AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 24-25 NARRATIVE: IT COMPONENT? NO
 PRIORITY 1(Crimes Compensation Trust Reduction \$9,966,998)

The Crimes Compensation Trust Fund is authorized under s. 960.21, Florida Statues. The funds' purpose is to compensate victims of crime. Revenues come from additional court costs, received from fines, or received from any other public or private source.

Any reductions to this fund will result in a reduction in victim compensation amounts and/or fewer victim's claims processed. Compensation includes medical/dental treatment, funeral/burial, mental health, and other forms of direct assistance. The current spending authority for compensation to victims is \$16 million.

Many innocent persons suffer personal injury or death as a direct result of adult and juvenile criminal acts or in their efforts to prevent crime or apprehend persons committing or attempting to commit adult and juvenile crimes. Such persons or their dependents may thereby suffer disabilities, incur financial hardships, or become dependent upon public assistance. The Legislature finds and determines that there is a need for government financial assistance for such victims of adult and juvenile crime. Accordingly, it is the intent of the Legislature that aid, care, and support be provided by the state, as a matter of moral responsibility, for such victims of adult and juvenile crime. It is the express intent of the Legislature that all state departments and agencies cooperate with the Department of Legal Affairs in carrying out the provisions of this chapter. (Section 960.02, F.S.)

Crime victims served by this program include victims of assault, battery, homicide, sexual offenses, domestic violence, driving while intoxicated, hit and run, stalking, robbery, terrorism, kidnapping, arson, and all other violent crimes. Eligible expenses paid by the victim compensation program include medical/dental, mental health treatment, crime scene cleanup, funeral/burial, wage loss, loss of support, disability, forensic sexual assault examinations, property loss (for elderly and disabled adults only), and relocation expenses for victims of certain types of crimes only.

skills/employability and on-the-job training, and job placement. Many of these youths served are at risk for entering the juvenile justice system, have been diverted for non-judicial handling, and have poor grades and attendance in school.

Reductions to this program impacts the number of youths served. Elimination of the program impacts more than 190 at-risk youth that would not be placed in employment and another 220 at-risk youth who won't receive work experience. This program has been funded since 2004-05.

Community Coalition Inc. (\$566,650)

The Community Coalition Inc. is funded for \$950,000 recurring General Revenue. Community Coalition is also a Minority Crime Prevention Program that is designed to assist at risk youths with tutoring, employability skills and on-the-job training, and direct job placement. They also assist by offering study courses for individuals who have not attained their high school diploma. This program provides services to target the needs of youth who are involved in the juvenile justice system or are at risk of becoming involved due to various high-risk criteria. The focus of the program is to reduce juvenile crime by training the youth for the world of work. The program provides a pre-vocational assessment to determine the level of need of each participant, and then helps the youth focus on their futures through counseling and training in employment skills. This program services the Miami area.

Reductions to this program impacts the number of youths served (job readiness). Measured by a pre-test and post-test, this training has shown that at least 70 percent of the participants improve their employability skills. The training also results in 70 percent of the participants remaining crime-free while in the program and 80 percent remaining in school while in the program. Failure to fund this program will result in 90 at-risk or minority youths not being placed in paid apprenticeships in the private industry and 176 participants not completing 100 hours of work. It will also result in 220 at-risk or minority youths not being placed in a paid work experience program. The Community Coalition Inc. has been funded since 2004-05.

The Urban League Consortium (\$1,896,336)

The Urban League Consortium is funded for \$3,179,247 in recurring General Revenue. These are nonprofit social service organizations that assist African Americans and others who are in need to achieve social and economic equality. The consortium implements crime prevention programs in the Black community and coordinates these activities with local law enforcement agencies. They also implement a statewide crime prevention and intervention program which is targeted at young crime victims and their families, first offenders, at risk youth and school dropouts. The consortium consists of the following Urban League organizations: Tallahassee, Metro Orlando, Greater Miami, Tampa-Hillsborough, Jacksonville, Broward County, Palm Beach County and West Palm Beach.

Failure to fund this program will result in almost 2,000 youths not receiving direct contact in areas such as personal and community empowerment, academic tutoring, employability skills, behavior modification, social responsibility and character building, and gang resistance. At least 80 parents of at-risk adolescents will also not receive training on how to raise their children free of non-productive behaviors leading to drug and alcohol abuse and other delinquent issues.
