AGENCY NARRATIVE:

2022-2023 BUDGET YEAR NARRATIVE: DEBT SERVICE IT COMPONENT? NO
 ISSUE TITLE: FCO - Debt Service

FLORIDA STRATEGIC PLAN FOR ECONOMIC DEVELOPMENT:
 5.2: Improve the efficiency and effectiveness of government agencies at all levels.

LINKAGE TO GOVERNOR'S PRIORITY:
 6. Public Integrity

LONG RANGE PROGRAM PLAN:
 Goal #11 Provide cost-effective, efficient real estate development and management services to our customers in the OMS pool facilities.

SUMMARY:
 The Department of Management Services (department) requests an increase of \$30,512 in recurring budget authority in the Facilities Management budget entity (72400100), Debt Service category (089070) within the Florida Facilities Pool Clearing Trust Fund (2313) based on the increased debt service obligation for Fiscal Year 2022-23. This increase in budget authority is to align budget authority with debt service obligations for Fiscal Year 2022-23.

RETURN ON INVESTMENT (ROI):
 The proposed increase will continue to allow the department to meet the debt service obligations of the Florida Facilities Pool (FFP).

IMPACT:
 Without this increase in budget authority, the budget authority will not be aligned with the debt service obligations for the FFP for Fiscal Year 2022-23.

BACKGROUND:
 Chapter 255, Florida Statutes defines requirements for how publicly owned buildings are developed, operated, and maintained, including statewide rule related authority for the department. Sections 255.501 through 255.525, Florida Statutes, comprise the "Building and Facilities Act," which relates specifically to the creation and management of the FFP. This includes implementation of construction appropriations, project management oversight, and building maintenance, leasing, and long-range strategic planning to address the state's future workspace needs. This chapter also authorizes

6. Public Integrity

LONG RANGE PROGRAM PLAN:

Goal #11: Provide cost-effective, efficient real estate development and management services to our customers in the OMS pool facilities.

SUMMARY:

The Department of Management Services (department) requests \$5,602,000 of nonrecurring budget authority in the Facilities Management budget entity (72400100), Statewide Capital Depreciation - General category (083400) within the Supervision Trust Fund (2696) to correct statewide general building deficiencies within the Florida Facilities Pool (FFP).

<u>GOVERNMENTAL OPERATIONS</u>						<u>1601.00.00.00</u>
CAPITAL IMPROVEMENT PLAN						9900000
MAINTENANCE AND REPAIR						990M000

RETURN ON INVESTMENT (ROI):

The continued investment in capital maintenance items in the FFP will provide for an efficient and safe environment for both the employees that are housed in the facilities, as well as visitors to facilities.

IMPACT:

Without this funding, there is insufficient budget to address the correction of building deficiencies within the FFP. Facilities within the FFP require general building maintenance to include electrical, roofing, plumbing, mechanical, etc. If this issue is not funded, the division will not have the ability to fund critical projects that are necessary for these various building systems.

BACKGROUND:

Chapter 255, Florida Statutes defines requirements for how publicly owned buildings are developed, operated, and maintained, including statewide rule related authority for the department. Sections 255.501 through 255.525, Florida Statutes, comprise the "Building and Facilities Act," which relates specifically to the creation and management of the FFP. This includes implementation of construction appropriations, project management oversight, and building maintenance, leasing, and long-range strategic planning to address the state's future workspace needs. This chapter also authorizes our responsibility for the operation and maintenance of state-owned structures, defines energy conservation and building sustainability implementation and directs the department to develop and maintain a state energy management plan.

The department has statutory oversight for the construction, operation, custodial care, preventive maintenance, repair, alteration, modification, and allocation of space for all buildings in the FFP and administers the state's lease procurement process. The department provides shared services to state agencies and local governments allowing them to focus on their core mission providing cost-effective real estate management and recommendations for the operation of pool buildings. The department advises agencies, the Executive Office of the Governor, and the Florida Legislature on fixed capital outlay project needs and manage the costs associated with pool buildings.

FLORIDA STRATEGIC PLAN FOR ECONOMIC DEVELOPMENT:
 5.2 Improve the efficiency and effectiveness of government agencies at all levels.

LINKAGE TO GOVERNOR'S PRIORITY:
 6. Public Integrity

LONG RANGE PROGRAM PLAN:
 Goal #11: Provide cost-effective, efficient real estate development and management services to our customers in the OMS pool facilities.

