IT COMPONENT? NO

Section 216.192, Florida Statutes, requires that annual plans for quarterly releases for all appropriations be developed, approved, and furnished to the Chief Financial Officer for state agencies by the Executive Office of the Governor. The Fiscal Year 20-21 release plan is designed to manage state expenditures as the economy and revenue collections are monitored through the fiscal year. The department's first quarter release was reduced by 1.5%. The release plan also calls for a 1.5% reduction in quarters 2 and 3 with quarter 4 to be determined. This proposal excludes reductions to the Salaries and Benefits (General Revenue only), Electronic Monitoring and Fixed Capital Outlay categories. The vast majority of the department's Salaries and Benefits appropriation is tied to the operation of secure correctional facilities. The department cannot sustain a reduction in Salaries and maintain a safe and secure environment for staff, inmates and visitors.

AGENCY ISSUE NARRATIVE:  
 SCH VIIIIB-1 NARRATIVE:  
 PRIORITY #8

IT COMPONENT? NO

Pursuant to Section 944.17 (3)(a), Florida Statutes, "notwithstanding the provisions of s. 948.03, only those persons who are convicted and sentenced in circuit court to a cumulative sentence of incarceration for 1 year or more, whether sentence is imposed in the same or separate circuits, may be received by the department into the state correctional system. Such persons shall be delivered to the custody of the department at such reception and classification centers as shall be provided for this purpose."

This proposal would require changing the statute from individuals sentenced to 1 year or more being sent to the Department of Corrections (Department) to only sending those with 24 months or more left to serve on their sentence. In many cases, individuals who are sentenced to 2 years or more spend a much shorter period of time in Department custody due to credit for time served and other factors which is costly to the Department since all inmates must go through the same resource intensive process reception process, regardless of the amount of time on their sentence.

RECEPTION

The Department is statutorily mandated to provide for a reception process that fully diagnoses and assesses each and every inmate received into custody to determine his/her needs. This process ensures that inmates are correctly classified for security purposes and placed in facilities best suited to meet the individual's needs identified at intake. The process requires coordination of all units such as Security, Classification, Medical and Mental Health, and Education and Substance Abuse Services. The reception process includes verification of commitment information, medical and mental health exams, property inventory, fingerprinting, formal orientation as well as a myriad of other exams and assessments necessary to comply with statutory mandates. Generally the reception process takes several weeks to complete, but this is dependent upon the inmate's medical and/or mental health needs, which may require more detailed evaluation. All inmates entering the Department of Correction system, regardless of the time they will serve, must go through the same resource intensive reception process.

RELEASE

The release process serves to ensure that inmates are released only after applicable statutory requirements and transitional needs are met. This typically draws in both institutional and community based resources, ranging from the release officer to medical and mental health staff, probation officers, the courts or the Florida Commission of Offender Review, Department of Children and Families, sheriffs offices, and various community service providers. The same resource-intensive process is applicable regardless of the period of incarceration in the Department. The time frame for the release process is such that when incarceration in DOC custody is less than 24 months, and depending on credit for time served, the inmate will have hardly cleared the reception process before the release process begins; sometimes the two overlap.

OFFENDERS SCORING FORTY-FOUR OR						
LESS POINTS						33V0020

The Criminal Punishment Code allows for a non-state prison sanction for offenders scoring 44 or less total points. This proposal would suggest only offenders sentenced to greater than 44 points receive a prison sentence therefore reducing prison admissions. Section 775.082(10) was enacted in 2009 as a prison diversion program to keep certain offenders out of the state prison system and to steer them to community based sanctions that could provide for public safety at a reduced cost. Under this statute the legislature mandates a non-state prison sanction for offenders who are convicted of a third degree, non-forcible felony (third degree felony burglary is not a forcible felony for this purpose) and who score 22 points or less. An exception is made when the court makes a written finding that a non-state sanction could present a danger to the public.

