ISSUE DETAIL:

Proviso language in the 2020 General Appropriations Act (GAA) authorizes the Agency for Health Care Administration (AHCA), in consultation with the APD, to transfer funds from Specific Appropriations to the Developmentally Disabled Home and Community Based waiver category (101555) to allow eligible beneficiaries to transition from ICF/IID to the community. During the period of July 1, 2019 through June 30, 2020, 33 eligible beneficiaries transitioned into the community. The AHCA is submitting a companion issue (1700050) to transfer funds, based upon each individual's cost plans, to the APD's Home and Community Service waiver. Operations and Maintenance Trust Fund (2516)) of recurring budget in the Home and Community Services Waiver category (101555), within the Home and Community Services budget entity (67100100), to enroll onto the Waiver individuals from the Waiver waiting list.

ISSUE DETAIL:

The Agency for Persons with Disabilities administers the Home and Community Based Services Waiver program. The Waiver program provides critical services and supports to individuals with developmental disabilities and their families, so they can reach their full potential. There are over 35,000 individuals currently receiving Waiver services. Currently there are over 22,000 individuals on the waiting list for Waiver services.

In the past several years, additional funding has been provided to offer Waiver enrollment to individuals on the waiting list. The Agency requests funding to offer Waiver enrollment to the greatest number of individuals permissible in crisis on the waiting list. Individuals in crisis are the most in need of waiver services in order to continue living in a community setting and avoid entering a more costly institutional setting to receive services.

RETURN ON INVESTMENT:

The Waiver program provides critical services and supports to individuals with developmental disabilities and their families so they can reach their full potential.

TRANSFER FOR THE CENTRALIZATION OF				
SANS REQUESTS - ADD				1800200

ISSUE DETAIL:

The Agency for Persons with Disabilities is centralizing the Significant Additional Needs process. Centralization of the SANS review process allows for the consistent application of the criteria for medical necessity ensuring that individuals on the iBudget Waiver receive medically necessary services at the appropriate intensity, frequency, and duration in a cost-effective manner. Medical necessity is a state and federal requirement for the provision of Medicaid Waiver services. The process for conducting SANS reviews requires that the services requested meet the medical necessity criteria defined in APD Rules 65G-4.0213 through 40218, Florida Administrative Code (F.A.C), and in the AHCA Developmental Disabilities iBudget Coverage and Limitations Handbook. The agency is centralizing the SANS review process to provide consistent application of all criteria, extensive training, quality assurance, and interrater reliability.

The agency hires qualified developmental disability professionals, registered nurses and board-certified behavior analysts to verify that the levels of service requested meet medical necessity criteria, meet client needs, and are consistent with the service definitions contained in the approved iBudget Waiver. During Fiscal Year 19-20, the Agency completed 8,280 SANS reviews.

The agency requests the transfer of 18 positions from the Developmental Disability Centers. These positions were vacant because of the decreasing client population. The Regional positions that previously performed SANS reviews will be repurposed to perform functions to verify that providers are delivering services in accordance with client cost plans and verify that clients are receiving the services they need to remain in the community.

The following positions will be needed for the SANS Review Unit:

- (1) Registered Nurse Specialist
- (1) Human Services Program Specialist
- (9) Government Operations Consultant II
- (6) Government Analyst I
- (1) Senior Behavior Analyst

Total Rate = \$837,232

Total Benefits = \$429,562

The total budget impact nets to zero.

The Agency requests \$1,266,794 of funding for eighteen (18) FTE positions, along with \$5,944 for Human Resource Services Assessment packages.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

ISSUE TITLE: INDIVIDUAL COMPREHENSIVE ASSESSMENT

ISSUE SUMMARY:

The Agency for Persons with Disabilities (APD, Agency) requests \$320,000 of nonrecurring budget (\$160,000 General Revenue (1000) and \$160,000 Operations and Maintenance Trust Fund (2516)) in Home and Community Services Administration (106090)category, within the Program Management and Compliance budget entity (67100200), to develop a methodology using the Individual Comprehensive Assessment (ICA) tool, formerly known as the Next Generation Questionnaire for Situational Information (NG-QSI), to determine an individual's resource/budget needs, to develop output reports, to recertify ICA Master Trainers, to train and recertify new assessors, and to complete the reliability and validity replication study.

