2719 – FEDERAL EQUITABLE SHARING TRUST FUND

FISCAL YEAR 2020-2021

5 Percent Trust Fund Reserve Calculation

Federal Law Enforcement Trust Fund

This trust fund is 100% federal funds and is exempt from the 5% reserve requirement.

Revenue Estimating Methodology

Federal Law Enforcement Trust Fund

The revenue for this trust fund comes from asset seizures associated with federal drug arrests. The department receives shared assets for providing assistance to federal counter-drug efforts around the state. The amount of revenue varies widely from year to year. Estimated revenue is based primarily on the level of funding provided by the Department of Defense for National Guard counter-drug operations for the coming year. If shared revenues fall short of estimates, the enhancements provided by these shared funds are eliminated and, the appropriation simply expires at the end of the year. If revenues come in above the estimate, the department does a budget amendment for more appropriation.

Section III Adjustments

Federal Law Enforcement Trust Fund

The first adjustment is prior year reserve for FCO of \$744,000.

The final adjustment is for prior year encumbrances of (\$160,041).

The total of the adjustments for this trust fund is \$583,959.

Computation of Cost for General Management and Administrative Service

Federal Law Enforcement Trust Fund

The federal guide that governs the execution of assets seizure funds prohibits the supplanting of existing state funds. Shared funds are only to be used to enhance existing counter-drug efforts. As a result, all asset seizure funds are directed toward improvement of existing counter-drug efforts. There is no management charge associated with this trust fund for this year.
