AGENCY ISSUE NARRATIVE:

SCHED VIIIC REPRIORTIZN NARRATIVE:
 PRIORITY #1

IT COMPONENT? NO

This issue proposes to delete one deputy chief judge from the Division and utilize the funds to enhance the compensation of the remaining administrative law judges. Currently, the administrative law judges earn approximately \$16,000 less per year than county court judges, the first level of the Article V judiciary. Unlike county court judges, however, administrative law judges are required to issue detailed orders containing findings of fact and conclusions of law in most of their contested hearings. There are no jury trials in administrative law cases.

While the number of incoming cases has remained relatively constant for many years, the Division has improved its efficiency in handling its workload. Through the use of video conferencing, the time an administrative law judge spends travelling has been reduced. In addition, the chief judge has assumed a greater case load. For these reasons the Division could handle its cases without the deputy chief judge position.

If the Legislature deemed such a reduction would be in the best interest of the state, approximately \$161,488 in annual savings would be realized by deleting an administrative law judge position which will become vacant November 1, 2016. These funds would be redirected within the Division in order to attract and retain quality and experienced judges. With the resulting annual increase of about four percent, the administrative law judges would still earn about eight percent

AGENCY ISSUE NARRATIVE:

SCHED VIIIC REPRIORTIZN NARRATIVE:
 PRIORITY #3

IT COMPONENT? NO

The number of petitions filed with the Office of the Judges of Compensation Claims (OJCC) has decreased by 60% since 2003. At the time when incoming petitions were more than 150,000 annually, the OJCC struggled to handle the workload in a timely manner. Since then, our efficiency in moving cases to mediation and final resolution has improved and we are able to meet our statutory requirements. This reduction in caseload also means it may not be the best use of state funds to maintain seventeen separate district offices.

This issue proposes to amend s. 440.44(5) to remove the requirement that the district offices and staffing remain as they existed on June 30, 2001, and close the district office located in Port St. Lucie. If the Division and the Legislature deem such reduction in the best interests of the State, approximately \$546,841 in annual savings will be realized due to

decrease office space, security guards and staff. The closing of this office will result in the parties and their counsels who reside in that area traveling to the nearest office (Sebastian or West Palm Beach) to have their cases heard. Additional savings could be realized if more district offices were combined but, in the interest of ensuring claimants seeking compensation have their cases heard in a location in reasonably close proximity to where the work-related accident occurred, closing other offices is not suggested at this time.

These funds would be better utilized within the Division to enhance compensation of our personnel in order to attract and retain quality and experienced staff. Currently the judges are paid about 10% less than county court judges, while performing duties that are more akin to those of circuit and appellate court judges. Our deputy clerk positions are paid about 20% less than similar positions in the State Court System. This issue, when combined with issue 3D09300, nets to zero. The State of Florida has the authority to implement this reprioritization issue and the issue is an allowable use of the Division's Operating Trust Fund. Section 440.44(5) will need to be amended to read: The department, the agency, and the Deputy Chief Judge shall maintain and keep open during reasonable business hours an office, which shall be provided in the Capitol or some other suitable building in the City of Tallahassee, for the transaction of business under this chapter, at which office the official records and papers shall be kept. The office shall be furnished and equipped. The department, the agency, any judge of compensation claims, or the Deputy Chief Judge may hold sessions and conduct hearings at any place within the state. The Division requests:

Salaries and Benefits (5 FTE):
 (\$170,505) Judge of Compensation Claims
 (108,215) Mediator
 (54,987) Commission deputy clerk II
 (42,954) Deputy clerk
 (28,103) Administrative secretary

AGENCY ISSUE NARRATIVE:

SCHED VIIIC REPRIORTIZN NARRATIVE:
 PRIORITY #2

IT COMPONENT? NO

The number of petitions filed with the Office of the Judges of Compensation Claims (OJCC) has decreased by 60% since 2003. At the time when incoming petitions were more than 150,000 annually, the OJCC struggled to handle the workload in a timely manner. Since then, our efficiency in moving cases to mediation and final resolution has improved and we are able to meet our statutory requirements. This reduction in caseload also means it may not be the best use of state funds to maintain current staffing levels.

This issue proposes to amend s. 440.44(5) to remove the requirement that the district offices and staffing remain as they existed on June 30, 2001, and reduce the number of judges of compensation claims and staff. If the Division and the Legislature deem such a reduction to be in the best interests of the State, approximately \$443,030 in annual savings would be realized by deleting one judge of compensation claims, one mediator, one commission deputy clerk II, one deputy clerk, and one administrative secretary from the Ft. Myers office.

These funds would be better utilized within the Division to enhance compensation of our personnel in order to attract and retain quality and experienced staff. Currently the judges are paid about 10% less than county court judges, while performing duties that are more akin to those of circuit and appellate court judges. Our deputy clerk positions are paid about 20% less than similar positions in the State Court System. This issue, when combined with issue 3D09500, nets to zero. The State of Florida has the authority to implement this reprioritization issue and the issue is an allowable use of the Division's Operating Trust Fund.

Section 440.44(5) will need to be amended to read: The department, the agency, and the Deputy Chief Judge shall maintain and keep open during reasonable business hours an office, which shall be provided in the Capitol or some other suitable building in the City of Tallahassee, for the transaction of business under this chapter, at which office the official records and papers shall be kept. The office shall be furnished and equipped. The department, the agency, any judge of compensation claims, or the Deputy Chief Judge may hold sessions and conduct hearings at any place within the state. The Division requests:

Salaries and Benefits:
 \$443,030 Enhanced compensation
