AGENCY NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: MINOR REPAIRS/IMPROV-STATE IT COMPONENT? NO

FUND SOURCE: 100% State

SUMMARY:

Requests \$3,017,539 of Fixed Capital Outlay (FCO) budget authority in Highway Operations budget entity to fund building and grounds projects necessary to meet federal, state, or local building code, life safety or Americans with Disabilities Act(ADA) requirements. Relevant projects include critical repairs or replacement of: Life safety fire panels/suppression systems; removal of contaminants through laboratory exhaust systems; ADA restroom design and renovations; drainage/resurfacing evaluations and corrections; emergency generator study/ replacements / installations; hurricane shutters replacements/installations; design/construct/replacement fuel island canopies; HVAC/AC systems resizing/upgrades/ replacements; lighting installations; uninterrupted power supply replacements; envelope door replacements; wind load resistant window replacements; roof replacements; security installations/upgrades for employee safety and protection of assets; and other building critical repairs for units at the end of their design life or that have experienced increased failures.

This issue is presented annually to reduce the level of code deficiencies.

Refer to the CIP-5 form for additional project details.

 Total: \$3,017,539

FY2021-22 Issue Total: \$ 5,560,477

IMPACT ASSESSMENT / SAVINGS ACHIEVED BY ISSUE:

FCO Minor Repairs budget allows the department to protect the value and contents of approximately 800 structures valued at over \$445M. Projects are programmed in the department CIP in accordance with Department of Management Services (DMS) guidelines and District evaluations of code critical issues. Maintenance mitigates the risk of issues escalating into more costly repairs.

ADVERSE IMPACT(S) IF NOT FUNDED:

Facilities are non-compliant with ADA standards, life safety codes and other building code requirements. If not funded, the department will be at risk of federal, state and/or local code violations. If left unattended, assets would be rendered unsafe, essential services or building operations may be disrupted, or a building's integrity or habitability may be compromised. This funding will resolve code violation issues and mitigate risk of cost liability. Repairs that are not performed for code corrections could result in more costly future repairs. For example, building envelope replacement at the end of life cycle is more cost effective than on-going repairs. Water intrusion may result in interior structural or property damage and potential mold growth which can result in hundreds of thousands of dollars to remediate and increase liabilities for health and safety claims.

BENEFITS TO THE STATE:

The intent is to repair the buildings and grounds to meet code requirements, mitigate risks to employees and public and ensure the integrity and value of the assets. By maintaining and maximizing the use of existing real estate, the department can focus on and support its mission and ensure the best use of taxpayer dollars.

LRPP REFERENCE: Goal 1: Provide safety and security for residents, visitors and businesses.

FLORIDA STRATEGIC PLAN FOR ECONOMIC DEVELOPMENT: Pillar 6; Strategy 6.1: Create and sustain vibrant, safe, healthy and resilient communities that attract workers, residents, businesses and visitors.

LINKAGE TO GOVERNOR'S PRIORITIES: Priority 3: Economic Development and Job Creation - Prioritize infrastructure development to meaningful projects that provide regional and statewide impact, especially focused on safety and improved mobility.

AGENCY NARRATIVE:

2021-2022 BUDGET YEAR NARRATIVE: ENVIRON SITE RESTORATION IT COMPONENT? NO

FUND SOURCE: 100% State

SUMMARY:

Requests \$350,000 in nonrecurring Fixed Capital Outlay (FCO) budget authority to continue the cleanup of contaminated soil and groundwater at various FDOT facilities statewide to restore those sites to a clean and safe condition. The cleanup is needed to ensure compliance with the Federal Resource Conservation and Recovery Act. FDOT will request this issue on an annual basis until all site restoration is completed. Refer to the accompanying CIP-5 form for additional details.

Surveys conducted in 1995 were used to develop the original environmental site restoration plan, which identified anticipated assessment and remediation activities required to restore the sites to an uncontaminated, safe condition. The extent of required remediation activity is dependent on findings during the assessment of the site as well as discoveries during the actual remediation of the site. As the assessment and/or remediation activities are performed, the project approach is modified to address the extent of contamination at the site. When additional contamination is discovered, the required work to accomplish clean closure of a site will increase. In cases where contamination remediation occurs earlier than anticipated, the required work factors (e.g., length of time, funding requirements, resource requirements, etc.) may decrease. However, as time increases, contaminants typically migrate causing an increase in plume (trail) size and subsequent additional assessment and remediation costs. Additionally, the department adds sites to the environmental site restoration plan due to the consolidation of facilities or newly discovered contamination at existing facility sites, or removes sites from the plan once environmental work is completed.