SUMMARY:
 The Department of Management Services (department), requests \$23,423,500 of nonrecurring budget authority in the Facilities Management budget entity (72400100), Compliance with The Americans with Disabilities Act category (081010) within the Supervision Trust Fund (2696) in the amount of \$11,525,500 to fund deferred building maintenance projects to correct deficiencies within the Florida Facilities Pool (FFP) to comply with the Americans with Disabilities Act (ADA), and Life Safety Code Compliance Projects Statewide category (081400) within the General Revenue Fund (1000) in the amount of \$11,898,000 to fund critical corrections of fire, life safety and health deficiencies within the FFP. These funding levels are based on the Governor's Deferred Maintenance Recommendation as presented to the legislature.

RETURN ON INVESTMENTS:
 This investment will assist to ensure that state buildings are within ADA standards with such items as facility and restroom accessibility, as well as to correct critical life safety issues to ensure state buildings and parking areas are safe for employees and visitors, with replacement of fire alarm systems and installation of cameras and increased lighting in the Capitol Complex parking garage.

IMPACT:
 Without this funding, there is insufficient budget to address ADA deficiencies or the correction of fire, life safety and health deficiencies within the FFP.

AGENCY NARRATIVE:

2022-2023 BUDGET YEAR NARRATIVE: SLERS TOWERS - DMS MGD IT COMPONENT? YES
 ISSUE TITLE: Statewide Law Enforcement Radio System (SLERS) Tower Relocation- Ft. Lauderdale, Dredger's Key, and Carnestown

FLORIDA STRATEGIC PLAN FOR ECONOMIC DEVELOPMENT:

- 5.2 Improve the efficiency and effectiveness of government agencies at all levels.
- 6.1 Create and sustain vibrant, safe, healthy, and resilient communities that attract workers, residents, businesses, and visitors.

LINKAGE TO GOVERNOR'S PRIORITIES:

- 5. Public Safety
- 3. Economic Development and Job Creation

LONG RANGE PROGRAM PLAN:

GOAL #12: Deliver and promote the development of high-quality, innovative, cost-effective digital and technology services.

SUMMARY:

The Department of Management Services (department) requests \$2 in nonrecurring budget authority in the Wireless Services budget entity (72900200) in General Revenue (1000) with \$1 in the Contracted Services category (100777) and \$1 in the Statewide Law Enforcement Radio System Towers Relocation/Reconstruction - DMS Managed category (089978) for the relocation/installation of equipment for the Ft. Lauderdale, Dredger's Key, and Carnestown Statewide Law Enforcement Radio System (SLERS) towers.

This issue is in conjunction with issue 990S000.

RETURN ON INVESTMENT (ROI):

Public safety communications systems and networks improve communications capability allowing the state and local public safety emergency responders to fulfill their missions more effectively and efficiently in the protection of lives and property for Florida's citizens and visitors.

IMPACT:

This is a life-safety issue. If this issue is not funded, SLERS will not operate within these regions. Therefore, State

SLERS users and public safety emergency responders will be unable to communicate.

BACKGROUND:

The department operates SLERS under the authority of section 282.709(1)(b), Florida Statutes, providing life safety and public safety services to citizens, businesses, and visitors to the state of Florida.

The department entered into a 20-year tower lease agreement with the City of Fort Lauderdale in 1992 to utilize space upon the grounds of the Fort Lauderdale Police Department complex for the first version of the SLERS buildout. This lease expired in 2012. As part of the lease agreement, the city has the right to request the department to remove the radio communication tower and shelter, including all equipment, from the police department property complex with 180 days' notice. The city sent the department the required notice in December of 2020. The city has notified the department that they wish to utilize the existing tower location for other purposes, and they have begun researching alternative radio communication tower sites nearby. The city expects to have the new tower location identified by the end of calendar year 2021 and plans to begin construction on their new police facility as soon as possible with an expected move date in 2023.

The city has indicated that they are willing to share their new tower space with the department to continue to operate SLERS but will need the department to obtain the necessary funding for tower equipment relocation and subsequent tower and shelter removal once they have vacated the current police department complex.

This SLERS tower relocation project is expected to be a multi-year funding request to perform the following functions: Enter into a new long term lease agreement with the City of Fort Lauderdale to utilize newly constructed radio communication tower space on their new communications tower, design, engineer and build new tower equipment, communications equipment shelter, power supplies and other necessary components to operate a radio communications service, and then once successful operation of the new equipment has been established, remove the existing communications equipment and power generation equipment, deconstruct the communications tower and demolish and remove the existing communications shelter in accordance with the 1992 lease agreement.

The Dredger's Key SLERS tower is owned by Monroe County and is located on land owned by the United States Navy. Currently, there are discussions regarding the condition of the tower and allocation of costs to repair.

The Carnestown SLERS tower is a leased tower owned by a tower company on federal park service land. The Park Service is discussing using the tower property as a parking lot, and this will require discussion on potential tower relocation and possibly a new tower construction. This tower is on the edge of the Everglades in Collier County.
