AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests \$4,561,491 from the General Revenue Fund to fund 37 Inspector General FTE, 5 Office of Human Resources Fte, and 5 Admission and Release FTE. These additional positions are to address increased workload associated with statutory revisions.

HB 573 clarified the 180-day requirement to initiate discipline contained in s. 112.532 F.S., to include internally generated matters. The department will be required to deliver to the employee a Pre-Determination Conference (PDC) letter within 180 days from the first report of a violation leading to the disciplinary action. This timeframe can be tolled during the pendency of a criminal investigation, Governor declared state of emergency or incapacitation or otherwise availability of the subject officer. This revision impacts the workload of the Office of the Inspector General and the Office of Human Resources.

Office of the Inspector General

The Office of the Inspector General (OIG) averages 500 administrative investigation cases annually and 10,500 Use of Force reports (UOF). In Fiscal Year 18-19, the OIG initiated 544 administrative investigations with an average day open of 288. Of the 544 initiated, 233 exceed 180 days. In addition to the administrative investigations initiated, 1,593 complaint reviews were initiated with the average number of days opened of 106 days and 9,664 uses of force requiring a compliance review. The OIG, on average, has 86 inspectors assigned investigative duties, considering current vacancy rate, and inspectors assigned other duties related to intake, UOF compliance review, evidence and professional compliance. In order to lessen the number of days a case is opened and timely review of uses of force received would require a 43% increase of investigative staff.

 CHANGES

Office of Human Resources

In Fiscal Year 2019-20, the Office of Human Resources received approximately 6,726 actions in the Employee Relations unit. Of those actions, 3,189 actions went through a lengthy discipline process. There are currently 12 FTE that handle disciplinary actions. There is constant turnover in this unit due to the heavy volume of workload. Turnaround time increases with each vacancy, due to the actions being reassigned to a current FTE, and then the training on new employees. The current staff of 12 FTE is insufficient to ensure that each disciplinary infraction is processed and tracked within the timelines set by the 180 day requirement.

Bureau of Admission and Release

Under Amendment IV/SB 7066 (Voter Restoration), the department is now statutorily required to educate and inform all inmates/offenders regarding the restoration of voting rights and provide each inmate who is being released without supervision all financial obligations to include court fees, costs, fines and restitution. Of the 30,000 releases each year, at least 20,000 will require processing to include entry, investigation, verification, etc.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

The Department of Corrections (department) hires, onboards, and trains 3,753 new correctional officers each year. In the past, new Correctional Officer Trainees (COTs) have been required to work for up to 180 calendar days prior to entering a correctional academy. This delay is due to bandwidth constraints and the availability of open academy spaces. To correct this problem, FDC requests \$781,918 from the General Revenue Fund to fund 10 FTE to enhance delivery of basic recruit training for newly hired Correctional Officer Trainees (COTs).

This request will allow the department to increase training bandwidth and allow for the implementation of rolling academies, where new COTs will be placed in an academy within two weeks of hire. This will increase the numbers of certified correctional officers working in correctional institutions, thereby making institutions safer reducing the attrition of newly hired certified correctional officers working in the institutions. This format allows for the academy process to be on-going and students start and graduate continuously.

This request will help reduce risk to the safety of the public, reduce of incidence of violence and contraband in institutions, and reduce costs associated with employee turnover due to having more certified correctional officers working in FDC facilities.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: IT COMPONENT? YES

This issue requests \$742,000 recurring General Revenue Funds to support the total annual cost of the expanded network circuits statewide. These funds are critical to sustaining the network upgrades implemented in support of the new Electronic Medical Record (EMR) system and maintaining network performance for all Department functions.

In Fiscal Year 2020-21 the Legislature appropriated funding to expand the network infrastructure (bandwidth) in support of the Florida Department of Corrections' electronic medical record (EMR) solution, a value-add component of the health services contract which was all nonrecurring.

To implement the solution, the Department invested in critical network upgrades to support all connectivity needs. The Department sites were all provisioned with circuit sizes based on the number of user devices, PCs and tablets at each location with average bandwidth requirements based on the projected usage by applications and Voice over Internet Protocol connections.

Network traffic has grown steadily over time and routine monitoring has shown evidence of poor response times and dropped phone calls. In addition to the new EMR, the contracted health services provider added several more workstations at each site in order to meet their contractual obligations. Because of this, the contracted provider staff worked with Department staff to estimate specific bandwidth needs and requirements to support the additional workstations and bi-directional network traffic at each site.

Without funding, the Department will be unable to sustain the annual cost of the expanded circuits and will be required to revert to the slower bandwidth speeds prior to the funded expansion. This will limit the availability of the EMR solution to the healthcare workers in the institutions, which will reduce the level of service provided to the inmates and eliminate the benefits of the EMR solution.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? YES

This issue requests \$371,000 to dedicate professional services for critical FCOR Commission Management System updates. Several components of the CMS require updating to ensure the viability, usability, and overall security of the system. CMS updates include resources to address enhanced data collection automate data collection for Victim Services, enhanced functionality to improve data integrity and security. Professional services would be dedicated to normalize the CMS database and transfer to a new table structure for increased data operability, implement role-based security per FDC standards, and provide secure access to a document repository.

This funding is being requested to carry out the agency's statutorily mandated responsibilities to support the Commission's information technology basic operational needs for clemency and providing for increased operational efficiencies through paperless automation and enhanced security. The governor and members of the Cabinet sit as the Clemency Board and set forth the Rules of Executive Clemency. The Commission operates as the administrative and investigative arm of the Board. Clemency is a constitutionally authorized process

Chapter 2009-81, Laws of Florida, required the Commission to transfer all of its Information Technology (IT) resources to the Department of Corrections (Department) by July 1, 2009. This resulted in the Commission, through a Service Level Agreement, becoming a customer of the Department, for all of its IT services necessary for the successful operation of the Commission. The Service Level Agreement states "the provider will invoice the customer on a quarterly basis with the delivery, installation, and implementation of the IT service. A lump sum appropriation for payment to the provider has been allocated for IT services. Payments are for all costs associated with the provision of technology services for the customer".

In addition, revisions to the CMS are extremely time-consuming for IT staff to implement, not meeting the Commission's or the Clemency Board's operational needs. Dedicated professional services allows for much needed business process improvements, and by seeking outside services, the business analysis, system enhancements, and overall project management could be handled by one vendor cohesively.