ISSUE DETAIL:

The Agency requests nonrecurring budget authority to develop a methodology to utilize the ICA tool to determine an individual's budget need. The current Questionnaire for Situational Information (QSI) was developed in 2009 to assess individuals with developmental disabilities. A new assessment tool is needed to collect more detailed information on individuals served and to improve upon the existing QSI. The field test of the new assessment tool (ICA) was completed and the reliability / validity studies were conducted. A replication study began during the 2019-2020 fiscal year but had significant delays due to the Covid-19 pandemic. Florida Administrative Code (65G-4.0214) requires QSI assessors to conduct face-to-face assessments with the individual or the individual's representative, which was not possible during these unprecedented times.

To improve the Waiver program the Agency must address budget predictability and be able to identify core services to meet individual needs. The ICA should be able to determine service needs of individuals and the associated costs based upon the information collected.

The Agency requests \$320,000 of nonrecurring budget to continue development of the ICA by completing the reliability and validity replication studies, conducting an allocation methodology study, identifying tool refinements, developing output reports, and developing training protocols for Master Trainers.

If this request is not funded, development of ICA will be delayed.

The funding request for FY 2021-22 was calculated as follows::

\$ 55,000 - Training development and implementation for administration of the ICA and certification of Master Trainers to train assessors
 \$ 70,000 - Reliability and Validity Replication Studies
 \$120,000 - Algorithm Methodology Study
 \$ 75,000 - Output report development

 \$320,000

RETURN ON INVESTMENT:

A strong methodology will improve budget predictability and reduce the number of legal actions against the tool.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

ISSUE TITLE: TRANSITION TO FLORIDA PALM

ISSUE SUMMARY:

The Agency for Persons with Disabilities (APD, Agency) requests nonrecurring budget in the amount of \$475,000 (\$294,500 General Revenue (1000) and \$180,500 Operations and Maintenance Trust Fund (2516)) in the Contracted Services category (100777) in the Program Management and Compliance Budget Entity (67100200) for funding needed for the Agency to internally implement The Florida Planning, Accounting, and Ledger Management (PALM) Project.

ISSUE DETAIL:

The PALM Project is replacing the State of Florida's current accounting and cash management systems known as Florida Accounting Information Resource (FLAIR) with an integrated, enterprise financial management solution (FMS). FLAIR has provided accounting resources to State Agencies since the 1980s. Agencies created Business System Connections with FLAIR in order to meet their business needs as they extended the systems' capabilities. FLAIR is undergoing a modernization to PALM providing an enterprise-wide solution. The new statewide financial management solution will enable agencies to meet their accounting system needs.

Many state agencies, including APD, over time, developed many individualized systems and applications to augment legacy FLAIR. These customized systems and applications are critical for agency leadership to monitor their daily financial business. The PALM Project developed an inventory of Agency Business Systems in November 2016. This inventory was not comprehensive and did not consider the new PALM Project wave strategy. This new wave strategy will impact each State Agency simultaneously. To prepare, APD must mitigate/remediate their business systems to interact with PALM. To ensure resources are available to mitigate/remediate those systems, APD must first determine the scope of interaction with FLAIR.

The Agency has determined that \$475,000 of contracted service funds are needed to provide business assessments to determine new requirements or anticipate emerging business issues at the beginning of an assignment, develop plans and agreements, provide project management, and training during the different phases of the project. The following contracted service positions will be needed: Project Manager - \$125,000; IT support - \$150,00; 2 IT trainers \$200,000.

AGENCY ISSUE NARRATIVE:
 2021-2022 BUDGET YEAR NARRATIVE:
 ISSUE TITLE: iCONNECT SYSTEM

IT COMPONENT? YES

ISSUE SUMMARY:

The Agency for Persons with Disabilities (APD, Agency) requests \$1,372,118 (\$418,092 General Revenue (1000) and \$954,026 Operations and Maintenance Trust Fund (2516) of nonrecurring funding in the iConnect category (101556), within the Program Management and Compliance budget entity (67100200), to continue the implementation of a statewide system for the management, reporting, and trending of data for all Agency Medicaid customers. The iConnect system, shall include centralized client records and an electronic visit verification (EVV) component to detect and reduce Medicaid fraud, waste, and abuse.

