries and benefits, these cuts overwhelmingly affected staffing. The cuts have resulted in many unfilled positions remaining vacant, which in turn has increased the caseload per Assistant State Attorney and significantly increased the workload of our support staff. Positions in Excess were authorized in 2008-2009 in part to offset some of the cuts in General Revenue, however, funding for those positions depends on revenue accumulated over time in trust funds. There is no assurance the excess positions can be sustained into the future, further affecting already depleted staffing. An additional 5% reduction will result in substantial employee layoffs and adversely affect our ability to perform the mandated Constitutional responsibilities of this office.

Funding for the SA 11's Child Support Enforcement Trust Fund is received through a cost reimbursable contract with the Department of Revenue to provide child support enforcement services in Miami-Dade County. Child Support Enforcement is a Title VD program where the Federal government provides 66% matching funds to the State's 34%. A reduction of state funding as reflected above will result in a two-thirds greater loss to the program and significantly impact the state's ability to provide quality child support services to our community. Staff reductions will result in a decline in the number of child support orders issued and enforced, and could ultimately result in greater costs to the state to provide public assistance in cases where there is insufficient staff to enforce compliance with child support obligations.

This issue impacts the following activities of this agency: Felony Prosecution, Misdemeanor Prosecution, Juvenile Prosecution, Investigations, Witness Coordination , Child Support Enforcement and Civil Prosecution.

95.5% of this office's FY 2015-16 Budget is dedicated to Salaries and Benefits. Accordingly, achieving a 5% reduction would necessitate that the ENTIRE reduction be made in salaries and benefits. This is because there are no excess funds available in any other areas in which we currently receive funding/authority. Therefore, there is no choice but to indicate this reduction scenario as Priority #1, as there is no other priority available.

In order to achieve a \$1,294,040 (5%) target reduction, this office would be required to create approximately 19.17 additional vacant positions through attrition and layoffs. This is calculated on an average salary of \$51,406.58 and a total cost of \$67,491.69. As of July 1, 2015, this office is carrying 56.1 vacant FTEs to compensate for cuts taken in previous years. An additional 19.17 FTEs would bring total vacancies to 75.27 (75 rounded). This would represent a more than 25.45% additional reduction in work force. Caseload in this office remains consistent with previous years, with only a minimal decrease. A 25.45% additional reduction in work force would translate into a 25.45% increase in workload for the remaining staff. This would result in a more significant degradation in the quality of prosecutions, which in turn would negatively impact public safety.

Salaries and Benefits make up approximately 95% of the total budget for the State Attorney Office in the Fifteenth (15th) Judicial Circuit. To achieve a 5% reduction in both the General Revenue and State Attorney Revenue Trust Fund (SARTF) we would lose \$1,179,708.00. This figure represents a loss of 18 additional attorneys through lay-offs. This is calculated on an average salary of \$44,112 at a cost of \$64,515. The reduction in attorneys would result in unmanageable caseloads, no victim contact and a true threat to public safety in this jurisdiction.

Alternatively, a 5% reduction in employee salaries would have to be initiated to address this reduction. For the average 3 year attorney that would result in the loss of an additional \$2,300 or roughly \$200 per month. This decrease would most likely result in a reduction in attorneys and staff that will result in unmanageable caseloads.

Priority # 1

Approximately 95% of the budget authority in the State Attorney, Sixteenth (16th) Judicial Circuit is appropriated in the Salaries and Benefits category. A 5% reduction in funding would amount to approximately \$226,389. The vast majority, if not all, of such a reduction would be taken in Salaries and Benefits. A reduction of that magnitude would dictate a reduction in force. It is not possible in the hypothetical to determine where such reductions would take place, e.g. Assistant State Attorneys, investigators, or victim/witness personnel. However, the dollar amount equates to between 5 and 7 full time employees.

Priority #1

Since FY 2007-08 the General Revenue budget of the Office of the State Attorney 17th Judicial Circuit has been reduced by \$1,644,222. Since 96% of this office's budget is the salaries and benefits of our employees, another 5% reduction would amount to \$1,585,915 in GR and \$273,956 SARTF. Using an average salary of \$66,590, this agency would have to eliminate 28 additional Assistant State Attorney positions. Losing an additional 28 positions may reduce the State of Florida's representation in both circuit and county criminal courtrooms and will substantially increase caseloads. These reductions would further cripple this agency from performing the essential functions of it's Constitutional and Statutory mandate to pursue justice for the State of Florida and protect the public safety of it's citizens.