Without adequate funding, Commission staff will continue supporting service with manual, time-consuming processes and less optimized data retention and security. This would result in the Commission not being able to optimize resource efficiencies and fulfill its responsibility to the Clemency Board. Funding of this issue would meet the basic operational

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests the realignment of various categories funding within the Security and Institutional Operations program area budget entities. This action will greatly assist in streamlining the processing of payments and reduce the number of budget actions requested in order to meet operational needs.

The OAD transaction is used, where applicable, to adjust salaries and benefits funding for currently authorized positions related to this issue.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests \$2,000,000 from the General Revenue Fund to purchase various security enhancement equipment, such as: netting systems for throw overs, metal detectors, radios, security system upgrades, recreation tower equipment, location tracking systems, intercoms for mental health units, cell phone detectors, drone detection systems, ID verification systems, warehouse x-ray inspection systems, perimeter cameras, motion lights for perimeter, rapid ID for visitors, narcotics canines, grounds maintenance equipment, and body cameras.

Many of the equipment items that are currently used for the above operations are in poor condition and need to be replaced as the useful lifespan (typically 10 years) of the product is expiring. However, there is also a need for security enhancements, such as key watcher systems, biometric hand scanners, heartbeat detector systems, and specialty impact munitions for emergency response teams, which will improve public, staff and inmate safety.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

In this issue, the Florida Department of Corrections (FDC) requests a reduction of 772 FTE positions amounting to a \$72,940,224 reduction in General Revenue Fund recurring expenditures contingent upon the enactment of a proposed revision in current law determining where certain felony offenders are to be incarcerated until the expiration of their sentence. Specifically, the FTEs in question are associated with the reception, custody, and release of inmates slated to spend less than one year in FDC facilities. Should the change in sentencing statute not take place, the FTEs cannot be reduced without significantly harming FDC's ability to conduct operations.

Pursuant to Section 944.17 (3)(a), Florida Statutes, "notwithstanding the provisions of s. 948.03, only those persons who are convicted and sentenced in circuit court to a cumulative sentence of incarceration for 1 year or more, whether sentence is imposed in the same or separate circuits, may be received by the department into the state correctional system. Such persons shall be delivered to the custody of the department at such reception and classification centers as shall be provided for this purpose." This proposal requires changes to statute so that such persons will be delivered to FDC only if they have more than twelve months left to serve on their court-imposed sentence.

Currently, individuals who are sentenced to 1 year or more often spend a much shorter period of time in Department

custody, sometimes as few as six weeks, due to credit for time served and other factors. In addition to the basic costs of supervising these inmates, this state of affairs is costly to the Department and to the State since all inmates must go through the same resource intensive reception process for diagnostic and classification purposes, regardless of the amount of time on their sentence. The reception process itself can take weeks prior to the inmate's transfer to a permanent correctional institution. Likewise, inmates in the prison system require an array of program services and case management to prepare them for transition and release back into the community.

FDC requests flexibility to move FTEs among budget entities within the Security and Institutional Operations program to ensure the effectiveness of this initiative.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests \$609,587 from the General Revenue Fund to provide physical examination, prior to job assignment, for employees who have direct contact with inmates.

The Department is 100% Non-Compliant with the American Corrections Association (ACA) standard (4-4062), which requires "Written policy, procedure, and practice provide that employees who have direct contact with inmates receive a physical examination prior to job assignment. All other employees receive a medical screening prior to job assignment."

The cost for physical/drug test/TB test is \$209.48 and will impact 2,910 FTE.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

COVERED/ENCLOSED EXERCISE AREAS 4A00030
 OPERATING CAPITAL OUTLAY 060000

GENERAL REVENUE FUND -STATE 1,340,000 1,340,000 1000 1

=====

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests \$1,340,000 from the General Revenue Fund to provide a covered/enclosed exercise area to be used during inclement weather.

The Department is 82% Non-Compliant with the American Corrections Association (ACA) standard (4-4154), which requires "Both outdoor and covered/enclosed exercise areas for general population inmates are provided in sufficient number to ensure that each inmate is offered at least one hour of access daily. Use of outdoor areas is preferred, but covered/enclosed areas must be available for use in inclement weather. Covered/enclosed areas can be designed for multiple use, as long as the design and furnishings do not interfere with scheduled exercise activities. The minimum space requirements for exercise area are as follows: Covered/enclosed exercise areas in facilities where 100 or more inmates utilize one recreation area 15 square feet per inmate for the maximum number of inmates expected to use the space at one time, with a minimum ceiling height of 18 feet, but not less than 1,000 square feet of unencumbered space."

To ensure compliance with this ACA standard, the Department would be required to make a one-time purchase of 67 pre-engineered metal pavilions with an estimated unit cost of \$20,000.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

Florida Department of Corrections (FDC) currently lacks the staff to meet the minimum out of cell recreation and exercise requirements mandated by Florida Administrative Code or the nationally accepted standards for the ethical and humane treatment of prisoners in special management housing. To solve this problem, FDC requests \$8,683,290 from the General Revenue Fund to fund 132 FTE to provide ability to safely conduct recreation in segregation units. This is year 1 of a 5 year issue to provide required staffing at all Department facilities.

The Department is 100% Non-Compliant with the American Corrections Association (ACA) standard (4-4270, renumbered to 5-4A-4270), which requires "Written policy, procedure, and practice provide that inmates in segregation receive a minimum

of one hour of exercise per day outside their cells, five days per week, unless security or safety considerations dictate otherwise." The ACA stance on this issue is "Inmates in special management housing should be provided with the opportunity to exercise in an area designated for this purpose, with opportunities to exercise outdoors, weather permitting, unless security or safety considerations dictate otherwise." Florida Administrative Code 33-602.221, and 33-602.222 currently require a minimum of three hours per week of outdoor exercise. Additional staffing would allow for staff to safely conduct additional recreation hours while still conducting other duties that affect the quality of life of the offenders in our care.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

The Florida Department of Corrections successfully completed year one of the three year plan to implement the 8.5 hour shift model as the critical solution to correct the Correctional Officer attrition.

