ISSUE TITLE: Reduction in Software Licenses

SUMMARY:

This recurring reduction eliminates the information services tool used for accessing Oracle databases and PL/SQL programming. The tool provides an easy and efficient way of writing and testing scripts and database queries, creating data models, and rapidly deploying accurate changes to data structures.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: IT Consultant Reductions

SUMMARY:

This recurring reduction eliminates a number of consultant resources used by the department to augment staffing with specialized skillsets that are not readily available or cost effective for the department to retain. The specific resources and associated impacts include:

- \$176,640 - eliminates the Database Analyst consultant working with the Software & Data Services team. This additional workload would be assigned to staff that are already overtasked and do not currently have the skillset for these duties
- \$176,640 - eliminates the Oracle Developer consultant, which would negatively impact the department's ability to maintain and enhance applications written in Oracle Forms, specifically the Fortune prize payment system
- \$182,400 - eliminates the WebSphere/Java Developer consultant. These services are needed to fully support, maintain and enhance the Lottery's websites and mobile application.
- \$10,000 - eliminates the contract for Windows & Network support for advanced troubleshooting abilities

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

ISSUE TITLE: Eliminate Security Services Contract in District Offices

SUMMARY:

This recurring reduction eliminates budget authority that supports contracted services for armed security in 8 of the department's district offices. This service provides safety to the public and employees and allows the department to effectively respond to any potential critical incidents. The safety of Lottery facilities and the public would be compromised if this service is eliminated.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

ISSUE TITLE: Reduce Travel and Training

SUMMARY:

This nonrecurring reduction relates to reduced costs for travel and training, primarily made possible to the limited travel occurring during a portion of the current fiscal year (Fiscal Year 2020-21). Examples of anticipated savings include:

- Reduced expenditures for fuel and vehicle maintenance;
- Reduced travel/training for Security Officers at the Florida Public Safety Institute, the FDLE Senior Leadership Program, CJIS Annual Training Symposium, and attendance at conferences including the Florida Intelligence Conference, Florida Police Accreditation Coalition Conference, and Governor's Hurricane Conference;
- Reduced training for Information Technology and Accounting staff; and
- Reduced retailer compliance operations, inspections, and Education Program.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

The Lottery has ranked its proposed reductions into three levels of impact:

ISSUE TITLE: Reduce Software and Equipment Purchases

SUMMARY:

This nonrecurring reduction relates to the delay of purchases for necessary software and other equipment. While these purchases can be delayed without significant impacts to operations, these may occur in the future if the purchases cannot be completed. Examples of delayed purchases include:

- Delay upgrade of Vizio software used to complete organizational charts and other documents;
- Delay migration to the most current version of the accounting software used by the department (delaying this upgrade by more than one year may create significant risks for the department's financial data);
- Delay computer monitors replacement;
- Delay purchase of computer to support Information Security Management issues;
- Delay purchase of necessary graphics software; and
- Delay use of consulting services to update the Maestro software (player notification emails are dependent upon this software.

ISSUE TITLE: Reduce Office Supply Usage

SUMMARY:

This nonrecurring reduction relates to reduced office supply costs and is primarily made possible due to the limited number of staff in offices during a portion of the current fiscal year (Fiscal Year 2020-21). As staff return to offices, these expenditures will resume, and budget will be needed to support expenditures for a full fiscal year. Specifically, this issue includes reduced purchases of paper, folders, letterhead, envelopes, toner, and other office incidentals for both staff in the Headquarters building and district offices.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

ISSUE TITLE: Reduction to Contracted Legal Services

SUMMARY:

This recurring issue reduces budget authority in the Contracted Legal Services appropriation category by 77%. The Contracted Legal Services appropriation category is used to contract for legal services to represent the department in various circuit and administrative court matters. Contracting for these services is critical to ensure the department receives adequate legal representation to effectively respond to lawsuits in conjunction with the existing Office of the General Counsel, which is staffed by three attorneys. Given the current workload in the office, and the specialized legal advice presently provided by outside counsel, the loss of this funding would create significant, negative impacts on the department.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

ISSUE TITLE: Staff Reductions in Claims Processing

SUMMARY:

