AGENCY NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: SPECIAL PROJ/IMPR-ADM SVCS IT COMPONENT? NO

Long-Range Program Plan Approved Activity: Property Management

The Department of Highway Safety and Motor Vehicles (department) requests \$1,127,244 in funding for FY 2021-22, from the Highway Safety Operating Trust Fund for major renovations of facilities. This request is based on an assessment of the Neil Kirkman Building (NKB) and associated facility system groups, which include building, central utility systems, campus system, and special system; code and licensure projects necessary to meet life safety, environmental and federal requirements; and major repairs.

The Neil Kirkman Building houses 65 restrooms serving approximately 1,100 FLHSMV members daily and more than 25,000 visitors annually. Sections (wings) of the Neil Kirkman Building were constructed at various times between 1960 and 1982. Some of these wings have not undergone significant updates or renovations since their construction and still have their original mechanical, electrical, and plumbing systems.

The heavy plumbing system, stacks, fixtures, finishes and mechanical systems in the A-Wing South location is approximately 40 years old. This location contains a total of 8 restrooms (1st floor through 4th floor) all of which utilize the same plumbing system, stacks and mechanical systems with components believed to contain lead. Approximately 546 employees are situated in the entire A-Wing, which has a total of 18 restrooms.

All of the restrooms in the A-Wing South location are in very poor condition and their plumbing and mechanical systems have reached the end of their functional life. Due to the advanced age and very poor condition of the plumbing and mechanical systems in these restrooms, the following major issues/failures are currently present:

- 8 of 8 (100% failure) floor drains and drain lines have failed and will cause major water damage to ceiling tiles/grid on floors below if used;
- 9 of 32 (28% failure) lavatory faucets and drain/supply lines have failed and will cause major water/structural damage to walls and ceiling tiles/grid on floors below if used;
- 4 of 8 (50% failure) urinals and drain/supply lines have failed and will cause major water/structural damage to walls and ceiling tiles/grid on floors below if used; and
- 8 of 8 (100% failure) mechanical systems/exhaust fans have failed and will not allow for adequate air exchange/ventilation which is critical for restrooms especially.

POS	AMOUNT	POS	AMOUNT	POS	AMOUNT	
HIWAY SAFETY/MTR VEH, DEPT						76000000
PGM: EXEC DIR/ADM SVCS						76010000
<u>EXECUTIVE DIR/SUPPORT SVCS</u>						76010100
OTHER FIXED CAPITAL OUTLAY						99
<u>OTHER FIXED CAPITAL OUTLAY</u>						<u>9999.99.99.99</u>
CAPITAL IMPROVEMENT PLAN						9900000
MAINTENANCE AND REPAIR						990M000

These existing major issues/failures clearly indicate that the plumbing and mechanical systems in these restrooms have reached the end of their functional life, and it is expected that these restrooms will begin experiencing additional major issues/failures moving forward, including water/structural damage from both visible and concealed leaks which could result in catastrophic damage to the building structure and contents and significantly inconvenience staff members as well.

It is urgent to completely replace/renovate the existing heavy plumbing systems, fixtures, finishes and mechanical systems in the A-Wing South location to mitigate the risk of complete failure and potentially catastrophic damage, mitigate the risk associated with utilizing plumbing components containing lead and mitigate the risk associated with poor air quality/ventilation as a result of failing mechanical systems.

Plumbing system, fixtures, finishes and mechanical system replacement mitigates risk, extends the useful life of the Neil Kirkman Building, upgrades the facility's condition, and improves ADA compliance. Previous/on-going plumbing and ADA restroom renovations were/are: A-Wing North restroom stack, basement through 4th floor (funded in 2019/20); B-Wing South restroom stack, 1st through 4th floor (funded in 2016/17); C-Wing restroom stack, 1st through 4th floor (funded in 2014/15); and B-Wing North restroom stack, 1st through 4th floor (funded in 2013/14).

Funding for additional plumbing system projects include D-Wing restroom stack, basement through 4th floor upgrades/improvements beginning in fiscal year 2022-23, which will be requested as part of the 5-Year Capital Improvement Plan.
