SCHEDULE 1 NARRATIVE

Budget Period: 2010 - 2011

Department: Agency for Workforce Innovation
Budget Entity: 75000000 - All Budget Entities
Fund: 2021 - Administrative Trust Fund

Adjustments

B4 - BEG FUND BAL NON CF OP CAT ACCRUALS: Beginning fund balance included accruals related to Non Certified Forward Operating Categories

Revenue Forecasting Methodology

The projected grant revenues are based on anticipated grant receipts: An estimated carry forward is calculated for grants active at June 30. Revenue for the current state fiscal year is estimated for each grant based on award reserved from overlapping federal fiscal year and new award to be received based on historical trends or various notices or estimates from federal agencies or other sources. Award is then allocated to current state fiscal year. The combination of these two estimates is available award for current state fiscal year. Based on meetings with budget staff and agency management, the current fiscal year operating budget is developed and identified to funding. This information modified for differences between the GAA and the Schedule 1 operating expenditures and non-operating requirements is used for the current state fiscal year receipts. This data forms the basis for revenue for the Requested State Fiscal Year. Finalization of Grant Award is contingent on the passage of the Federal Budget. Recently this has occurred in January or February following the October First start of the Federal Fiscal Year.

Projected reimbursement (001801) revenue based on ongoing agreements: Ongoing reimbursement agreements are identified and current year budget is estimated using historic trends modified by information from management related to each agreement. Revenue is based on recovery of costs.