Between Fiscal Years 2007-08 and 2018-19, in a series of cost saving measures, more than 3,600 FTE were cut from the Department. Many of these cuts were taken in FY 2012-13, when the Department went from 8 to 12-hour shifts. Extending an officer's shift length in a physically dangerous and morally hazardous environment is physically, mentally, and emotionally grueling beyond most people's ability to comprehend. Coupled with the reduction of staffing positions, a 12 hour shift often turns into a 16 hour shift and days off lost to mandatory overtime. This results in a situation where a

8.5 HOUR SHIFT				4300140

very large number of corrections officers quit soon after exposure to the environment. Throughout FDC, in any given week, well over two thousand critical security posts are left unmanned for at least some period of time because there is simply no one to fill them. Those that are filled, because of the attrition rates, are often filled by inexperienced officers who lack the seasoned judgement needed to exercise their responsibilities with prudence. The results in terms of inmate criminality, violence, and victimization speak for themselves.

FDC's analysis indicates that returning to 8.5 hour shifts is critical for addressing the causes of staff attrition and fixing the personnel shortfall. Last year the Legislature agreed and funded the beginning of the process to move back to the shorter shift. Although it is early in the process, feedback from officers and inmates has been positive.

This year, FDC requests \$26,159,158 from the General Revenue Fund to fund 330 FTE for year 2 of a 3 year plan to convert approximately one third of its institutions to an 8.5 hour shift schedule at the currently funded relief factor of 1.66. It directly addresses the working environment conditions that represent an unacceptable level of risk to public safety, the safety and security of in Florida's corrections institutions. The additional .5 hour shift will allow for shift briefings and travel time to/from post assignments.

Some of the statistics impacting FDC's analysis and the request can be seen below:

Between FY 2009-10 to FY 2018-19 (during which time FDC converted to 12-hour shifts):

- CO turnover increased 150%.
- COs with less than two years of experience increased by 67%.
- Inmate on inmate assaults increased 67%.
- Inmate assaults on staff increased 46%.
- Introduction of contraband increased 484%.
- Inmate gang populations increased 141%.
- Use of force incidents increased more than 54% from 6,266 to 9,672.
- CO series overtime increased 549% to backfill vacant positions (FDC has spent an average of \$48.5 million per year in overtime since converting to 12-hour shifts - in the four years before converting to 12-hour shifts, FDC spent an average of \$9.7 million per year in overtime)

In the most recent Fiscal Year (FY 2019-20):

- The CO turnover rate was 36%.
- 48% of COs had less than two years of experience, and 28% had less than one year of experience.
- There were 3,829 inmate on inmate assaults.
- There were 1,330 inmate on staff assaults.
- There were 23,095 contraband incidents.
- There were 16,563 identified gang members - 18.9% of the total population.

 SECURITY
 8.5 HOUR SHIFT

-The Department paid more than \$82 million in overtime.

Other key statistics:

- 41% of COs terminate their employment within 12 months of being hired.
- 57% of COs terminate their employment within two years of being hired.
- As of July 31, 2020, the median years of service for COs was 1.9 years.
- As of July 26, 2020, 23 facilities had a vacancy rate above 10%, eight of which had a vacancy rate over 20%.
- In June 2020, there were a total of 1,941 filled CO positions that were unavailable due to workers compensation, FMLA, extended illness, military leave, resignations, or dismissals.
- The Department spends approximately \$36,226 on costs related to turnover for each CO the separates from the Department (this includes separation and hiring processing costs, training costs, and overtime costs as a result of backfilling while new officers move through the certification process).
- During FY 2019-20, more than 4,400 COs separated from the department, which cost more than \$159 million.

FDC expects numerous benefits of the 8.5 hour shift model, including:

- Reduction in turnover.
- Reduction in staff fatigue often associated with increased amounts of required overtime.
- Reduction in inmate-on-inmate violence, and other incidences potentially detrimental to the safety of the public, staff, and inmates.
- Reduction in staff misconduct, which is often associated with staff fatigue, shortages and isolated assignments.
- Reduction of unmanned posts due to lack of coverage.
- Increased continuity of facility operations and effectiveness. Current 12 hour shifts have security personnel working four independent shifts. These shifts often differ in ways that negatively affect the institution's environment and staff accountability. Eight and a half hour shifts maintain a constant flow of operations and accountability by offering sustainable and constant work assignments.
- Reduction in expenditure of unbudgeted overtime dollars.
- Reduction in unscheduled absences.
- Reduction in overall sick leave usage

In addition to FDC's own analysis, the Department underwent three separate reviews conducted by experts in the field of correctional facility operations. The National Institute of Corrections, the Association of State Correctional Administrators (ASCA), and the consulting firm of CGL contracted through OPPAGA at the Senate's request, conducted extensive reviews focused on security policy and operations. In each of the three final reports, the experts identified issues and concerns related to use of 12 hour shifts. All three entities recommended that the Department return to 8 hour shifts.

OAD transaction was used to request additional funds in order to compensate newly requested and currently authorized officers for an extra half-hour of work on each shift for pre- and post-shift briefings. Base rate for Correctional Officers, Correctional Officer Sergeants, and Correctional Officer Lieutenants was increased in SB 7022 passed during the 2017 Legislative Session. However, LASPBS still reflects the base rates prior to the increases. This request for new FTE reflects the correct base as approved in SB 7022.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

One factor in the increased violence in Florida Department of Corrections (FDC) institutions is the rise of Security Threat Groups (STGs). STGs are formal or informal ongoing groups, gangs, organization or associations consisting of three or more members who have a common name or common identifying signs, colors, or symbols. STG members/associates engage in a pattern of gang activity or department rule violations.

STG presence among inmates has more than doubled in the last ten years. That said, the danger to public safety represented by STGs must be addressed. The Legislature recognized the need last year and funded the first group of dedicated STG Sergeants. This year, year two of a three year plan, FDC requests \$1,068,102 from the General Revenue Fund to fund 15 additional FTE for the addition of one Correctional Officer Sergeant position to the security rosters at facilities.

Department procedure 607.001 specifies that an institutional staff member is responsible for collecting and reporting all security threat group (STG) information and intelligence to the Chief of Security and Security Threat Intelligence Unit. For many years, staffing shortages have prevented the Department from having a Sergeant dedicated to the STG research and analysis. Instead, an officer must be pulled from a security post to perform this function, which further exacerbates the Department's staffing problems. As STG activity increases, it is more and more important that the Department be able to dedicate resources to the STG research and analysis.

