FROM PRINCIPAL STATE SCHOOL TRUST FUND		67,985,190

Funds in Specific Appropriation 76 from the Federal Grants Trust Fund are State Fiscal Stabilization Funds (Education) and shall be allocated in the Florida Education Finance Program based on each district's proportionate share of total base funding.

From the funds in Specific Appropriation 76 expended by a school district for personnel, school districts must reduce non-school assigned, non-classroom personnel by 20 percent or have reduced the salaries of all non-school assigned, non-classroom personnel by 20 percent prior to the nonrenewal or dismissal of instructional personnel. However, a school district may terminate instructional personnel for cause or reduce instructional staff due to enrollment declines. Prior to the elimination of art programs, music programs, sports programs, or other extracurricular programs, the district must have eliminated payments or expenditures for all employee travel, cell phones, and blackberries.

Funds provided in Specific Appropriation 76 shall be allocated using a base student allocation of \$3,574.66 for the FEFP.

Funds provided in Specific Appropriation 76 for the supplemental allocation for juvenile justice education programs shall be allocated pursuant to the formula provided in section 1011.62(10), Florida Statutes. The allocation factor shall be \$896.84.

From the funds provided in Specific Appropriation 76, juvenile justice education programs shall receive the basic allocation assigned to a juvenile justice student, including ESE special education funding when appropriate. If a school district provides incentive funding for teachers to work in a failing school, then an equal incentive bonus must be provided to teachers teaching in juvenile justice facilities.

The district cost differential (DCD) for each district shall be calculated pursuant to the provisions of section 1011.62(2), Florida Statutes.

From the funds provided in Specific Appropriation 76, \$35,269,875 is provided for the Sparsity Supplement as defined in section 1011.62(7), Florida Statutes, for school districts of 20,000 and fewer FTE in 2009-2010.

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

per unweighted FTE that is less than the state average amount per unweighted FTE, the school district shall receive from the funds provided in Specific Appropriation 76, a discretionary millage compression supplement that, when added to the funds generated by the district's 0.748 mill levy, shall be equal to the state average as provided in section 1011.62(5), Florida Statutes.

2. 0.25 mills

An additional levy is authorized not to exceed 0.25 mills, that will raise an amount not to exceed \$100 per FTE. District school boards that levy the entire additional 0.25 mills and raise less than \$100 per K-12 FTE shall receive, from the funds provided in Specific Appropriation 76, an amount that, when combined with funds raised by the 0.25 mills, will provide \$100 per K-12 FTE. To be eligible for state funds provided in this paragraph, a district must levy the full 0.25 mills and not less than 0.498 mills.

From the funds provided in Specific Appropriations 11, 12A, 138, and 139A, each university may shift enrollment by level in a manner which is revenue neutral; however, no university, with the exception of New College of Florida, shall increase the number of lower level FTEs. For planning and enrollment shifting purposes, the University of South Florida may combine lower, upper, and graduate FTE identified in Specific Appropriations 138 and 139A.

The Chancellor of the State University System shall submit a revised 3-year state university enrollment plan by lower, upper, graduate I and graduate II levels, by university, to the Board of Governors by September 1, 2009. This revised 3-year enrollment plan must be developed with input from each state university.

The enrollment policy adopted by the Legislature does not limit the number of students admitted from out-of-state under the profile admissions policy; however, no state university may receive general revenue funding associated with the enrollment of out-of-state students admitted under this policy. For the purposes of implementing this policy, the Chancellor shall segregate these FTEs and not count them toward the 2009-2010 enrollment plan for the State University System.

Funds provided in Specific Appropriation 138 for the University of Florida include no more than that amount which the State Board of Education and the City of Gainesville agree represents the cost of service for water provided by the city to the University of Florida. The amount charged shall reflect a cost-based rate only and shall be determined through a cost of service study completed annually by the city and reviewed by the university. The costs of any General Fund transfer to the City of Gainesville from Gainesville Regional Utilities or any profit to the city or utility shall be specifically excluded as costs allocable to the university. The cost-based rate shall include charges for only those water services actually provided by the city to the university and shall not include charges for services furnished by the university.

