AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 17-18 NARRATIVE: IT COMPONENT? NO
 Priority #03

Reduce \$52,071,608 of General Revenue in the Home and Community-Based Services Waiver category (101555). This will reduce the State's ability to draw down \$82,272,066 of federal Medicaid matching funds in the Operations and Maintenance Trust Fund, for a total reduction of \$134,343,674. This reduction will result in lower iBudget amounts for all Waiver participants. Provider service rates and service availability could be reduced for many services including employment and training, residential supports, support coordination, therapies, respite, companion, in-home supports, supportive living, durable and consumable medical equipment, behavioral supports and waiver funded medical services. Service rate reductions could result in providers choosing to no longer offer the services. This would lead to some individuals not being able to receive needed services and possibly resorting to institutional care.

The agency assigned this issue as Priority #3 because of the likely severe impact on the lives of thousands of current clients.

The Home and Community-Based Waiver represents over 82 percent of the Agency's recurring General Revenue appropriation.
