AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 19-20 NARRATIVE: IT COMPONENT? NO
 Priority #4 - Last priority due to minimal Trust Fund reduction.

Article III, section 19 of the Florida Constitution requires the agency/department to identify possible reductions in the event of revenue shortfalls. It is important to note that the results of this constitutionally required exercise do not necessarily represent a list of recommended reductions from the agency/department.

This issue proposes to reduce the OPS and Contracted Services categories in the Home and Community Services budget entity by a total of \$72,292 in the Administrative Trust Fund.

AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 19-20 NARRATIVE: IT COMPONENT? NO

Priority #1 - First priority since it affects the program with a highest average program cost per client of \$11,654 per year.

Article III, section 19 of the Florida Constitution requires the agency/department to identify possible reductions in the event of revenue shortfalls. It is important to note that the results of this constitutionally required exercise do not necessarily represent a list of recommended reductions from the agency/department.

This issue proposes to cap participation in the Alzheimer's Disease Initiative (ADI) program to 1,200 program slots for the entire Fiscal Year of 2019-2020 that will generate a reduction of \$5,663,844 in General Revenue.

Many Alzheimer's victims require care 24 hours a day, especially in the late stages of the disease. ADI respite includes in-home, facility-based (usually at adult day care centers), emergency and extended care (up to 30 days) respite for caregivers who serve victims of memory disorders. On average, fewer than three hours of respite care per week is provided per person. In addition to respite care services, caregivers and consumers may receive supportive services essential to maintaining persons with Alzheimer's disease or related dementia in their own homes. The supportive services may include caregiver training and support groups, counseling, consumable medical supplies and nutritional supplements. The average care plan cost of this program is \$11,654 per year. Capping this program at 1,200 slots for an entire year would potentially impact approximately 486 seniors.

No statutory change would be required to implement this reduction.

AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 19-20 NARRATIVE: IT COMPONENT? NO
 Priority #2 - Next priority since it affects the program with a second highest average program cost per client of \$8,418 per year.

Article III, section 19 of the Florida Constitution requires the agency/department to identify possible reductions in the event of revenue shortfalls. It is important to note that the results of this constitutionally required exercise do not necessarily represent a list of recommended reductions from the agency/department.

This issue proposes to cap participation in the Community Care for the Elderly Program to 5,789 program slots for the entire Fiscal Year 2019-2020 that will generate a reduction of \$6,448,188 in General Revenue.

The Community Care for the Elderly (CCE) Program provides community-based services organized in a continuum of care to help functionally impaired older people live in the least restrictive yet most cost-effective environment suitable to their needs. Services in this program include: adult day care, adult day health care, case management, case aide, chore, companionship, consumable medical supplies, counseling, escort, emergency alert response, emergency home repair, home-delivered meals, home health aide, homemaker, home nursing, information and referral, legal assistance, material aid, medical therapeutic services, personal care, respite, shopping assistance, transportation, and other community-based services. The average care plan cost for this program is \$8,418 per year. The capping of this program at 5,789 slots would potentially impact approximately 766 seniors.

No statutory change would be required to implement this reduction.

AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 19-20 NARRATIVE:

IT COMPONENT? NO

Priority #3 - Third priority since it affects the program with a lowest average program cost per client of \$4,119 per year.

Article III, section 19 of the Florida Constitution requires the agency/department to identify possible reductions in the event of revenue shortfalls. It is important to note that the results of this constitutionally required exercise do not necessarily represent a list of recommended reductions from the agency/department.

This issue proposes to cap participation in the Home Care for the Elderly Program for Fiscal Year 2019-2020 to 1,751 program slots that will generate a reduction of \$2,491,995 in General Revenue.

The Home Care for the Elderly (HCE) Program encourages the provision of care for elders age 60 and older in family-type living arrangements in private homes as an alternative to institutional or nursing home care. Individuals must be 60 or older, have an income less than the Institutional Care Program (ICP) standard, meet the ICP asset limitation, be at risk of nursing home placement, and have an approved adult caregiver living with them who is willing and able to provide or assist in arranging for care. A basic subsidy is provided each month to the adult caregiver for support and maintenance of the elder, including some medical costs. A special subsidy may also be provided for services/supplies. The average care plan cost for this program is \$4,119 per year. The capping of this program to 1,751 slots would potentially impact approximately 605 seniors.

No statutory change would be required to implement this reduction.