Each university board of trustees is given flexibility to make necessary adjustments to its operating budget. If any board reduces individual

programs or projects within the university by more than 10 percent during the 2009-2010 fiscal year, written notification shall be made to the Executive Office of the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Board of Governors.

From the funds in Specific Appropriation 190, \$1,177,298 from the General Revenue Fund, \$4,089,698 from the Grants and Donations Trust Fund and \$11,009,260 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to Federally Qualified Health Centers. These payments may be used, in collaboration with the Department of Health, to provide funding for Federally Qualified Health Centers supporting primary care services in medically underserved areas.

From the funds in Specific Appropriation 190, \$970,800 from the Grants and Donations Trust Fund and \$2,029,200 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to Federally Qualified Health Centers. These payments may be used, in collaboration with the Department of Health, to provide funding for Federally Qualified Health Centers for the establishment of medical homes for the uninsured.

From the funds in Specific Appropriation 190, \$2,119,884 from the Grants and Donations Trust Fund and \$4,431,055 from the Medical Care Trust Fund are provided for county health initiatives emphasizing the expansion of primary care services, and rural health networks. The Department of Health will develop the funding criteria processes, which include assessing statewide benefits, sustainability, access to primary care improvements, ER diversion potential, and health care innovations that are replicable and with a three-year limit on LIP funding. The total low-income pool payments provided in this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 190, \$970,800 from the Grants and Donations Trust Fund and \$2,029,200 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals with hospital based primary care initiatives.

From the funds in Specific Appropriation 190, \$80,900 from the Grants and Donations Trust Fund and \$169,100 from the Medical Care Trust Fund are provided to make health insurance premium payments for low-income residents enrolled in the Miami-Dade Premium Assistance Program. These funds are contingent on a local government contribution of \$80,900.

From the funds in Specific Appropriation 190, \$5,134,565 from the Grants and Donations Trust Fund and \$10,732,449 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments for premium assistance programs operated by the Palm Beach County Health Care District. These funds are contingent on a local government contribution from the Palm Beach Health Care District in the amount of \$13,367,014.

From the funds in Specific Appropriation 190, \$1,026,720 from the General Revenue Fund and \$2,146,086 from the Medical Care Trust Fund are provided to make Medicaid low-income pool payments to hospitals. These payments shall be used, in collaboration with the Department of Health to provide funding for hospitals providing poison control programs.

The agency may make low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis, subject to the availability of state, local and federal funds.

The agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

In the event that the amount of approved non-federal share of matching funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient non-federal

SECTION 3 - HUMAN SERVICES

matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local non-federal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

Funds provided in Specific Appropriation 190 are contingent upon the non-federal share being provided through grants and donations from state, county or other governmental funds. In the event the non-federal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval.

Distribution of such funds provided in Specific Appropriation 190 are contingent upon approval from the Centers for Medicare and Medicaid.

For any public hospital that does not qualify for the elimination of the outpatient ceilings under this provision of proviso or any other proviso listed, the public hospital shall be exempt from the outpatient reimbursement ceilings contingent on the public hospital or local governmental entity providing the required state match. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

From the funds in Specific Appropriation 193, \$132,125 from the Grants and Donation Trust Fund and \$276,173 from the Medical Care Trust Fund are provided to eliminate the outpatient reimbursement ceilings for hospitals that have a minimum of ten licensed Level II Neonatal Intensive Care Beds and are located in Trauma Services Area 2.

This provision shall apply to all hospitals that are designated or provisional trauma centers on July 1, 2009 or become a designated or provisional trauma center during Fiscal Year 2009-2010. Included in these funds are the annualized amounts to offset the reductions taken against certified trauma centers as identified in section 13, chapter 2007-326, Laws of Florida. The agency shall use the average of the 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

Funds provided for the elimination of hospital outpatient ceilings in Specific Appropriation 193 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. The agency shall submit a revised hospital outpatient reimbursement plan to the Legislative Budget Commission for approval if the state share is not available to fund the removal of hospital outpatient ceilings or if the Centers for Medicare and Medicaid Services does not approve amendments to the Medicaid Hospital Outpatient Reimbursement Plan to eliminate the reimbursement ceilings for certain hospitals.