This request funds 15 new Correctional Officer Sergeant positions, which allows the Department to have one Sergeant position at approximately half of the institutions, with an attached Annex, who is dedicated to STG research and analysis. These positions will allow the Department to better manage STGs, improve staffing levels, and increase the safety and security of institutions. In the event this issue is not funded, the Department's ability to manage a growing STG population will be limited, and the Department will continue to experience staff shortages in other critical areas.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

The Florida Department of Corrections' (FDC) targeted retention incentive pay is a critical solution to correct the Correctional Officer and Correctional Probation Officer attrition.

FDC faces historically high turnover rates in the Correctional Officer (CO) and Correctional Probation Officer (CPO) series. Turnover rates for CO and CPO positions have increased as follows:

	COL A03	COL A04	COL A05	
	AGY REQUEST	AGY REQ N/R	AG REQ ANZ	
	FY 2021-22	FY 2021-22	FY 2021-22

PUBLIC PROTECTION				12
<u>ADULT PRISONS</u>				<u>1206.00.00.00</u>
EMPLOYEE RETENTION AND DEVELOPMENT				8500000
RETENTION PAY				8500A10

Fiscal Year	CO's	CPO's
FY 2011-12	18.6%	9.1%
FY 2012-13	17.5%	12.7%
FY 2013-14	19.8%	13.1%
FY 2014-15	22.2%	13.9%
FY 2015-16	28.9%	12.3%
FY 2016-17	32.3%	17.2%
FY 2017-18	32.4%	15.9%
FY 2018-19	35.9%%	20.2%
FY 2019-20	36.3%	15.8%

While some of this turnover rate is due to the stress of extended work schedules and increased demand for overtime in dangerous environments, much of it is also due to FDC's inability to compete with the higher salaries paid by counties, Sheriff's Offices, and other state law enforcement agencies. To address the pay disparity aspect of dealing with critically low staffing levels, FDC requests a total of \$4,924,979 from the General Revenue Fund in the form of a targeted retention pay step plan to provide a \$1,000 retention increase for employees reaching 5 years between Oct 1, 2020 and Sept 30, 2021; \$1,000 retention increase for employees reaching 2 years between Oct 1, 2020 and Sept 30, 2021; and \$500 for new hires between Oct 1, 2020 and Sept 30, 2021. The retention increase applies to Correctional Officer-Colonel, Correctional Probation Officer-Senior Supervisor and Inspector-Inspector Supervisor.

Other key CO statistics:

- Currently, more than 31% of FDC's CO's have less one year of experience as of June 30, 2020, which impacts both the safety and security of other officers as well as those under the department's custody.
- 42% of COs terminate their employment within 12 months of being hired
- 57% of COs terminate their employment within two years of being hired.
- As of July 31, 2019, the median years of service for COs was 2.2 years.
- As of July 26, 2019, 26 facilities had a vacancy rate above 10%, eight of which had a vacancy rate over 20%.
- In June 2019, there were a total of 1,954 filled CO positions that were unavailable due to workers compensation, FMLA, extended illness, military leave, resignations, or dismissals.
- The Department spends approximately \$36,226 on costs related to turnover for each CO that separates from the Department (this includes separation and hiring processing costs, training costs, and overtime costs as a result of backfilling while new officers move through the certification process).
- During FY 2018-19, more than 4,400 COs separated from the department, which cost more than \$159 million.
- 43 Florida counties pay their COs more than FDC's base CO salary.
- Of the 10 largest prison systems in the country, Florida ranks 8th in starting CO salaries (the average is \$40,092).

Other key CPO statistics

- Currently, more than 35% of FDC's CPO's have less than one year of experience as of June 30, 2020, which impacts

both the safety and security of other officers as well as those under the department's supervision..
 -FDC CPO salaries (\$33,607) are significantly less than the national average (\$58,790).

Inspector General statistics:

- According to DMS, the average FDC Inspector base salary (\$41,828) as of September 2020, was significantly less than the state average (\$53,241) and the national average (\$57,519).
- Of the 125 established IG positions, an average of 114 were filled in FY 2019-20 - an 8.8% vacancy rate.
- In FY 2019-20, there was a total of 22,684 activities assigned to Inspectors.
- FDC Inspectors average caseload over the last three fiscal years is approximately 139 cases per inspector. In FY 2017-18, the Chief IG reported that a manageable caseload for Inspectors is 62-67 cases per Inspector.

Total for each area is Security (CO) \$4,455,694, Community Corrections (CPO) \$434,837, and Inspector General \$34,448.

The OAD transaction was used to adjust salaries and benefits funding for approved salary increases in the correctional officer series.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to create and sustain vibrant, safe, healthy and resilient communities that attract workers, resilient, businesses and visitors.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests the realignment of various categories funding within the Security and Institutional Operations program area budget entities. This action will greatly assist in streamlining the processing of payments and reduce the number of budget actions requested in order to meet operational needs.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests the realignment of various categories funding within the Security and Institutional Operations program area budget entities. This action will greatly assist in streamlining the processing of payments and reduce the number of budget actions requested in order to meet operational needs.

The OAD transaction is used, where applicable, to adjust salaries and benefits funding for currently authorized positions related to this issue.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: IT COMPONENT? NO
 The state's financial statements report capital assets in accordance with standards established by the Governmental Accounting Standards Board (GASB). Capital assets are real or personal property used in operations with a cost equal to or greater than an established capitalization threshold and an estimated useful life extending beyond one year. Per changes to Chapter 69I-72, State-Owned Tangible Personal Property, of the Florida Administrative Code, the threshold for new purchases of State-Owned Tangible Personal Property increased from \$1,000 to \$5,000 effective July 1, 2020.

This is a request to transfer funding from Operating Capital Outlay (OCO) to Expenses to account for projected costs associated with expenditures that no longer meet this requirement.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests the realignment of various categories funding within the Security and Institutional Operations program area budget entities. This action will greatly assist in streamlining the processing of payments and reduce the number of budget actions requested in order to meet operational needs.

The OAD transaction is used, where applicable, to adjust salaries and benefits funding for currently authorized positions related to this issue.

AGENCY ISSUE NARRATIVE:				
2021-2022 BUDGET YEAR NARRATIVE: IT COMPONENT? NO				
The state's financial statements report capital assets in accordance with standards established by the Governmental Accounting Standards Board (GASB). Capital assets are real or personal property used in operations with a cost equal to or greater than an established capitalization threshold and an estimated useful life extending beyond one year. Per changes to Chapter 69I-72, State-Owned Tangible Personal Property, of the Florida Administrative Code, the threshold for new purchases of State-Owned Tangible Personal Property increased from \$1,000 to \$5,000 effective July 1, 2020.				
This is a request to transfer funding from Operating Capital Outlay (OCO) to Expenses to account for projected costs associated with expenditures that no longer meet this requirement.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests the realignment of various categories funding within the Security and Institutional Operations program area budget entities. This action will greatly assist in streamlining the processing of payments and reduce the number of budget actions requested in order to meet operational needs.