5% REDUCTION: General Revenue - \$908,786 Trust Fund - \$147,068

The Office of the State Attorney, 18th Judicial Circuit has only one (1) Program: Prosecution. An additional 5% reduction would cripple this office. Salaries and Benefits comprise 95% of the office budget. An additional 5% reduction would require an additional 12 vacancies based on a salary plus benefits of \$71,498, the entry level salary of an Assistant State Attorney.

The additional loss in personnel would increase the workload on Assistant State Attorney and staff, who are already dealing with heavy workloads. A reduction of this magnitude would severely limit the ability to prosecute on behalf of the state all cases presented in this circuit and would have an extreme and negative impact on the quality of many prosecutions which in turn would impact the office's ability to provide justice for the citizens of Brevard and Seminole Counties and provide public safety in the State of Florida

Impact of Reduction: Due to the fact that 94% of our total budget is in the Salaries and Benefits category, to achieve this target reduction, this agency will be required to create six (6) new, vacant positions through attrition and layoffs (calculated using an average salary rate of \$49,422 at a cost of \$81,031). The State Attorney, 19th Circuit presently carries an average of twenty-eight (28) vacant positions to compensate for the 15.12% reduction this agency has experienced over the past six years. To create another six (6) vacant positions will bring us to a total of thirty-four (34) vacant positions in this agency. This represents more than a 20% reduction in our total work force. This action will severely limit our ability to successfully prosecute cases and perform essential, constitutional functions in the Nineteenth Judicial Circuit. This action will also negatively impact public safety because of the State's impaired representation in both criminal and civil courts in this circuit.

GR = \$18,248,153 TF = \$3,038,679 Total = \$21,286,832 5% reduction target = \$1,064,342

Because 95% of our total budget is in Salaries and Benefits, to achieve a \$1,064,342 target reduction we would be required to create 16 additional vacant positions through attrition and lay-offs. This is calculated on an average salary and benefits of \$69,300.

We are presently carrying 26 vacant FTEs to compensate for cuts we have already taken. Another 16 would bring our total vacancies up to 42. This would represent more than a 8.31% reduction in our work force.

With our caseload remaining constant, a 8.31% reduction in our work force would translate into a significant increase in workload for the remaining staff. This would result in a more significant degradation in the quality of prosecutions which in turn would negatively impact public safety.

A reduction in the funding for Grants and Donations (GDTF) will impair our agency's ability to adhere to the contractual obligations of the grants within Grants and Donations. This could have legal implications as we will be in violation of our contractual obligations.

Public Defenders perform a single service for the state: providing legal representation for indigent criminal defendants as mandated by the United States and Florida Constitutions. Public Defenders do not receive any funding for ancillary programs. Previous reductions in general revenue funding that were replaced by trust fund authority without the capacity to generate the required funds have weakened the ability to perform this constitutional duty. Considering the constitutional and statutory mandates, it is not possible to identify any areas that can sustain cuts without jeopardizing our ability to deliver the necessary legal services to our clients. At a minimum, implementing any budget cuts would increase the caseloads of assistant public defenders, which are already at levels of great concern (even with the reduction in the crime rate in recent years). Since we are a critical entity in the operation of the state's judicial branch of government, such a reduction would further impair the delivery of services for the entire criminal justice system. Budget cuts would cause delays and disruptions in service, and would further strain our overburdened workforce. Constitutional litigation from affected defendants could also occur. For these reasons, this office requests an exemption from budget reductions.