From the funds in Specific Appropriation 193, \$6,388,120 from the Grants and Donations Trust Fund and \$13,352,670 from the Medical Care Trust Fund are provided to buy back the Medicaid trend adjustment that is being applied against the Medicaid outpatient rates for the following three categories of hospitals. Of these funds \$7,174,047 is provided to the first category of hospitals, which are those hospitals that are part of a system that operate a provider service network in the following manner: \$2,762,760 is for Jackson Memorial Hospital; \$803,934 is for hospitals in Broward Health; \$1,674,628 is for hospitals in the Memorial Healthcare System; and \$795,574 to Shands Jacksonville and \$1,137,151 to Shands Gainesville. In the event that the above amounts exceed the amount of the Medicaid trend adjustment applied to each hospital, then the excess funds will be used to buy back other Medicaid reductions in the outpatient rate. Of the above funds, \$5,220,037 shall be used for the third category to buy back the Medicaid trend adjustment that is

In the event that the funds under this category exceed the amount of the Medicaid trend adjustment, then any excess funds will be used to buy back other Medicaid reductions in the outpatient rate for those individual hospitals. For this section of proviso the agency shall use the average of 2003, 2004 and 2005 audited DSH data available as of March 1, 2009. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2003, 2004 and 2005 that are available.

From the funds in Specific Appropriation 243, \$6,188,440 nonrecurring funds from the Social Services Block Grant Trust Fund and \$12,935,293 in nonrecurring funds from the Operations and Maintenance Trust Fund are provided to continue services in the Home and Community Based Services

SECTION 3 - HUMAN SERVICES

Waiver. Release of these funds is contingent upon the agency submitting a spending plan to the Legislative Budget Commission for approval.

From the funds in Specific Appropriation 243, the agency may expand enrollment in the Consumer Directed Care Plus Program up to 2,500 individuals. Any savings generated from this expansion may be used to serve clients on the waiting list.

Funds in Specific Appropriation 243 reflect a reduction of \$970,800 from the General Revenue Fund and \$2,029,200 from the Operations and Maintenance Trust Fund as a result of eliminating behavior assistance services in standard and behavior focus group homes, effective October 1, 2009.

Funds in Specific Appropriation 243 reflect a reduction of \$108,670 from the General Revenue Fund and \$227,146 from the Operations and Maintenance Trust Fund as a result of eliminating behavioral therapy assessment services, effective October 1, 2009.

Funds in Specific Appropriation 243 reflect a reduction of \$97,697 from the General Revenue Fund and \$204,210 from the Operations and Maintenance Trust Fund as a result of eliminating medication reviews, effective October 1, 2009.

Funds in Specific Appropriation 243 reflect a reduction of \$301,625 from the General Revenue Fund and \$630,468 from the Operations and Maintenance Trust Fund as a result of consolidating durable and consumable medical supplies purchasing, effective January 1, 2010.

Contingent on receiving required federal approvals, the Agency for Health Care Administration and the Agency for Person with Disabilities may add a flexible benefit service to each home and community-based services waiver administered by the agency. This service shall be self-directed and provide the individual with meaningful day activities and support within the home. If an individual chooses to receive the flexible benefit service, the Fiscal Year 2009-2010 amount of the service may not exceed 92 percent of the individual's total projected Fiscal Year 2009-2010 expenditures for adult day training, companion services, respite care, supported employment, supported living coaching, and in-home support services. An individual may not be authorized to receive simultaneously the flexible benefit service and any of the following services: adult day training, companion services, respite care, supported employment, supported living coaching, or in-home support services. The flexible benefit service may allow training for the individual or the person authorized to make decisions on behalf of the individual to ensure successful self-direction of flexible benefit services.