This recurring reduction eliminates 5 of the 14 positions in Claims Processing, which represents a 36% reduction in staffing. Claims Processing receives an average of 9,500 pieces of mail per month and pays an average of 6,000 claims monthly. With the number of claims received, the reduction would significantly impact the department's ability to timely and effectively process claims.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

ISSUE TITLE: Staff Reductions in Retailer Contracting

SUMMARY:

This recurring reduction eliminates 5 positions in Retailer Contracting, which represents a staff reduction of 36%. This reduction would result in serious delays in the retailer application, contract renewal, collections and terminal provisioning processes. Each month the team processes approximately 74 new retailers, 75 ownership changes, 125 terminations, and 130 contract renewals. Delays in retailer application processing negatively impact sales revenue generation. It currently takes about 8 days to process and approve a retailer. Eliminating 5 staff members would result in additional delays in onboarding retailers of up to 30 days, resulting in lost sales for those days. Also, this reduction would impede the Lottery's ability to recover outstanding debt from retailers and result in a greater number of accounts being referred to a collections agency.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

STATE FUNDING REDUCTIONS						3300000
STAFF REDUCTIONS IN SALES						3301310

ISSUE TITLE: Staff Reductions in Sales

SUMMARY:

This recurring reduction eliminates 83 positions, which represents a staff reduction of approximately 42%. These positions include Field Sales Managers, Sales Coordinator, Sales Representatives, Corporate Account Manager, and Lottery Marketing Specialists.

This reduction would result in a tremendous loss of sales and contributions to the Educational Enhancement Trust Fund. It would significantly increase the time between retailer visits from a Sales Representative. The time lost in the field would result in loss point-of-sale placements due to vendors who visit locations frequently and compete for that space. Response times to a get to a retailer location for urgent matters would significantly increase due to expanded territory sizes for a Sales Representative, which could directly impact sales. Examples could include inventory needs, equipment issues, or marketing materials to support product initiatives.

The field service impacts would also negatively impact relationships with corporate partners who comprise more than 50% of the retailers and total sales. Further, lack of proper resources in the field to monitor security issues could result in a significant increase in fraud and theft incidents.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Staff Reductions in Division of Security

SUMMARY:

This recurring reduction eliminates 1 position in the Division of Security, which would have a negative impact on operations. The reduction could result in case openings and processing delays, impact the core security and business systems and day-to-day support of other business units with regards to business applications. This reduction could impact timely completions of: background checks for employees, vendors and retailers; building security; and intelligence analysis.

ISSUE TITLE: Reduction in Criminal Background Screenings

SUMMARY:

This recurring reduction eliminates a criminal background screening at the point of retailer contract renewal, which occurs every four years. Currently, most U.S. Lotteries conduct investigations upon contract renewal. Approximately 15% of Florida Lottery renewals require an evaluation by the Security Division as a result of retailer criminal histories being revealed through a Florida Department of Law Enforcement (FDLE) records search. After Security evaluation,

ISSUE TITLE: Staff Reductions in Brand Management

SUMMARY:

This recurring reduction eliminates 1 of the 8 positions in Brand Management. This reduction could significantly impact the department's ability to conduct the day-to-day business of marketing and advertising on behalf of the Lottery. Reducing the staff could limit on-sight activations, sponsorships and promotions. It could limit oversight for the Draw Studio contract, advertising monitoring, and the advertising budget. It could limit the amount of advertising output that can be managed, e.g., the total number of ads that can be produced. Further, it may impair the department's ability to further enhance Player Education (Play Responsibly) initiatives due to limited resources.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

STAFF REDUCTIONS IN OPERATIONS						3301610

ISSUE TITLE: Staff Reductions in Operations

SUMMARY:

This recurring reduction eliminates 17 positions in Operations (12 vacant and 5 filled). This represents a 31% reduction in staff, and includes reductions in Software and Data Services, Systems, Network and Client Services, Computer Operations, and Production Control. This reduction could lead to the department's inability to effectively maintain the Lottery's critical business applications which could adversely impact the ability to pay prizes and vendors efficiently and promptly. Further, this reduction in staff would require training for remaining staff to maintain and support the network infrastructure and critical business functions.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

ISSUE TITLE: Reduced Use of SUNCOM Services

SUMMARY:

This nonrecurring reduction relates to reduced usage of telecommunications services provided by the Department of Management Services, which is made possible due to the limited number of staff in their offices during a portion of the current fiscal year (Fiscal Year 2020-21). As staff return to offices, consumption will return to the previous levels, and budget will be needed to support expenditures for a full fiscal year. The issue represents a 13% reduction to the budget annually allocated for these expenditures (\$430,000).

