A placeholder for certification of new judges was filed on October 19, 2018, pending the Supreme Court's opinion certifying the need for additional judges for FY 2019-20. Supreme Court of Florida Opinion, SC18-1970, In re Certification of Need for Additional Judges (December 28, 2018), certifies the need for 4 county court judges (all in Hillsborough County). The following support positions are needed: 4 judicial assistants.

This supplemental legislative budget request issue does not include expenditure data related to the decertification of existing judges as outlined in Supreme Court Opinion No. SC18-1970. Pursuant to s. 9, Art. V, Fla. Const.: A decrease in the number of judges shall be effective only after the expiration of a term. Therefore, expenditure impacts related to decertification of existing judges would occur over multiple fiscal years through attrition.

Summary: The placeholder was revised for the Supreme Court Opinion No. SC18-1970 addressing certification of need for 4 new county court judges for FY 2019-20.

SECOND DISTRICT COURT OF APPEAL - NEW COURTHOUSE BUILDING

The 2nd DCA requests \$20.0 million as the first year appropriation for a new courthouse building requiring two years of appropriations.

The Florida Legislature, in Specific Appropriation 3142A of the 2016 General Appropriations Act, directed DMS to "contract for a study of the courthouse space and location needs of the Second District Court of Appeal." On December 22, 2016, DMS submitted to the Legislature the "Second District Court of Appeal Space and Location Needs Study." The Study's Executive Summary includes the following facts and recommendations:

- * The 2nd DCA has vacated its Lakeland courthouse due to health concerns presented by the 55-year old courthouse's degradation (p. 8).
- * The 2nd DCA now operates in Lakeland in separate leased space (p. 8). However, space exists for only three judges in the Lakeland leased space (p. 8). The Lakeland leased space also includes space for only two central staff attorneys, various support staff, and the Clerk's and Marshal's offices, but does not include a courtroom (p. 8).
- * The 2nd DCA continues to operate in Tampa in leased space controlled by Stetson University's College of Law (p. 8). However, the 2nd DCA currently does not have a courtroom under its control (p. 5). All oral arguments take place in a classroom with a bench designed to host moot court and mock trial competitions (p. 5).
- * All 2nd DCA judges are provided with limited space in the Tampa leased space (p. 8). However, some of the offices are less than ideal (p. 8). By necessity, several of the judges' staff attorneys and the 2nd DCA's central staff attorneys work in cubicles and shared offices (p. 8).
- * Consolidation into one location would significantly improve the efficiency of the court by streamlining operations, reducing duplicative costs, and improving productivity (pp. 4-5).

- * The best long-term option is to build a new state-owned courthouse (p. 6).
- * The parcel selection process should first explore state-owned land located in identified submarkets in the Tampa Bay region (p. 6). Consideration should also be given to land owned by other governmental jurisdictions (p. 6).
- * Should the acquisition of privately owned land be necessary, the potential purchase price could be as low as \$5 per square foot to more than \$150 per square foot (p. 7).
- * The estimated square foot requirement to build a new state-owned courthouse is 73,149 square feet (pp. 6, 40).
- * In addition to land acquisition costs, the estimated design and construction costs in 2016 were approximately \$440-\$460 per sq. ft. or \$32.2 to \$33.7 million (p. 6).
- * This range of anticipated cost includes the cost differences between developing in a downtown submarket versus other submarkets in addition to specific site conditions (p. 6).
- * The impact of secured parking - including surface versus structured parking - will also impact overall cost (p. 6).
- * The estimated cost would also be impacted by the commencement date of construction as pricing changes over time, plus or minus 5% each year (p. 6).
- * The estimated cost does not include furniture, fixtures, and equipment, which also would need to be purchased (p.6).

Based on the Study, the 2nd DCA, during the 2018 session, requested \$8.2 million for only pre-construction costs, including the cost to acquire a site if not already state-owned, for DMS to retain an architect to design a new courthouse on the selected site, and for DMS to retain a contractor to estimate the costs to construct that design on the selected site, so the 2nd DCA could request those construction costs in future years. The request stated that additional funds may have been needed to complete the land acquisition. The requested funds were not included within the 2018 General Appropriations Act.

Due to the continued urgent need for a courthouse, the 2nd DCA's request for the 2019 session has increased to reflect not only pre-construction costs, but also a portion of the construction costs. The estimates in the Study's 2016 Executive Summary, adjusted for annual construction inflation through 2019, indicate a total project cost of approximately \$48 million:

Site/building acquisition \$4.0 million (moderate-priced site based on Study)
 Design/construction/fees \$37.0 to \$38.7 million (Study's estimate, plus recent construction inflation)
 Site development/parking \$3 million
 Furniture/fixtures/equip. \$2.3 million (based on DMS Study dated 10-27-15)

Therefore, the 2nd DCA requests \$20.0 million in FY 2019-20 (year one) for:
 1) the Legislature to select a new courthouse site;
 2) the cost to acquire a site or existing building if not already state-owned;
 3) DMS to retain an architect to design a new courthouse for the selected site/bldg;

FIFTH DISTRICT COURT OF APPEAL - STORM WINDOWS UPGRADE

The Fifth District Court of Appeal requests \$432,804 (non-recurring) to replace its courthouse windows with new storm windows in order to mitigate future damages from water or window breakage due to storms.

In September of 2017, Florida was impacted by Hurricane Irma, and the Fifth District Court of Appeal courthouse sustained substantial damage to many offices due to water intrusion around the windows. This resulted in water damage to 13 offices, and many workers being displaced for an extended period of time while the offices were dried out, demoed, and rebuilt. Drywall, paneling and insulation had to be removed, and steps had to be taken to eliminate current and future mold issues associated with the moisture.

Although the offices have been rebuilt and reoccupied, the underlying problem still remains. The same windows are in place.

This is not the first time this type of damage has occurred. In fact, after the hurricanes of 2004, the drywall and insulation in several offices had to be replaced as well. Additionally, many offices experience reoccurring leakage problems around the windows even during thunderstorms.

Funding of this request will allow for the replacement of the courthouse's windows with new storm windows in order to mitigate future damages from water or window breakage due to storms.

The estimated cost of this project is \$432,804.