From the funds in Specific Appropriation 243, the agency in consultation with the Agency for Health Care Administration shall develop a plan to establish individual budgets for individuals enrolled in the home and community based services waivers. The plan shall provide for the following: an equitable distribution of available resources among individuals based on an assessment process that includes client characteristics and a valid formal assessment instrument; client choice of services and providers once the individual budget is determined; any formulas necessary to predict resource needs and establish individual budgets; a recommended role for providers and support coordinators during the assessment process to avoid any potential conflicts of interest; a proposed schedule for implementation; and any suggested statutory revisions necessary to implement individual budgets. The agency shall consider input from stakeholder groups including self-advocates, family members, service providers, waiver support coordinators, and advocacy organizations in developing the plan. The plan shall be delivered to the Governor, the Chair of the Senate Policy and Steering Committee on Ways and Means, and the Chair of the House Full Appropriations Council on General Government & Health Care no later than February 1, 2010.

The Office of Program Policy Analysis and Government Accountability (OPPAGA) shall evaluate and submit a report to the Legislature by June 30, 2009, containing recommendations for the statewide consolidation of pharmaceutical repackaging services, including an evaluation of the value to the State of Florida of all potential credits, rebates, and cost avoidances that may be realized through repackaging for the Department of Corrections (DOC), the Department of Juvenile Justice (DJJ), the Agency for Persons with Disabilities (APD), the Department of Children & Families (DCF) and the Department of Health (DOH). OPPAGA shall also include in their report an analysis of verifiable annual utilization rates for the dispensing of pharmaceuticals for Fiscal Years 2005 - 2009 by each of the five agencies that would participate in a consolidated repackaging services program, and the approximate daily output capabilities that would be required to meet the projected average daily utilization rate, as adjusted for future growth projections over the next three years for the five agencies. The OPPAGA report shall include an assessment of the projected capitalized cost of leases and equipment, and the fully burdened labor rate, projected FTE requirements, and associated operating costs needed by DOH to meet the projected daily utilization requirements for statewide consolidated repackaging services, and, if applicable, any cost avoidances and/or credits that would apply or not apply, as well as any federal regulatory requirements, including any inspection and certification requirements by the Food and Drug Administration.

Additionally, OPPAGA shall evaluate and submit a report to the Legislature by September 30, 2009, containing its recommendations concerning options for implementing a statewide consolidated program for purchasing pharmaceuticals under an adopted formulary to be used by DOC, DJJ, APD, DCF and DOH, and the feasibility of Florida obtaining discounts below both Wholesale Acquisition Cost (WAC) and the Minnesota Multistate Contracting Alliance for Pharmacy (MMCAP) prices for the pharmaceuticals listed on the adopted formulary, including the availability and regulatory prerequisites for obtaining 340B pricing under the Federal Medicare Program.

Based on the OPPAGA recommendations, the Agency for Persons with Disabilities shall purchase pharmaceuticals at prices no greater than those available under the (MMCAP), thereby enabling the agency to obtain pharmaceuticals at reduced prices that are the most cost-effective for Florida. Additionally, the Department of Health and APD shall study the feasibility of consolidating drug repackaging services through the Department of Health's central pharmacy and compare that with the costs and benefits of contracting out for such services to a private FDA licensed pharmaceutical repackager, with preference given to vendors with Florida based manufacturing operations that will promote the

From the funds in Specific Appropriations 316, 317, 318, 319, 320, 325, 331, 336, and 337, the Agency for Health Care Administration on behalf of the department, shall issue an Invitation to Negotiate (ITN), or a Request for Proposal (RFP) for the provision of treatment and all other operations of the Northeast Florida State Hospital in Macclenny, Florida. The department may respond to the ITN or RFP. The Agency for Health Care Administration shall evaluate all responses and select the successful respondent. To be considered a qualified respondent, a minimum General Revenue savings of \$2,004,608 and a minimum trust fund savings of \$1,336,404 for Fiscal Year 2009-2010 based on a January 1, 2010 implementation must be guaranteed, as well as a minimum annual General Revenue savings of \$4,009,216 and a minimum annual trust fund savings of \$2,612,808. The selected respondent will begin operating the facility by January 1, 2010 either under contract if the selected respondent is a private provider, or through the implementation of a revised operational plan consistent with the ITN or RFP if the selected respondent is the department. Funds in Specific Appropriations 316, 317, 318, 319, 320, 325, 331, 336, and 337 reflect a reduction of \$2,004,608 in the General Revenue fund and \$1,336,404 in trust funds associated with the implementation of this proviso.