BREAKDOWN OF COST:

Highway Operations (55150200)
 Operations and Maintenance (1601010600):

 District 3 = \$110,000
 District 4 = \$240,000
 Total = \$350,000

IMPACT ASSESSMENT / SAVINGS ACHIEVED BY ISSUE:

FDOT is legally responsible for the cleanup of contaminated soil and groundwater at various FDOT facilities statewide.

These projects remediate and monitor soil contamination and groundwater, and failure to address these environmental violations could result in fines and penalties as stated in s. 376.16, Florida Statutes.

ADVERSE IMPACT(S) IF NOT FUNDED:
 Mitigates harm to the environment, staff and citizens and reduces toxicity levels at sites.
 Two future private sector contracts to support the environmental projects would be adversely impacted and the ability to address the existing environmental impacts would be delayed.

BENEFITS TO THE STATE:
 FDOT is able to support its mission and ensure the best use of taxpayer dollars by fulfilling its lawful responsibility to clean up contaminated soil and groundwater at our facilities. Cleanup of environmental contamination is critical to the health and safety of Floridians and reduces the impact of ground water intrusion and soil migration.

financial risk and maximize use of facility space. Projects include: design, construction, renovation, remodel and/or expansion of offices, conference areas, restrooms, reconfiguration of work areas, and replacement of flooring/equipment/lighting/furniture in renovated areas to maximize use of facility space; construction and installations of equipment storage buildings/sheds/canopies/awnings and pole barns.

FCO Minor Repairs budget allows the department to protect the value and contents of approximately 800 structures valued at over \$445 million. Projects are programmed in the department Capital Improvement Plan (CIP) in accordance with Department of Management Services (DMS) and Building Owners and Managers Association (BOMA) square footage building maintenance guidelines, and to address critical facility needs. Maintenance mitigates the risk of issues escalating into more costly code correction repairs. The inability to install exterior canopies and awnings leaves fuel pumps and equipment exposed to the elements, speeding their eventual degradation.

These projects are necessary for asset preservation and risk protection (i.e. equipment and materials) and to align facility layout and space needs to allow staff to work more efficiently.

Refer to the CIP-5 form for additional project details.

District 7:	65,000
Total:	\$1,039,800

FY2021-22 Issue Total: \$1,039,800

IMPACT ASSESSMENT/SAVINGS ACHIEVED BY ISSUE

These projects are necessary for asset preservation and risk protection (i.e., equipment and materials) and to align facility layout and space needs to allow staff to work more efficiently.

ADVERSE IMPACT(S) IF NOT FUNDED:

A total of approximately 20 future private sector contracts estimated to support the activities identified in this request could be impacted. Failure to address ongoing issues such as drainage problems could result in increased risks from property damage claims. The operational and cost efficiencies gained by consolidating work areas and making better use of space would not be realized. By maintaining and maximizing the use of existing tangible assets and consolidating office space, the department can support its mission and ensure the best use of taxpayer dollars.

The intent is to repair the buildings and grounds to meet code requirements, mitigate risks to employees and public and ensure the integrity and value of the assets. By maintaining and maximizing the use of existing real estate, the department can focus on and support its mission and ensure the best use of taxpayer dollars.

LRPP REFERENCE: Goal 1: Provide safety and security for residents, visitors and businesses.

FLORIDA STRATEGIC PLAN FOR ECONOMIC DEVELOPMENT: Pillar 6; Strategy 6.1: Create and sustain vibrant, safe, healthy and resilient communities that attract workers, residents, businesses and visitors.

LINKAGE TO GOVERNOR'S PRIORITIES: Priority 3: Economic Development and Job Creation - Prioritize infrastructure development to meaningful projects that provide regional and statewide impact, especially focused on safety and improved mobility.