This proposal would expand this sentencing policy to mandate non-state prison for all offenders scoring 44 points or less. Like the offenders that fall within the parameters of s.775.082(10), most of these offenders will be convicted of non-violent crimes that can adequately managed short of a prison term. For those requiring incarceration, the court could still impose a year in jail. Also, this approach takes seriously the scoring system itself, under which a total sentence score of 44 would convert to a 12 month jail term (see s.921.0024(2),  $44 \div 28 \times .75 = 12$ ).

This proposal would require revision to Section 921.0024, Florida Statutes.

AGENCY ISSUE NARRATIVE:  
 SCH VIIIIB-1 NARRATIVE:  
 PRIORITY #3

IT COMPONENT? NO

This issue proposes a one-time lump sum gain time award of up to 180 days to eligible inmates effective January 1, 2021. This reduction could only be achieved with legislative authorization. Inmates serving a life sentence, those with a sex offense as the primary offense and those with a release date more than 180 days past the end of the fiscal year would not be eligible. Inmates would still be required to serve any minimum mandatory sentence such as the 85% requirement. The Department estimates that implementation of this proposal would result in an average daily population reduction of 1,378 inmates in Fiscal Year 2020-21.

 SCH VIIIIB-1 NARRATIVE:  
 PRIORITY #2

IT COMPONENT? NO

Section 216.192, Florida Statutes, requires that annual plans for quarterly releases for all appropriations be developed, approved, and furnished to the Chief Financial Officer for state agencies by the Executive Office of the Governor. The Fiscal Year 20-21 release plan is designed to manage state expenditures as the economy and revenue collections are monitored through the fiscal year. The department's first quarter release was reduced by 1.5%. The release plan also calls for a 1.5% reduction in quarters 2 and 3 with quarter 4 to be determined. This proposal excludes reductions to the Salaries and Benefits (General Revenue only), Electronic Monitoring and Fixed Capital Outlay categories. The vast majority of the department's Salaries and Benefits appropriation is tied to the operation of secure correctional

 PRIORITY #9

Under master agreement with the Florida Department of Transportation (DOT), the Florida Department of Corrections (FDC) provides inmate work squads which perform highway and right-of-way maintenance for DOT districts across the state. The purpose of this agreement is for FDC to provide inmates working under the supervision of FDC ( FDC Supervised Work Crews ) to perform regularly scheduled specific maintenance activities as directed by the DOT, and to provide inmates who are assigned to and working under the supervision of DOT. DOT provides technical assistance and verbal and/or written instructions pertaining to work methods, reporting of production, and use of equipment/tools as required or necessary to perform the assigned tasks.

This proposal would reduce the number of FDC supervised work squads.

AGENCY ISSUE NARRATIVE:  
 SCH VIIIIB-1 NARRATIVE:  
 PRIORITY #2

IT COMPONENT? NO

Section 216.192, Florida Statutes, requires that annual plans for quarterly releases for all appropriations be developed, approved, and furnished to the Chief Financial Officer for state agencies by the Executive Office of the Governor. The Fiscal Year 20-21 release plan is designed to manage state expenditures as the economy and revenue collections are monitored through the fiscal year. The department's first quarter release was reduced by 1.5%. The release plan also calls for a 1.5% reduction in quarters 2 and 3 with quarter 4 to be determined. This proposal excludes reductions to the Salaries and Benefits (General Revenue only), Electronic Monitoring and Fixed Capital Outlay categories. The vast majority of the department's Salaries and Benefits appropriation is tied to the operation of secure correctional facilities. The department cannot sustain a reduction in Salaries and maintain a safe and secure environment for staff, inmates and visitors.

IT COMPONENT? NO

Pursuant to Section 944.17 (3)(a), Florida Statutes, "notwithstanding the provisions of s. 948.03, only those persons who are convicted and sentenced in circuit court to a cumulative sentence of incarceration for 1 year or more, whether sentence is imposed in the same or separate circuits, may be received by the department into the state correctional system. Such persons shall be delivered to the custody of the department at such reception and classification centers as shall be provided for this purpose."

This proposal would require changing the statute from individuals sentenced to 1 year or more being sent to the Department of Corrections (Department) to only sending those with 24 months or more left to serve on their sentence. In many cases, individuals who are sentenced to 2 years or more spend a much shorter period of time in Department custody due to credit for time served and other factors which is costly to the Department since all inmates must go through the same resource intensive process reception process, regardless of the amount of time on their sentence.

