AGENCY ISSUE NARRATIVE:

SCHED VIIIIC REPRIORTIZN NARRATIVE: IT COMPONENT? NO  
 Priority #1

The Respite for Elders Living in Everyday Families (RELIEF) program offers respite services to caregivers of frail elders and those with Alzheimer's disease and related dementia. The intent is to provide respite to family caregivers in order to increase their ability to continue caring for a homebound elder, thus avoiding the need to institutionalize the elder.

A multi-generational corps of volunteers are individually matched with clients to ensure that their personalities, skills, interests, and abilities are a good fit with the elders and caregivers they will be serving. The program is managed through the Area Agencies on Aging (AAA) who contract with sub-providers that recruit, train, and match the volunteers with clients. The Department provides contract management and technical assistance.

The RELIEF program is currently administered in 7 of the 11 Planning and Service Areas (PSA) across the state. The program is funded using General Revenue and in Fiscal Year 15-16 operated on \$993,672 in the Grants and Aids Contracted Services category (100778).

The Department has identified \$40,000 of available funds in the Alzheimer's Disease Initiative category (100041) that could be reprioritized to the RELIEF program in the Grants and Aid Contracted Services Category (100778) to aid in providing increased services and reaching more seniors in some of Florida's rural areas.

The Senior Farmers' Market Nutrition Program provides coupons to low-income elders to purchase fresh fruits and vegetables, promoting good health and good nutrition. The program also supports local farmers by increasing their sales through coupon redemption. Coupons are redeemed for approved locally grown fresh fruit and vegetables at farmers' markets by eligible elders in Alachua, Bay, Gadsden, Hernando, Jackson, Leon, Liberty, Sumter, Suwannee, Union, and Washington counties. The program operates between April 1st and July 31st each year. Any remaining funds may be reallocated for use during the fall season with a coupon expiration date of November 15th.

AmeriCorps is a network of national service programs that engages a multi-generational corps of members who receive a living allowance and commit to one year of service in exchange for an education award. AmeriCorps programs recruit members and community volunteers for intensive service to meet critical needs in education, public safety, health, and the environment. Department program services include respite care, education, and community outreach to elders, caregivers, and families.

The Department operates a Legacy Corps (Easter Seals of South Florida Respite Program) project in Miami-Dade County, one of 11 projects administered around the nation by the University of Maryland Center on Aging. The Department partners with AmeriCorps members and community volunteers to provide respite care services to multicultural caregivers of frail elders at risk of nursing home placement. The Department provides oversight, contract management, and technical assistance to local service providers to ensure that all AmeriCorps service provisions, contractual obligations, and programmatic and financial reporting requirements are met. Funds for this program provide small stipends for volunteers, as well as, supplies, recognition awards, etc.

The Department receives funding for the Legacy Corps project from the University of Maryland School of Public Health through an AmeriCorps grant from the Corporation for National and Community Service. The award is matched through state funds, local-match, and in-kind donations.

The Department has identified \$20,000 of available funds in the Alzheimer's Disease Initiative category (100041) that could be reprioritized to the AmeriCorps program in the Grants and Aids Community Care For The Elderly category (100547) to aid in potentially expanding the program by opening another site in Florida.

The add-back issue code for this issue is 3D00120.