The OAD transaction is used, where applicable, to adjust salaries and benefits funding for currently authorized positions related to this issue.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests \$4,561,491 from the General Revenue Fund to fund 37 Inspector General FTE, 5 Office of Human Resources Fte, and 5 Admission and Release FTE. These additional positions are to address increased workload associated with statutory revisions.

HB 573 clarified the 180-day requirement to initiate discipline contained in s. 112.532 F.S., to include internally generated matters. The department will be required to deliver to the employee a Pre-Determination Conference (PDC) letter

within 180 days from the first report of a violation leading to the disciplinary action. This timeframe can be tolled during the pendency of a criminal investigation, Governor declared state of emergency or incapacitation or otherwise availability of the subject officer. This revision impacts the workload of the Office of the Inspector General and the Office of Human Resources.

Office of the Inspector General

The Office of the Inspector General (OIG) averages 500 administrative investigation cases annually and 10,500 Use of Force reports (UOF). In Fiscal Year 18-19, the OIG initiated 544 administrative investigations with an average day open of 288. Of the 544 initiated, 233 exceed 180 days. In addition to the administrative investigations initiated, 1,593 complaint reviews were initiated with the average number of days opened of 106 days and 9,664 uses of force requiring a compliance review. The OIG, on average, has 86 inspectors assigned investigative duties, considering current vacancy rate, and inspectors assigned other duties related to intake, UOF compliance review, evidence and professional compliance. In order to lessen the number of days a case is opened and timely review of uses of force received would require a 43% increase of investigative staff.

Office of Human Resources

In Fiscal Year 2019-20, the Office of Human Resources received approximately 6,726 actions in the Employee Relations unit. Of those actions, 3,189 actions went through a lengthy discipline process. There are currently 12 FTE that handle disciplinary actions. There is constant turnover in this unit due to the heavy volume of workload. Turnaround time increases with each vacancy, due to the actions being reassigned to a current FTE, and then the training on new employees. The current staff of 12 FTE is insufficient to ensure that each disciplinary infraction is processed and tracked within the timelines set by the 180 day requirement.

Bureau of Admission and Release

Under Amendment IV/SB 7066 (Voter Restoration), the department is now statutorily required to educate and inform all inmates/offenders regarding the restoration of voting rights and provide each inmate who is being released without supervision all financial obligations to include court fees, costs, fines and restitution. Of the 30,000 releases each year, at least 20,000 will require processing to include entry, investigation, verification, etc.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to improve the efficiency and effectiveness of government agencies at all levels.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

The Florida Department of Corrections' (FDC) targeted retention incentive pay is a critical solution to correct the Correctional Officer and Correctional Probation Officer attrition.

FDC faces historically high turnover rates in the Correctional Officer (CO) and Correctional Probation Officer (CPO)

RETENTION PAY				8500A10

series. Turnover rates for CO and CPO positions have increased as follows:

Fiscal Year	CO's	CPO's
FY 2011-12	18.6%	9.1%
FY 2012-13	17.5%	12.7%
FY 2013-14	19.8%	13.1%
FY 2014-15	22.2%	13.9%
FY 2015-16	28.9%	12.3%
FY 2016-17	32.3%	17.2%
FY 2017-18	32.4%	15.9%
FY 2018-19	35.9%	20.2%
FY 2019-20	36.3%	15.8%

While some of this turnover rate is due to the stress of extended work schedules and increased demand for overtime in dangerous environments, much of it is also due to FDC's inability to compete with the higher salaries paid by counties, Sheriff's Offices, and other state law enforcement agencies. To address the pay disparity aspect of dealing with critically low staffing levels, FDC requests a total of \$4,924,979 from the General Revenue Fund in the form of a targeted retention pay step plan to provide a \$1,000 retention increase for employees reaching 5 years between Oct 1, 2020 and Sept 30, 2021; \$1,000 retention increase for employees reaching 2 years between Oct 1, 2020 and Sept 30, 2021; and \$500 for new hires between Oct 1, 2020 and Sept 30, 2021. The retention increase applies to Correctional Officer-Colonel, Correctional Probation Officer-Senior Supervisor and Inspector-Inspector Supervisor.

Other key CO statistics:

- Currently, more than 31% of FDC's CO's have less one year of experience as of June 30, 2020, which impacts both the safety and security of other officers as well as those under the department's custody.
- 42% of COs terminate their employment within 12 months of being hired
- 57% of COs terminate their employment within two years of being hired.
- As of July 31, 2019, the median years of service for COs was 2.2 years.
- As of July 26, 2019, 26 facilities had a vacancy rate above 10%, eight of which had a vacancy rate over 20%.
- In June 2019, there were a total of 1,954 filled CO positions that were unavailable due to workers compensation, FMLA, extended illness, military leave, resignations, or dismissals.
- The Department spends approximately \$36,226 on costs related to turnover for each CO that separates from the Department (this includes separation and hiring processing costs, training costs, and overtime costs as a result of backfilling while new officers move through the certification process).
- During FY 2018-19, more than 4,400 COs separated from the department, which cost more than \$159 million.
- 43 Florida counties pay their COs more than FDC's base CO salary.
- Of the 10 largest prison systems in the country, Florida ranks 8th in starting CO salaries (the average is \$40,092).

-Currently, more than 35% of FDC's CPO's have less than one year of experience as of June 30, 2020, which impacts both the safety and security of other officers as well as those under the department's supervision..
 -FDC CPO salaries (\$33,607) are significantly less than the national average (\$58,790).

Inspector General statistics:

- According to DMS, the average FDC Inspector base salary (\$41,828) as of September 2020, was significantly less than the state average (\$53,241) and the national average (\$57,519).
- Of the 125 established IG positions, an average of 114 were filled in FY 2019-20 - an 8.8% vacancy rate.
- In FY 2019-20, there was a total of 22,684 activities assigned to Inspectors.
- FDC Inspectors average caseload over the last three fiscal years is approximately 139 cases per inspector. In FY 2017-18, the Chief IG reported that a manageable caseload for Inspectors is 62-67 cases per Inspector.