Public Defenders perform a single service for the state: providing legal representation for indigent criminal defendants as mandated by the United States and Florida Constitutions. Public Defenders do not receive any funding for ancillary programs. Previous reductions in general revenue funding that were replaced by trust fund authority without the capacity to generate the required funds have weakened the ability to perform this constitutional duty. Considering the constitutional and statutory mandates, it is not possible to identify any areas that can sustain cuts without jeopardizing our ability to deliver the necessary legal services to our clients. At a minimum, implementing any budget cuts would increase the caseloads of assistant public defenders, which are already at levels of great concern (even with the reduction in the crime rate in recent years). Since we are a critical entity in the operation of the state's judicial branch of government, such a reduction would further impair the delivery of services for the entire criminal justice system. Budget cuts would cause delays and disruptions in service, and would further strain our overburdened workforce. Constitutional litigation from affected defendants could also occur. For these reasons, this office requests an exemption from budget reductions.

increase the likelihood that this office will be unable to accept new cases at current levels. Contractual obligations are in place with agencies on these funds. Contractual obligations are in place with these agencies regarding these funds, which are integrally involved in the ability to fully staff First Appearance Court and county court video arraignments, as required by local rules and the Florida Rules of Criminal Procedure. A reduction in this area will also significantly affect our office's ability to meet the Supreme Court mandate and Governor's priorities to implement electronic service and electronic filing, and continue to progress in the area of e-business and virtualization.

Priority #4 General Revenue - This is our lowest priority [meaning not to have any reductions in General Revenue]. Any significant reduction in funding or positions will dramatically increase the likelihood that this office will be unable to accept new cases at current levels. Projected year-end payroll is \$13,091,016. General Revenue Salaries appropriations for FY2015-16 of \$12,735,264 less the 5% (\$671,695 would be \$12,063,569. Most importantly, for FY2015-16 this would cause an actual shortage of \$1,027,447 in ability to pay salaries. The entire office staff would be required to take unpaid furlough for 21 working days (payroll costs \$50,350/day) to meet this reduction in General Revenue Salaries.

Public Defenders perform a single service for the state: providing legal representation for indigent criminal defendants as mandated by the United States and Florida Constitutions. Public Defenders do not receive any funding for ancillary programs. Previous reductions in general revenue funding that were replaced by trust fund authority without the capacity to generate the required funds have weakened the ability to perform this constitutional duty. Considering the constitutional and statutory mandates, it is not possible to identify any areas that can sustain cuts without jeopardizing our ability to deliver the necessary legal services to our clients. At a minimum, implementing any budget cuts would increase the caseloads of assistant public defenders, which are already at levels of great concern (even with the reduction in the crime rate in recent years). Since we are a critical entity in the operation of the state's judicial branch of government, such a reduction would further impair the delivery of services for the entire criminal justice system. Budget cuts would cause delays and disruptions in service, and would further strain our overburdened workforce. Constitutional litigation from affected defendants could also occur. For these reasons, this office requests an exemption from budget reductions.

AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 16-17 NARRATIVE:

IT COMPONENT? NO

Beginning in fiscal year 2007-2008 the Office of the Public Defender, 18th J.C. was subjected to multiple budget reductions: the S/B 2-C Reduction, the 4% holdback, the Special Session Budget Reduction in January of fiscal year 2008/2009, a later reduction in fiscal year 2009/2010 and the last reduction in fiscal year 2010/2011 resulting in a difference of -\$2,614,324 in General Appropriation from the original appropriated amount of \$8,549,170 (FY 2006/2007) and the FY 2012/2013 General Appropriation amount of \$ 5,934,846. Consequently this agency suffered 7 laid off employees in September 2009 and due to previous legislative action, 7 positions were abolished. This agency is funded at \$216.69 per case while the highest per case funding in all 20 circuits is \$ 415.10 When averaging all the funds per case at \$221.89, it is unreasonable to make this agency reduce its budget an additional 5% equally with the higher funded circuits. This additional 5% reduction along with the previous 26.45% reduction from FY 2007-2008 to FY 2011-2012 would total more than 1/3 of our FY 2006/2007 original budget appropriation. As of FY 2012-2013, the Office of the Public Defender, 18th J.C. was at the original FY 2003-2004 level of funding. Therefore, this agency already has suffered significant reductions to date and should be held harmless from any further reductions.

