AGENCY NARRATIVE:

2020-2021 BUDGET YEAR NARRATIVE: FACILITIES CONSTRCTN/RENOV IT COMPONENT? NO
 The Department of State, Division of Historical Resources, is requesting \$10,301,287 in nonrecurring Land Acquisition Trust Fund authority for the construction of an artifact curation facility that can accommodate the growing collection of Florida's precious historical objects and allow us to share these objects with the public. The current curation facility is nearly at capacity, and the Division can no longer accommodate the accession of new artifacts without compromising professional curation standards. The amount requested has been provided by a study completed in 2017.

The proposed facility will be accessible to the public and would include a lobby and teaching area and would allow the public to actually observe the process that our conservators use to restore artifacts. The new facility will also allow us to increase the security and safety of Florida's artifacts. These items are irreplaceable and it is the Division's statutory mandate to preserve, protect and make these artifacts from state lands accessible to the public.

FLORIDA STRATEGIC PLAN FOR ECONOMIC DEVELOPMENT:
 6.4 Promote, protect and preserve Florida's rich historical and cultural heritage.

DEPARTMENT OF STATE LONG RANGE PROGRAM PLAN:
 To create opportunities for every Floridian to participate in what our state offers through culture, history, information, business, and elections, ensuring that all Floridians can appreciate and are educated about the Department's mission through individual relationships and partnerships within Florida's communities.