Total for each area is Security (CO) \$4,455,694, Community Corrections (CPO) \$434,837, and Inspector General \$34,448.

The OAD transaction was used to adjust salaries and benefits funding for approved salary increases in the correctional officer series.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to create and sustain vibrant, safe, healthy and resilient communities that attract workers, resilient, businesses and visitors.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

The state's financial statements report capital assets in accordance with standards established by the Governmental Accounting Standards Board (GASB). Capital assets are real or personal property used in operations with a cost equal to or greater than an established capitalization threshold and an estimated useful life extending beyond one year. Per changes to Chapter 69I-72, State-Owned Tangible Personal Property, of the Florida Administrative Code, the threshold for new purchases of State-Owned Tangible Personal Property increased from \$1,000 to \$5,000 effective July 1, 2020.

This is a request to transfer funding from Operating Capital Outlay (OCO) to Expenses to account for projected costs associated with expenditures that no longer meet this requirement.

exceeds the Department of Management Services (DMS) eligibly standards for disposal based upon mileage and 61% of these vehicles meet the standard for age. Often department vehicles will meet the standard for mileage in a very short period. Requiring department personnel and inmates to use vehicles that do not meet DMS's mandated requirements for age and operability puts the State's liability at risk.

The Office of Institutions is responsible for the routine movement of thousands of inmates in the state's custody and care. Movements of inmates are required for a variety of reasons including reception, custody level changes, medical needs, programming requirements, facility management, emergency response and overall population management.

AGENCY NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: CORRECTIONAL FAC-LEASE PUR IT COMPONENT? NO

This issue requests \$650,000 in recurring appropriation in the Correctional Facility-Lease Purchase category to facilitate the bond financed construction of a laundry facility at Dade Correctional Institution(Miami-Dade County), a medical facility at New River Correctional Institution (Bradford County), a new maintenance facility at Union Correctional Institution (Union County) and the pre-construction Architectural and Engineering services related for the site planning and design of a new food services facility at Cross City Correctional Institution (Dixie County).

The State of Florida is proposing to issue \$8,350,000 of debt or obligation for the purpose of financing the construction of new support facilities at four (4) major institutions. This debt or obligation is expected to be repaid over a period of 20 years. At a forecasted interest rate of 4.5%, total interest paid over the life of the debt or obligation will be \$4,308,150.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to create and sustain vibrant, safe, healthy and resilient communities that attract workers, residents, businesses, and visitors.

-----------------------------	------------	------------	--	--	--	--	--------

AGENCY NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: MAJ REP,RENO & IMP/MAJ INS IT COMPONENT? NO

This issue requests \$10,582,000 in Fixed Capital Outlay funding from the General Revenue Fund for Fiscal Year 2021-22 to address major repair and renovations at Florida Department of Corrections (FDC) facilities statewide. The Department is responsible for the major repair and renovation needs of over 145 facilities statewide, which equates to more than 22 million square feet of space. Many of these institutions are old and the physical plant systems are well past their operational life expectancy. Operating them in their current condition adversely affects meeting habitability and life-safety standards and imposes significant risk of liability to the State. The Fiscal Year 2021-22 request for major repairs and renovations is to address the most critical needs including, \$8.9 million for infrastructure improvements at facilities statewide, \$734,842 for major renovations at various facilities statewide and \$985,000 for the demolition of condemned hospital building at Union(Union County). If the requested funding is not obtained, then the Department will be unable to maintain the physical condition of the institutions and the working, living, and programmatic environments within these facilities will further deteriorate, increasing what is already a liability risk.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to create and sustain vibrant,

AGENCY NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: IMPROVS/SECURITY SYSTEMS IT COMPONENT? NO

This issue requests \$2,668,000 in Fixed Capital Outlay (FCO) from the General Revenue Fund for Fiscal Year 2021-22 to address the most critical needs to replace doors, locks and controllers throughout Dade Correctional Institution(Miami-Dade County) and South Florida Reception Center(Miami-Dade). The current security systems have not been updated in years and their current state puts security and public safety at risk.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to create and sustain vibrant, safe, healthy and resilient communities that attract workers, residents, businesses, and visitors.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

The Florida Department of Corrections' (FDC) targeted retention incentive pay is a critical solution to correct the Correctional Officer and Correctional Probation Officer attrition.

FDC faces historically high turnover rates in the Correctional Officer (CO) and Correctional Probation Officer (CPO) series. Turnover rates for CO and CPO positions have increased as follows:

Fiscal Year	CO's	CPO's
FY 2011-12	18.6%	9.1%
FY 2012-13	17.5%	12.7%
FY 2013-14	19.8%	13.1%

	COL A03	COL A04	COL A05	
	AGY REQUEST	AGY REQ N/R	AG REQ ANZ	
	FY 2021-22	FY 2021-22	FY 2021-22

				AMOUNT
				CODES
CORRECTIONS, DEPT OF				70000000
PGM: COMMUNITY CORRECTIONS				70050000
<u>COMMUNITY SUPERVISION</u>				70050100
PUBLIC PROTECTION				12
<u>ADULT PRISONS</u>				<u>1206.00.00.00</u>
EMPLOYEE RETENTION AND DEVELOPMENT				8500000
RETENTION PAY				8500A10
	FY 2014-15	22.2%	13.9%	
	FY 2015-16	28.9%	12.3%	
	FY 2016-17	32.3%	17.2%	
	FY 2017-18	32.4%	15.9%	
	FY 2018-19	35.9%%	20.2%	
	FY 2019-20	36.3%	15.8%	

While some of this turnover rate is due to the stress of extended work schedules and increased demand for overtime in dangerous environments, much of it is also due to FDC's inability to compete with the higher salaries paid by counties, Sheriff's Offices, and other state law enforcement agencies. To address the pay disparity aspect of dealing with critically low staffing levels, FDC requests a total of \$4,924,979 from the General Revenue Fund in the form of a targeted retention pay step plan to provide a \$1,000 retention increase for employees reaching 5 years between Oct 1, 2020 and Sept 30, 2021; \$1,000 retention increase for employees reaching 2 years between Oct 1, 2020 and Sept 30, 2021; and \$500 for new hires between Oct 1, 2020 and Sept 30, 2021. The retention increase applies to Correctional Officer-Colonel, Correctional Probation Officer-Senior Supervisor and Inspector-Inspector Supervisor.