 SCH VIIIIB-2 NARR 16-17 NARRATIVE: IT COMPONENT? NO

Public Defenders perform a single service for the state: providing legal representation for indigent criminal defendants as mandated by the United States and Florida Constitutions. Public Defenders do not receive any funding for ancillary programs. Previous reductions in general revenue funding that were replaced by trust fund authority without the capacity to generate the required funds have weakened the ability to perform this constitutional duty. Considering the constitutional and statutory mandates, it is not possible to identify any areas that can sustain cuts without jeopardizing our ability to deliver the necessary legal services to our clients. At a minimum, implementing any budget cuts would increase the caseloads of assistant public defenders, which are already at levels of great concern (even with the reduction in the crime rate in recent years). Although there has been a reduction in the crime rate, the number of appointed and re-appointed cases has steadily increased for our office. Since we are a critical entity in the operation of the state's judicial branch of government, such a reduction would further impair the delivery of services for the entire criminal justice system. Budget cuts would cause delays and disruptions in service, and would further strain our overburdened workforce. Constitutional litigation from affected defendants could also occur. For these reasons, this office requests an exemption from budget reductions.

In order to hire and maintain experienced attorneys in the specialized field of postconviction law, it is imperative to sustain our current level of salaries and benefits funding. Since the 2007-2008 fiscal year, the Capital Collateral Regional Counsel, Middle Region (CCRC-M) has weathered a 39% reduction in our Operating Expenditures category and a 36% reduction in our Case Related Costs category. In order to investigate, research and file postconviction pleadings in a timely manner, CCRC-M has increased its' legal staff by two attorneys. If CCRC-M is required to reduce its' budget by 5%, the majority of that reduction will be taken from the Salaries and Benefits category, resulting in the loss of experienced legal staff since CCRC-M cannot reduce the Case Related Costs and Operating Expenditures categories much further. The loss of experienced personnel could affect the timely processing of cases, leading to missed deadlines and the failure to meet legislatively mandated performance measures.

Priority #1 - The fund least harmful in which Regional Counsel, District 2 could take a 5% decrease is the Indigent Civil Defense Trust Fund. The Indigent Civil Defense Trust Fund is the fund which clients reimburse Regional Counsel 2 for application fees/court costs used to benefit any shortfall in our due process funding. Due process as outlined below, would have it's own problem with a 5% reduction.

Priority #3 - RC2 does not have the salary, benefit or rate to fund FTE attorney positions used to cover heavy caseloads. Therefore, RC2 uses monthly contracted vendors both attorneys and investigators with regular caseloads. RC2 would have to reduce 57% of our contracted vendors (1 investigator and 11 attorneys) that work consistent caseloads. This would be the most harmful fund in which Regional Counsel, District 2, could take a 5% decrease. Cases would be left unattended and could possibly result in ineffective assistance of counsel claims.

represent. A 5% reduction would likely result in an increase in support staff turnover, negatively impacting the time sensitive nature of the work provided by those individuals as legal assistants to the Assistant Regional Counsel's. Additionally, reducing the agency budget will put an insurmountable strain on the contracted services and operations appropriations thus further limiting the practical as well as due process resources which are fundamentally necessary to provide adequate and effective assistance of counsel to the indigent clients we serve.

Any reduction in the Contracted Services appropriation will severely limit the capacity of the Office of Criminal Conflict and Civil Regional Counsel, 4th District to perform its legislative duty to protect the constitutional rights of indigent clients. A reduction of this magnitude will limit the representation and due process of indigent individuals entitled to court appointed counsel, in criminal proceedings where the Public Defender is unable to provide representation due to a conflict of interest, and in civil cases where a person is entitled to court appointed counsel.

Priority # 1

A 5% reduction in the Office of Criminal Conflict and Civil Regional Counsel 's (RC5) appropriation would result in the closure of RC5's Osceola County and Lake County Offices. Seven full time employee attorneys and two staff employees would lose their employment. The closures of these two offices would result in approximately 355 cases in Lake County and 812 cases in Osceola County having to be reassigned to court appointed attorneys to be billed pursuant to the rates established in the Florida Statutes. That these 1,167 cases include both criminal, dependency, probate, and other civil matters. This required shifting of expenses to private court appointed attorneys would create a significant increase in the amount the Justice Administration Commission would have to pay for attorney fees and not calculating any accompanying due process costs.