In the event a private provider is awarded a contract, the contract shall require the provider to continue care for all existing patients and accept new patients demonstrating traumatic brain injuries and complex medical needs without additional appropriation. The contract shall also provide that the hospital shall remain in Macclenny, Florida.

Current Northeast Florida State Hospital employees who are affected by the outsourcing, in the event a private provider is awarded a contract, shall be given first preference for continued employment by the contractor. The department shall make all reasonable efforts to find suitable job placements for employees who wish to remain within the state personnel system.

The selected vendor who is awarded the management and operation of Northeast Florida State Hospital assumes the entire debt service for the contracted infrastructure energy savings program.

The Office on Homelessness may accept and administer funding allocated to the State of Florida by the U.S. Department of Urban Development (HUD) for the Emergency Shelter Grant (ESG) Program. The ESG Program will be administered by the Office on Homelessness in accordance with HUD rules and regulations. This funding may be granted by the state to local governments in the state, which may include cities and counties that are ESG grantees, or to private nonprofit organizations, if the local government where the project is located certifies its approval of the project. Initial preference will be given to local governments and nonprofit organizations in areas of the state where local governments do not receive funding directly from HUD. Grant applications will be ranked competitively based on grant application requirements and criteria published by the Office on Homelessness.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 582 through 773, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2010.

Funds in Specific Appropriations 582 through 773 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2009, and for which it has been determined by the Secretary of the department that there is no longer a need.

Funds in Specific Appropriations 699, 708, 738, 755 and 768 include reductions in full-time equivalent positions and associated salary and benefits. Those reductions in full-time equivalent positions must be from supervisory and managerial positions.

Funds in Specific Appropriation 1064 are provided for the redirection program subject to the requirements and limitations in effect during Fiscal Year 2008-2009. The program may serve youth who are before the court for a non-violent 3rd degree felony and who the judge determines would otherwise require residential commitment. Treatment services shall be evidenced-based family therapy for youth for whom these services are appropriate. Youth at risk of commitment are eligible for evidenced-based family therapy services. These services are to be provided as an alternative to commitment. No child may be served by the redirections program that has ever been adjudicated delinquent, or had adjudication withheld, of any violent crime, except for females adjudicated delinquent for domestic violence, any 1st degree felony or any felony direct-filed in adult court. The department and each participating court shall jointly develop criteria to identify youth appropriate for diversion into this program pursuant to the expanded eligibility criteria provided herein.

The department, in consultation with the Office of Program Policy Analysis and Governmental Accountability (OPPAGA), shall gather and maintain the data necessary to allow OPPAGA to continue the longitudinal evaluation of the program, including program expansions, which shall include a comparison of the effectiveness of the various components of the program.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1090 through 1112 , the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor’s Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means and the chair of the House Full Appropriations Council on General Government and Health Care prior to implementing any change.

From the funds in Specific Appropriations 1090 through 1112, for determining the most appropriate bed reductions in each level of residential commitments, the department may consider those residential commitment programs, which have scored below 72 on the overall program score represented in the Comprehensive Accountability Report, in determining which level of residential beds should be reduced. Prior to any change authorized herein, notification and justification must be provided to the Governor’s Office of Policy and Budget, the chair of the Senate Policy and Steering Committee on Ways and Means and the chair of the House Full Appropriations Council on General Government and Health Care.