ISSUE DETAIL:

The Agency for Persons with Disabilities administers the Home and Community Based Services waiver program. The Agency engages thousands of providers to provide services for over 35,000 individuals on the waiver and over 22,000 individuals on the waiting list for the waiver. The Agency currently relies on manual processes along with limited and antiquated computer systems to collect and track data. The Agency needs a more robust system to effectively manage client data and to verify provider service delivery to clients.

The iConnect system will increase program efficiency, accountability, and oversight. The system will enable the Agency to collect data, analyze trends, evaluate service effectiveness, identify, and reduce fraud and abuse, and report on measurable outcomes for the program and the clients that it serves. Further, through electronic visit verification the system will provide a reliable and accurate means of verifying when and where a home-based service is being provided and the actual amount of time the provider spends with the consumer, thus, limiting the opportunity for fraudulent charges.

In addition to providing more and better data for use by the Agency to improve services to clients, the data will enable the Agency to maintain compliance with the Centers for Medicare and Medicaid Services (CMS) regarding the Home and Community Based Services Waiver program assurances. There are 32 sub assurances for which the state must demonstrate compliance and each assurance requires data to be collected, tracked, analyzed, and action taken to remediate problems that are found. Failure to comply with these assurances puts at risk the federal matching funding for the Home and Community Based Services (HCBS) Waiver. Additionally, In November 2016, the federal government amended H.R. 34, Section

12006, which requires all states that offer personal care and/or home health services through a waiver, to require the use of an electronic visit verification (EVV) system. The Federal medical assistance percentage shall be reduced proportionately for those states who do not fulfill this requirement by their deadline. In FY 2019-20, the waiver provided \$368 million in such services, which reflects \$227 million in federal matching funds (using the FY 2021-22 FMAP rate). EVV will also provide a reliable and accurate means of verifying when and where a service is being provided and the actual amount of time the provider spends with the consumer, thus, limiting the opportunity for fraudulent charges.

The Agency requests a total of \$1,372,118 in nonrecurring funding for FY 2021-22, \$963,846 to continue the implementation of the iConnect system and \$418,272 to supplement the external helpdesk and the onboarding of providers.

Calculation Methodology:

As a strategic part of the funding process, an enhanced funding plan was submitted to CMS (Centers for Medicare and Medicaid Services) by the agency via the Florida Agency for Health Care Administration.

The Planning and Implementation Advance Planning Document (IAPD) for Florida Medicaid and subsequent updates (UIAPDs) have been approved by CMS and have provided enhanced funding rates as follows for the APD iConnect system: Deliverables and Contracted Staff Required for Implementation - 90%; Help Desk - 75% during implementation and 50% thereafter; Training - 50%; SaaS Licensing Fees - 75%.

Using this methodology, the funding request for FY 2021-22 was calculated as follows:

Harmony/WellSky Deliverables \$78,098 (\$7,810 GR, \$70,288 OMTF) 90% Federal match

Contracted Staff \$591,820 (\$59,182 GR, \$532,638 OMTF) 90% Federal match

Trainers \$293,928 (146,964 GR, \$146,964 OMTF) 50% Federal Match

OPS Staff - \$408,272 (\$204,136 GR, \$204,136 OMTF) 50% Federal Match

Total Nonrecurring Request - \$1,372,118 (\$418,092 GR, \$954,026 OMTF)

Project funding will not impact the rate structure or cost allocation methodology for agency customers or providers.

RETURN ON INVESTMENT:

Avoid loss of federal funding due to non-compliance, maintain more accurate and accessible client records which will improve decision making on client's behalf, and detect and prevent fraud through electronic visit verification.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

ISSUE TITLE: TRANSFER FOR THE CENTRALIZATION OF SANS REQUESTS - DEDUCT

ISSUE SUMMARY:

The Agency for Persons with Disabilities (APD, Agency) requests the transfer of 18 FTE, \$837,232 of Rate, and a total of \$1,272,738 in budget (\$636,368 General Revenue (1000) and \$636,370 Operations and Maintenance Trust Fund (2516)) from the Developmental Disability Centers Civil Program budget entity (67100400) to the Program Management and Compliance budget entity (67100200), for Salaries and Benefits (010000) and the Transfer to Department of Management Services-Human Resources Services Purchased per Statewide Contract (107040) categories, to provide additional resources for the centralization of Significant Additional Needs (SANS) review process.

