The Department of State, Division of Library and Information Services, is proposing a reduction of \$2,245,695 in General Revenue for State Aid to Libraries, which was appropriated \$17,304,072 in recurring funding by the 2018 Florida Legislature. This reduction would reduce the total recurring appropriation to \$15,058,377. These grant funds assure that every resident of the state has access to an adequate level of public library services regardless of the taxable wealth of the local jurisdiction providing the service. The State Aid to Libraries program extends information and knowledge through free public libraries; provides e-government services; encourages lifelong learning; helps local libraries serve as a source of information and inspiration to persons of all ages, cultural backgrounds and economic status; and furnishes resources for all ages for continuing education.

State Aid to Libraries is used to fulfill the maintenance of effort required to continue to receive federal Library Services and Technology Act funds. The maintenance of effort for FY 2019-20 which will be reported to the Institute of Museum and Library Services is \$20,236,575.

The Department of State, Division of Cultural Affairs, proposes a reduction of \$50,887 for the elimination of one (1) filled FTE in the Salary and Benefits category in General Revenue. With the reduction of this position, the cultural endowment program will need to be eliminated. Elimination of the program requires striking the Endowment statute, s.265.601 through s.265.606, F.S. The Cultural Endowment program was established in 1985 to create an endowment matching funds program to provide a source of income to cultural organizations. The program has been inconsistently funded over the years with zero funding in FY 18-19. In recent years, shares have been returned and awards declined as organizations find the interest earned on investments low. Since the awards exist in perpetuity, organizations with outstanding shares would submit annual financial/bank statements that document maintenance of the corpus at the required level (\$600,000 per share). This compliance review will be assigned to other Division staff. Reductions will impact the Divisions ability to effectively manage processes required by law.