RECEPTION

The Department is statutorily mandated to provide for a reception process that fully diagnoses and assesses each and every inmate received into custody to determine his/her needs. This process ensures that inmates are correctly classified for security purposes and placed in facilities best suited to meet the individual's needs identified at intake. The process requires coordination of all units such as Security, Classification, Medical and Mental Health, and Education and Substance Abuse Services. The reception process includes verification of commitment information, medical and mental health exams, property inventory, fingerprinting, formal orientation as well as a myriad of other exams and assessments necessary to comply with statutory mandates. Generally the reception process takes several weeks to complete, but this is

OR MORE				33V0010

dependent upon the inmate's medical and/or mental health needs, which may require more detailed evaluation. All inmates entering the Department of Correction system, regardless of the time they will serve, must go through the same resource intensive reception process.

RELEASE

The release process serves to ensure that inmates are released only after applicable statutory requirements and transitional needs are met. This typically draws in both institutional and community based resources, ranging from the release officer to medical and mental health staff, probation officers, the courts or the Florida Commission of Offender Review, Department of Children and Families, sheriffs offices, and various community service providers. The same resource-intensive process is applicable regardless of the period of incarceration in the Department. The time frame for the release process is such that when incarceration in DOC custody is less than 24 months, and depending on credit for time served, the inmate will have hardly cleared the reception process before the release process begins; sometimes the two overlap.

Below is a listing of the prevalent offenses for the inmates used in the proposal:

The Criminal Punishment Code allows for a non-state prison sanction for offenders scoring 44 or less total points. This proposal would suggest only offenders sentenced to greater than 44 points receive a prison sentence therefore reducing prison admissions. Section 775.082(10) was enacted in 2009 as a prison diversion program to keep certain offenders out of the state prison system and to steer them to community based sanctions that could provide for public safety at a reduced cost. Under this statute the legislature mandates a non-state prison sanction for offenders who are convicted of a third degree, non-forcible felony (third degree felony burglary is not a forcible felony for this purpose) and who score 22 points or less. An exception is made when the court makes a written finding that a non-state sanction could present a danger to the public.

This proposal would expand this sentencing policy to mandate non-state prison for all offenders scoring 44 points or less. Like the offenders that fall within the parameters of s.775.082(10), most of these offenders will be convicted of non-violent crimes that can adequately managed short of a prison term. For those requiring incarceration, the court could

Section 216.192, Florida Statutes, requires that annual plans for quarterly releases for all appropriations be developed, approved, and furnished to the Chief Financial Officer for state agencies by the Executive Office of the Governor. The Fiscal Year 20-21 release plan is designed to manage state expenditures as the economy and revenue collections are monitored through the fiscal year. The department's first quarter release was reduced by 1.5%. The release plan also calls for a 1.5% reduction in quarters 2 and 3 with quarter 4 to be determined. This proposal excludes reductions to the Salaries and Benefits (General Revenue only), Electronic Monitoring and Fixed Capital Outlay categories. The vast majority of the department's Salaries and Benefits appropriation is tied to the operation of secure correctional facilities. The department cannot sustain a reduction in Salaries and maintain a safe and secure environment for staff, inmates and visitors.

IT COMPONENT? NO

Section 216.192, Florida Statutes, requires that annual plans for quarterly releases for all appropriations be developed, approved, and furnished to the Chief Financial Officer for state agencies by the Executive Office of the Governor. The Fiscal Year 20-21 release plan is designed to manage state expenditures as the economy and revenue collections are monitored through the fiscal year. The department's first quarter release was reduced by 1.5%. The release plan also calls for a 1.5% reduction in quarters 2 and 3 with quarter 4 to be determined. This proposal excludes reductions to the Salaries and Benefits (General Revenue only), Electronic Monitoring and Fixed Capital Outlay categories. The vast majority of the department's Salaries and Benefits appropriation is tied to the operation of secure correctional facilities. The department cannot sustain a reduction in Salaries and maintain a safe and secure environment for staff, inmates and visitors.