ISSUE DETAIL:

The Agency for Persons with Disabilities is centralizing the Significant Additional Needs process. Centralization of the SANS review process allows for the consistent application of the criteria for medical necessity ensuring that individuals on the iBudget Waiver receive medically necessary services at the appropriate intensity, frequency, and duration in a cost-effective manner. Medical necessity is a state and federal requirement for the provision of Medicaid Waiver services. The process for conducting SANS reviews requires that the services requested meet the medical necessity criteria defined in APD Rules 65G-4.0213 through 40218, Florida Administrative Code (F.A.C), and in the AHCA Developmental Disabilities iBudget Coverage and Limitations Handbook. The agency is centralizing the SANS review process to provide consistent application of all criteria, extensive training, quality assurance, and interrater reliability.

The agency hires qualified developmental disability professionals, registered nurses and board-certified behavior analysts to verify that the levels of service requested meet medical necessity criteria, meet client needs, and are consistent with the service definitions contained in the approved iBudget Waiver. During Fiscal Year 19-20, the Agency completed 8,280 SANS reviews.

The agency requests the transfer of 18 positions from the Developmental Disability Centers. These positions were vacant because of the decreasing client population. The Regional positions that previously performed SANS reviews will be repurposed to perform functions to verify that providers are delivering services in accordance with client cost plans and verify that clients are receiving the services they need to remain in the community.

General Revenue (1000) and \$304,051 from Operations and Maintenance Trust Fund (2516) from the Contracted Services category (1000777) to the Other Personal Services category (030000) in the Developmental Disability Centers (DDC) Civil Budget Entity (67100400) to hire OPS custodial workers at the Sunland Center in Marianna.

The Sunland Center is one of three (3) Developmental Disability Centers (DDCs) operated by the Agency providing residential care and services to over 208 individuals with developmental disabilities. The Sunland Center has fifteen (15) residential homes and activity areas that use contracted custodial services. The Center has experienced numerous challenges with the current contracted vendor.

The Agency proposes the reallocation of appropriated funding to support the hiring of OPS staff on an annual basis to perform custodial services in residential homes and activity areas. The OPS staff would report to the Residential Services Supervisor for each home which would provide a direct line of responsibility for the proper care of the home which is essential to the quality of care for facility residents. Under the direction of the Residential Services Supervisor, deficiencies would be addressed daily, and the staff would be directly involved in corrective action measures prior to, during and after surveys.

AGENCY NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: APD/FCO NEEDS/CEN MGD FACS IT COMPONENT? NO
 ISSUE TITLE: Code and Licensure Corrections

ISSUE SUMMARY:

The Agency for Persons with Disabilities (APD, Agency) requests a total of \$1,089,228 of nonrecurring funding in General Revenue in the Fixed Capital Outlay (FCO) category (087054) in the Developmental Disability Centers Civil Program (67100400) budget entity.

ISSUE DETAIL:

The Agency for Persons with Disabilities administers the Home and Community Based Services waiver program for over 35,000 individuals with developmental disabilities and operates three Developmental Disabilities Centers around the state to provide care to over 600 individuals requiring Intermediate Care Facility (ICF) settings and non-ICF (forensic) settings. These services are provided largely within the 1.45 million square feet of building space and 1,675 acres of state-owned property entrusted to the Agency. This property includes two parks, Rish Park and Hawkins Park, operated by the Agency to accommodate individuals with developmental disabilities.

Two Developmental Disability Centers (facilities), Sunland Marianna and Tacachale are the core of the facility-based client care program. The majority of the buildings are 60+ years old and are in need of renovations to address licensure, code, and safety violations. Others are in need of repair or replacement of building and utility systems which are nearing the end of their useful life thereby creating an unsafe living and work environment for the clients and staff.