As part of the Department's Beach Management Assistance Program, funds

SECTION 5 - NATURAL RESOURCES/ENVIRONMENT/GROWTH MANAGEMENT/TRANSPORTATION

in Specific Appropriation 1695 shall be allocated to those projects on the 2009-10 Priority Projects List with a federal cost-share, according to their readiness-to-proceed and in such a manner as to maximize the federal dollars leveraged. Further, pursuant to s. 161.143 (5) (a), the top three projects on DEP's Inlet Management List shall be funded accordingly. Remaining appropriated funds shall be used for post-construction monitoring. To the extent state matching funds for monitoring requirements are not available, such unrealized state dollars may be considered as a local government cost credit toward future beach management projects or activities.

Pursuant to Chapter 2008-152, Laws of Florida, Specific Appropriation 1748, the proviso report submitted to the President of the Senate and Speaker of the House, the Department shall implement those recommendations pertaining to the project management provisions addressing funding, and accountability and transparency, for the 2009-10 Fiscal Year.

AGENCY FOR WORKFORCE INNOVATION

From the funds in Specific Appropriations 2104 through 2162, any expenditures from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Family Services, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The agency head shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

No federal or state funds shall be used to pay for space being leased by a Regional Workforce Board, Workforce Florida, Inc., or the Agency for Workforce Innovation if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

PROGRAM: WORKFORCE SERVICES

PROGRAM SUPPORT

It is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by agency employees working in One Stop Career Centers operated by the Regional Workforce Boards be transferred from the Agency for Workforce Innovation to the Regional Workforce Boards. Such transfers shall only occur if the agency determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the agency shall submit budget amendments pursuant to section 216.181(11), Florida Statutes, to move positions to reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.

From the funds in Specific Appropriations 2121 through 2162, the Agency for Workforce Innovation shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the agency finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the agency shall notify the Executive Office of the Governor, the chairs of the Senate Policy and Steering Committee on Ways and Means and the House Full Appropriations Council on Education and Economic Development.

Funds in Specific Appropriation 2157 require a match from local sources for working poor eligible participants of six percent on child care slots. In-kind match is allowable provided there is not a reduction in the number of slots or level of services from the provision of in-kind match. The Agency for Workforce Innovation may adopt a policy to grant a waiver of the six percent match requirement to a rural county that demonstrates a significant hardship in meeting the match requirement. Progress towards meeting this requirement shall be monitored by the Agency for Workforce Innovation, and shall be considered satisfactorily attained if the six percent requirement is met on a statewide basis.

From the funds in Specific Appropriation 2157, the Agency for Workforce Innovation shall designate an amount to be used for the Child Care Executive Partnership Program, as defined in section 411.0102, Florida Statutes, as match to expand the provision of services to low income families at or below 200 percent of the federal poverty level. Funds for this program may be used to match funds for statewide contracts.

From the Child Care and Development Block Grant Trust Fund in Specific Appropriation 2157, a minimum of \$3,000,000 shall be used to enhance the quality of child care through the Teacher Education and Compensation Helps Program (T.E.A.C.H.).

From the funds in Specific Appropriation 2157 in the Welfare Transition Trust Fund, \$1,400,000 from recurring funds is provided for the Home Instruction Program for Pre-School Youngsters (HIPPY).

Funds in Specific Appropriation 2157 from the Child Care and Development Block Grant Trust Fund may be used to provide a rate differential or stipend to programs which reach the Gold Seal Quality Care designation. The rate differential shall not exceed twenty percent of the reimbursement rate.

Funds in Specific Appropriation 2157 are provided for school readiness programs as defined in section 411, Florida Statutes, and are allocated based on June 30, 2008 funding level with any additional funding above that level allocated by use of the School Readiness Allocation Formula submitted to the Legislature on December 29, 2008 pursuant to Section 411.01(9), Florida Statutes.

From the funds in Specific Appropriation 3057, \$2,000,000 shall be distributed to county supervisors of elections to be used for election administration activities such as voter education; pollworker recruitment and training; revisions to the statewide pollworker curriculum; or other federal election administrative activities as approved by the Department of State.

No supervisor of elections shall receive any funds until the county supervisor of elections provides to the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections for voter education or pollworker recruitment and training will require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. Supervisors of elections shall report to the Department of State any unspent funds remaining at June 30, 2010.