Other key CO statistics:

- Currently, more than 31% of FDC's CO's have less one year of experience as of June 30, 2020, which impacts both the safety and security of other officers as well as those under the department's custody.
- 42% of COs terminate their employment within 12 months of being hired
- 57% of COs terminate their employment within two years of being hired.
- As of July 31, 2019, the median years of service for COs was 2.2 years.
- As of July 26, 2019, 26 facilities had a vacancy rate above 10%, eight of which had a vacancy rate over 20%.
- In June 2019, there were a total of 1,954 filled CO positions that were unavailable due to workers compensation, FMLA, extended illness, military leave, resignations, or dismissals.
- The Department spends approximately \$36,226 on costs related to turnover for each CO that separates from the Department (this includes separation and hiring processing costs, training costs, and overtime costs as a result of backfilling while new officers move through the certification process).
- During FY 2018-19, more than 4,400 COs separated from the department, which cost more than \$159 million.
- 43 Florida counties pay their COs more than FDC's base CO salary.
- Of the 10 largest prison systems in the country, Florida ranks 8th in starting CO salaries (the average is \$40,092).

Other key CPO statistics

- Currently, more than 35% of FDC's CPO's have less than one year of experience as of June 30, 2020, which impacts both the safety and security of other officers as well as those under the department's supervision..
- FDC CPO salaries (\$33,607) are significantly less than the national average (\$58,790).

Inspector General statistics:

- According to DMS, the average FDC Inspector base salary (\$41,828) as of September 2020, was significantly less

than the state average (\$53,241) and the national average (\$57,519).
 -Of the 125 established IG positions, an average of 114 were filled in FY 2019-20 - an 8.8% vacancy rate.
 -In FY 2019-20, there was a total of 22,684 activities assigned to Inspectors.
 -FDC Inspectors average caseload over the last three fiscal years is approximately 139 cases per inspector. In FY 2017-18, the Chief IG reported that a manageable caseload for Inspectors is 62-67 cases per Inspector.

Total for each area is Security (CO) \$4,455,694, Community Corrections (CPO) \$434,837, and Inspector General \$34,448.

The OAD transaction was used to adjust salaries and benefits funding for approved salary increases in the correctional officer series.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to create and sustain vibrant, safe, healthy and resilient communities that attract workers, resilient, businesses and visitors.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

In this issue, the Florida Department of Corrections (FDC) requests a reduction of 772 FTE positions amounting to a \$72,940,224 reduction in General Revenue Fund recurring expenditures contingent upon the enactment of a proposed revision in current law determining where certain felony offenders are to be incarcerated until the expiration of their sentence. Specifically, the FTEs in question are associated with the reception, custody, and release of inmates slated to spend less than one year in FDC facilities. Should the change in sentencing statute not take place, the FTEs cannot be reduced without significantly harming FDC's ability to conduct operations.

Pursuant to Section 944.17 (3)(a), Florida Statutes, "notwithstanding the provisions of s. 948.03, only those persons who are convicted and sentenced in circuit court to a cumulative sentence of incarceration for 1 year or more, whether sentence is imposed in the same or separate circuits, may be received by the department into the state correctional system. Such persons shall be delivered to the custody of the department at such reception and classification centers as shall be provided for this purpose." This proposal requires changes to statute so that such persons will be delivered to FDC only if they have more than twelve months left to serve on their court-imposed sentence.

Currently, individuals who are sentenced to 1 year or more often spend a much shorter period of time in Department custody, sometimes as few as six weeks, due to credit for time served and other factors. In addition to the basic costs of supervising these inmates, this state of affairs is costly to the Department and to the State since all inmates must go through the same resource intensive reception process for diagnostic and classification purposes, regardless of the amount of time on their sentence. The reception process itself can take weeks prior to the inmate's transfer to a permanent correctional institution. Likewise, inmates in the prison system require an array of program services and case management to prepare them for transition and release back into the community.

FDC requests flexibility to move FTEs among budget entities within the Security and Institutional Operations program to ensure the effectiveness of this initiative.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests 5 FTEs to create a contract monitoring team in Region 4. This team is needed to effectively monitor the provision of medical, mental health and dental services provided by contractor(s), as well as litigation requirements.

When the Department outsourced health services in 2013, the Office of Health Services requested four (4) regional monitoring teams to monitor the provision of health care services. At that time, FDC's leadership decided to contract the number of regions from four (4) to three (3). Based on that alignment, the Department received enough positions to staff only three (3) regional teams. Subsequently, FDC increased the number of regions from three (3) back to four (4) resulting in the need for additional resources to effectively monitor Region 4's health services.

From Fiscal Year 2012-13 to Fiscal Year 2019-20, the cost of contracted health care services increased from \$278 million to \$421 million. A significant portion of the \$143 million increase is related to litigation requirements. By adding these positions, the Department will improve its ability to monitor health outcomes and the effectiveness of service delivery. In addition, enhanced technical assistance will be provided to Regional Directors, Wardens and institutional staff.

These positions will result in a full team of contract monitors in each region. Contract monitoring costs are paid as a pass-through from the contractor's administrative fee. Therefore, there will be no cost to the state.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to ensure Floridians in all communities and life stages have opportunities to achieve healthier outcomes and societal contributions.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests \$2,000,000 in contracted drug abuse services from the General Revenue Fund to increase substance use treatment services.

Approximately 59% of the total inmate population is in need of substance use treatment services. However, only 20% of these inmates actually receive services. Programs that focus on changing drug-abuse and criminal behaviors of program participants with histories of substance abuse and developing the social skills are necessary for the program participants' to successfully transition back into society. Every \$1 million investment allows the department to provide an additional 800 inmates with substance use treatment services. By providing a \$2 million investment approximately 1,600 more inmates will receive services and treatment prior to release. Dependent upon level of care, substance use treatment services save taxpayers approximately \$2,800-\$3,790 per participant. Total return on investment ranges from \$9,347 - \$12,232.00.

Return on Investment Reference: Washington State Institute for Public Policy

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to ensure Floridians in all communities and life stages have opportunities to achieve healthier outcomes and societal contributions.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

One of the major contributing factors to violence in any corrections system, Florida's included, is inmate idleness. Inmates without a meaningful active purpose for their time often make choices injurious to themselves and others. In addition to supporting the health of inmates and reducing healthcare costs to the state, well thought out and executed wellness programs reduce incidents of disciplinary action by reducing inmate idleness.