ISSUE TITLE: Reduction in Retailer Application Record Checks

SUMMARY:

This nonrecurring reduction represents reduced expenditures for criminal record searches and credit checks on retailer applicants. The issue represents a 6.7% reduction to the budget annually allocated for these expenditures (\$90,800). It is anticipated that this reduction will have a minimal impact in the current fiscal year (Fiscal Year 2020-21), but that expenditures will return to the previous amount in the subsequent year.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

The Lottery has ranked its proposed reductions into three levels of impact:

ISSUE TITLE: Reduce Communications Memberships and Subscriptions

SUMMARY:

This nonrecurring reduction relates to the annual membership to the Florida Public Relations Association for the 3 employees in the Communications Office. Membership allows the employees to stay abreast of the issues and practices used by other Communications departments. In addition, the issue reduces subscriptions to online news outlets that require a paid subscription in order to view content. Without the subscriptions, the office may be unable to accurately view and track pertinent news relating to the department.

ISSUE TITLE: Temporary Reduction in Community Outreach and Sponsorships

SUMMARY:

This nonrecurring reduction represents the temporary elimination of the department's community outreach efforts and event sponsorships during the current fiscal Year (Fiscal Year 2020-21). The Florida Lottery historically partners with a range of diverse organizations across the state, focusing on opportunities that allow the department to share its mission of generating additional funds for Florida's students and schools.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

The Lottery has ranked its proposed reductions into three levels of impact:

ISSUE TITLE: Reduction in Retailer Incentive Promotions

SUMMARY:
 This nonrecurring reduction relates to a reduced use of retailer incentives, which represent a highly effective resource to attract retailers to sell tickets and reward them for participating in promotions. Research has shown higher sales during promotional periods, and the department will work to minimize negative effects that a reduction in these efforts have on sales and transfers to support education. The issue represents a 6% reduction to the current budget in the Retailer Incentives appropriation category (\$2.325 million).

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Eliminate Information Technology Travel to District Offices

SUMMARY:

This recurring reduction eliminates bi-annual travel of information technology staff to each district office. This travel is used to provide support to the districts and help to address any information technology issues being experienced by the district staff, as they do not have on-site technical assistance. This reduction may negatively impact the district offices' efficiency, as issues may remain unaddressed that could result in significant problems.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Moderate

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Staff Reduction in Software Quality Assurance

SUMMARY:

This recurring reduction eliminates 1 position in Software Quality Assurance, which represents a staff reduction of 20%. The team ensures that gaming system software changes introduced to the system keep the system selling tickets and paying prizes. This reduction would significantly impact the team's ability to thoroughly test games changes. Game changes are essential to keeping products fresh, players engaged, and have a direct impact on sales. Each member of the team is vital to the build, test, correct cycle that keeps the system operating effectively. Should a software issue prevent the Lottery from selling tickets for just one day, the losses can be measured in millions of dollars in lost transfers to education.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

ISSUE TITLE: Staff Reduction in Games Administration

SUMMARY:

This recurring reduction eliminates 6 positions in Games Administration, which represents a staff reduction of 25%. The team is responsible for draw processing and customer service. This reduction would make it impossible for the Lottery to conduct and process 73 draw game drawings each week in a secure and auditable fashion. The department's ability to conduct and maintain the integrity of draws directly impacts tickets sales. Maintaining customer loyalty and appreciation is vital to our business. Reducing positions from the Games Administration team would decrease customer satisfaction and increase wait times for customer service. Players could perceive those service changes as negative and choose to no longer buy Lottery products.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

department to revert to old, manual processes for certain human resource and information technology functions, leading to inefficiencies and would prevent the department from further improving and streamlining processes. The platform also allows for improved measurement and metrics reporting.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Reduction to Retailer Incentives

SUMMARY:

This recurring issue reduces the budget authority in the Retailer Incentives appropriation category by 15.5%. Combined with the nonrecurring reduction included in issue 3301820, it would represent a reduction of \$500,000, or 21.5%. Retailer incentives are a highly effective resource to attract retailers to sell tickets and reward them for participating in promotions. Research has shown higher sales during promotional periods, so it is likely that this reduction would negatively impact transfers to the Educational Enhancement Trust Fund.