In 2020, the Legislature recognized that cuts in previous years that eliminated Wellness programming had contributed to the increasing violence throughout the FDC. As a result, the Legislature funded the first group of 34 Wellness Specialists as part of the multi-year plan to reduce inmate idleness, addiction, and violence and to reduce the resultant risk to the State's liability. This year, FDC requests \$859,302 and 15 FTE from the General Revenue Fund for year two of a three year plan to establish wellness programs at major facilities statewide.

Through the department's readiness efforts, a high priority is placed on the preparation for release by providing inmates varying levels of services based on criminogenic need. Criminogenic needs are those factors that are associated with recidivism that can be changed (e.g. antisocial attitudes, criminal peers, substance abuse, education, employment, satisfaction with family life, and financial wellbeing). In this context, it is widely accepted that correctional programs should target the traditional needs listed above through social learning and cognitive-behavioral treatment modalities (Andrews and Bonta, 2003; Andrews, Zinger et al., 1990; Antonowicz and Ross, 1994; Garrett, 1985; Gendreau, 1996; Izzo and Ross, 1990; Lipsey, 1992; Lipsey, Chapman, and Landenberger, 2001; Losel, 1995; Pearson, Lipton, Cleland, and Yee, 2002). Accordingly, a range of services and interventions should be provided that target the specific crime-producing needs of offenders. Research findings show that negative lifestyle habits such as physical inactivity, poor nutrition, and negative stress coping techniques are a serious threat to the health of individuals. It is the

WELLNESS SPECIALISTS				4700770

department's goal to develop, improve, and ready the people in its care to return to their homes and become productive citizens who are equipped to move forward, and not return to prison. In terms of Wellness, it is the department's goal to educate and motivate inmates to implement positive lifestyle habits that will improve the quality of life, prolong life, and re-educate inmates regarding the importance of exercise and other health-related topics. Personnel reductions in past years have resulted in the elimination of the department's Wellness programming. These activities lowered health costs and reduced incidents of disciplinary action by reducing inmate idleness.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to ensure Floridians in all communities and life stages have opportunities to achieve healthier outcomes and societal contributions.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests \$988,069 and 15 FTE from the General Revenue Fund for year one of a multi-year plan to expand academic programs statewide at various institutions.

Personnel reduction in past years has resulted in 18 major institutions without adequate teaching staff to administer programming, testing, and literacy programs. Currently, the department does not have sufficient funding to significantly improve these numbers. Presently, the department has 4,907 academic education seats funded through general revenue and grant funds to educate the entire inmate population.

A meta-analysis published by the Washington State Institute for Public Policy reveals the following: For every dollar spent on Academic Education (basic skills) there is a \$9.65 return, with a 97% chance the program will produce benefits greater than the cost. To meet academic needs of our current population and increase academic instruction, additional funding is required.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

This issue requests \$1,000,000 in contracted services from the General Revenue Fund to expand Career and Technical Education (CTE) programs.

Currently, the department does not have sufficient funding or adequate space and equipment to significantly improve the statewide number of CTE training seats. At the end of FY 19-20, the department's vocational capacity totals 1,776 daily seats which are funded through general revenue and grant funds to educate the entire inmate population. To meet the vocational needs of our current population and increase CTE training opportunities, additional funding is required.

A meta-analysis published by the Washington State Institute for Public Policy concludes that for every dollar spent on CTE (workforce development), a return of \$11.95 is realized, with a 97% chance the program will produce benefits greater than the cost. Additional research studies by the RAND Corporation found that post-release employment is 13 percent higher among prisoners who participated in either academic or vocational programs and 28 percent higher for those who participated in vocational programs alone. The department's research reports similar results in that individuals who completed a CTE program recidivated at a rate of 25.1% less than those who did not complete.

The department's review of both the Florida Department of Economic Opportunity's Occupational Outlook Demand lists and community employers' feedback has provided the department with a comprehensive list of current and projected growth trades. Employment statistical indicators document Florida's need for a skilled workforce and many employment sectors are reporting difficulty in keeping pace with the demand. Concurrently, the department's analysis of current CTE training programs provided by both the agency and college/community education partners, document alignment to Florida's growth industries. This LBR would provide for an expansion of partnerships with local technical/state colleges and industry training providers resulting in an increase of a ready and skilled workforce for Florida's communities. This investment will enable vocational programming to be expanded to 10 additional program sites and allow vocational and industrial certificates earned to increase accordingly. Staffing, program startup, and operating funds are needed to equip inmates with the entry level job skills needed to productively contribute to Florida's communities.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to ensure Floridians in all communities and life stages have opportunities to achieve healthier outcomes and societal contributions.

AGENCY ISSUE NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE:

IT COMPONENT? NO

One of the major contributing factors to violence in any corrections system, Florida's included, is inmate idleness. Inmates without a meaningful active purpose for their time often make choices injurious to themselves and others. Solid educational programming, particularly vocational education, is one of the best ways to both address this problem. Vocational teachers, along with transition and placement specialists, also help support the inmate's eventual successful restoration as a productive member of society. In spite of their importance to reducing violence in prisons and supporting rehabilitation, one of the greatest challenges the Department faces is recruitment and retention of certified teachers. To address this, FDC requests \$1,163,510 from the General Revenue Fund to provide pay increases to education employees not included in Fiscal Year 20-21 teacher raises.

The Department strives to compete with local school districts to attract and retain educators. However, while the Department maintains a consistent vacancy rate, like local school districts, it regularly loses educators to more traditional school settings or industries that include higher pay rates. The greatest challenge to both recruitment and retention is the current approved salary rate. The base salary for Placement/Transition Specialists (PTS)(Master's Degree Education Counselors/Test Administrators) is \$34,501.48 and the base salary for Career and Technical Education (CTE) teachers is \$32,696.82.

The 2020 Legislature recognized this important issue and provided salary adjustments to academic teachers, special education teachers and education supervisors, however, the PTS and CTE employees, critical contributors to the correctional education system, were not included in the salary adjustment. By providing pay parity for these additional education job classes, the Department can attract and retain high-quality educators commiserate to the value the educators bring to the mission of the Department.

OAD transaction is used to adjust salaries and benefits funding for currently authorized positions related to this issue.

This issue is consistent with the Florida Strategic Plan for Economic Development strategy to ensure Floridians in all communities and life stages have opportunities to achieve healthier outcomes and societal contributions.