ISSUE TITLE: Reduce Draw Agents and Accreditation Manager

SUMMARY:

This recurring reduction eliminates budget authority that supports draw agents and the accreditation manager. Reducing draw agents will have a significant impact on the Division of Security's responsibilities outlined in Chapter 24, Florida Statutes. In addition, the accreditation manager is responsible for ensuring that the Division of Security maintains its accredited status with the Commission for Law Enforcement Accreditation. This is a crucial program that ensures that the Division of Security meets all required standards and is held to the highest of industry standards for public safety. The reduction would significantly impact the department's ability to ensure the integrity of the Lottery through the delivery of professional services and to meet the statutory requirements for draw management.

ISSUE TITLE: Reduce Use of Staff Augmentation for Cherwell Service Platform

SUMMARY:

This nonrecurring reduction represents the elimination of budget allocated to staff augmentation services to assist with the development, configuration, and deployment of the Cherwell Service Platform, including additional configuration beyond the base functionality. The Cherwell Service Platform is used as an internal customer support portal for department employees requiring information technology or human resource assistance. The platform was recently deployed, the department anticipates that staff augmentation services will be needed to develop custom solutions necessary to fully realize efficiencies by automating existing manual workflows and processes, integrating existing systems, and replacing legacy systems.

ISSUE TITLE: Utilities Savings at Headquarters Building

SUMMARY:

This recurring reduction relates to estimated utilities savings at the Department of the Lottery's (department) headquarters building in Tallahassee. In April 2020, the department entered into a savings agreement with the City of Tallahassee that will result in a 7 percent utilities savings each month. This reduction is the result of those anticipated monthly savings.

IMPACT OF REDUCTION: Minimal

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Reduce Travel and Training

SUMMARY:

This nonrecurring reduction relates to reduced costs for travel and training, primarily made possible to the limited travel occurring during a portion of the current fiscal year (Fiscal Year 2020-21). Examples of anticipated savings include:

- Reduced expenditures for fuel and vehicle maintenance;
- Reduced travel/training for Security Officers at the Florida Public Safety Institute, the FDLE Senior Leadership Program, CJIS Annual Training Symposium, and attendance at conferences including the Florida Intelligence Conference, Florida Police Accreditation Coalition Conference, and Governor's Hurricane Conference;
- Reduced training for Information Technology and Accounting staff; and
- Reduced retailer compliance operations, inspections, and Education Program.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

The Lottery has ranked its proposed reductions into three levels of impact:

ISSUE TITLE: Reduce Software and Equipment Purchases

SUMMARY:

This nonrecurring reduction relates to the delay of purchases for necessary software and other equipment. While these purchases can be delayed without significant impacts to operations, these may occur in the future if the purchases cannot be completed. Examples of delay purchases include:

- Delay upgrade of Vizio software used to complete organizational charts and other documents;
- Delay migration to the most current version of the accounting software used by the department (delaying this upgrade by more than one year may create significant risks for the department's financial data);
- Delay computer monitors replacement;
- Delay purchase of computer to support Information Security Management issues;
- Delay purchase of necessary graphics software; and
- Delay use of consulting services to update the Maestro software (player notification emails are dependent upon this software.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

ISSUE TITLE: Staff Reductions in the Office of the Inspector General

SUMMARY:

This recurring reduction eliminates 3 auditor/investigator positions in the Office of the Inspector General, which represents a staff reduction of 17%. The reduction would directly impact the department's ability to perform audits and investigations as statutorily mandated in section 20.055, Florida Statutes.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Staff Reductions in Human Resources

SUMMARY:

This recurring reduction eliminates 3 of the 6.5 positions in Human Resources. This reduction would significantly impact the following services performed by the office: recruitment and selection, classification, payroll, processing of attendance and leave, workers' compensation, criminal justice incentive pay (CJIP), overtime, overpayments, benefits, processing of retirement/DROP paperwork, processing of Family Medical Leave Act (FMLA), sick leave transfer program, department-wide training, etc.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Staff Reductions in the Office of the General Counsel

SUMMARY:

This recurring reduction eliminates the Deputy General Counsel position, which is 1 of the 3 attorney positions in the Office of the General Counsel. Removal of the Deputy General Counsel would significantly reduce the legal reviews, legal advice, contract drafting, contract compliance, negotiation, and other activities able to be performed by the Office of the General Counsel. Given the current workload in the Office of the General Counsel, the loss of any position would create significant difficulties for the department.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

STATE FUNDING REDUCTIONS						3300000
REDUCED USE OF CONTRACTED AUDIT						
STAFF IN COMPLETION OF INFORMATION						
TECHNOLOGY AUDITS						33017C0

SUMMARY:

This nonrecurring reduction relates to a requested budget increase for specialized audit staff that was included in the Fiscal Year 2020-21 General Appropriations Act. Total recurring funding of \$200,000 was provided for the Office of the Inspector General to contract with specialized audit staff to conduct information technology audits. These contracted resources will not be in place for the entire fiscal year, allowing for a possible reduction of \$50,000. However, it is expected that when the staffing resources are available for a full fiscal year, this reduction will not be possible without significant negative impacts.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

REDUCE FUNDING FOR RULE						
FILINGS						3301740

SUMMARY:

This nonrecurring reduction represents reduced expenditures for payments to the Department of State for rule filings. It is expected that this reduction can be absorbed in Fiscal Year 2020-21 with minimal impact, but spending will return to the previous spending level in future years. The issue represents a 26% reduction to the budget annually allocated for these expenditures (\$19,000).

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Minimal

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

ISSUE TITLE: Delay Replacement of Motor Vehicles

SUMMARY:

This nonrecurring issue reduces half of the recurring budget authority appropriated in the Acquisition of Motor Vehicles appropriation category. Reducing the acquisition of 8 vehicles will require more maintenance on current vehicles. Maintenance costs would increase on higher mileage vehicles and could negatively impact effectiveness of Sales Representatives, if they are left without reliable transportation.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

ISSUE TITLE: Reduce Support Services Operating Expenses

SUMMARY:

This recurring issue reduces budget authority within Support Services that is used for travel and departmental paper purchases. Support Services' travel includes visits to the department's district offices for inventory reconciliation, vehicle inspections, surplus property transport, and to transport records to the department's Tallahassee warehouse for storage. Reducing these efforts could lead to inefficiencies, as the department will not have updated inventory and vehicle recordkeeping, and districts may have reduced storage due to the accumulation of documents that could be transitioned to the warehouse.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

The Lottery has ranked its proposed reductions into three levels of impact:

Minimal Impact - These proposed reductions reflect cost savings and/or efficiencies identified by the Agency that can be taken with little to no impact.

Moderate Impact - These proposed reductions reflect identified reductions that if taken could or will have an impact to operations or services.

Significant Impact - These proposed reductions will have a direct impact on operations and/or services.

ISSUE TITLE: Reduce Sunpass Use

SUMMARY:

This recurring issue reduces budget authority that supports Sunpass (electronic toll payments) use for department employees. This reduction would significantly impact the travel of department Sales Representatives and would likely result in a longer period of time between retailer visits. Retailers visited more frequently have shown better sales.

IMPACT OF REDUCTION IN FISCAL YEAR 2020-21: Significant

ISSUE TITLE: Reduce Shipping Costs

SUMMARY:

This recurring issue reduces budget authority that supports shipping costs. This reduction could impact deliveries for point-of-sale materials and other items to the district offices and Headquarters.

ISSUE TITLE: Reduce Funding for Vehicle Repair and Maintenance

SUMMARY:

This recurring issue reduces funding available for vehicle fuel, parts, and repairs. This reduction could prevent vehicles from being maintained properly and delay necessary repairs. In Fiscal Year 2019-20, the department spent \$515,600 for vehicle maintenance and repair. This reduction, in addition to the amount included in issue 3301140, represents a 21.5% reduction from prior year spending levels.
