Ms. Sue M. Cobb
Secretary of State
Florida Department of State
R. A. Gray Building
500 South Bronough Street
Tallahassee, Florida 32399

Dear Secretary Cobb:

By the authority vested in me as Governor of Florida, under the provisions of Article III, Section 8, of the Constitution of Florida, I do hereby withhold my approval of portions of House Bill 5001, enacted during the 107th Regular Session of the Legislature, since Statehood in 1845, convened under the Constitution of 1968, and entitled:

An act making appropriations; providing monies for the annual period beginning July 1, 2006, and ending June 30, 2007, to pay salaries, and other expenses, capital outlay - buildings, and other improvements, and for other specified purposes of the various agencies of State government; providing an effective date.

The Florida Legislature, under the capable leadership of President Tom Lee and Speaker Allan Bense, has developed a responsible, fiscally sound budget. In addition to funding the critical needs of the state, this budget has the highest dollar increase for public school funding ever, continues to maintain reserves at historic levels, and saves our taxpayers millions of dollars by paying cash for environmental land purchases rather than issuing bonds that would have increased the state's debt long into the future. I applaud the Legislature for taking such responsible actions.

In my first year as Governor, working with the Legislature, we provided just over \$1 billion of tax relief for Florida's taxpayers. I have continued each year to pursue more tax reductions for our citizens. Now, almost 8 years later, the cumulative level of state and local tax relief will reach \$19.1 billion by the end of the 2006-07 fiscal year. I thank the Legislature for its support and partnership in this endeavor.

I believe this tax relief has helped to fuel Florida's economy which has led to the historic level of budget reserves. When I took office as Governor, the reserves were approximately \$1.3 billion. When I leave office in January, we estimate the state's level of reserves will exceed \$6 billion. It is important to maintain budget reserves at high levels to guard against unexpected changes in the state's financial circumstances and natural disasters such as hurricanes, floods and wildfires. I commend the Legislature for carrying forward funds to meet uncertain needs of the state. With today's vetoes we will have \$1.9 billion of unspent General Revenue and \$779 million of unspent documentary stamp tax dollars for a total of \$2.7 billion.

Governor's Mentoring Initiative

BE A MENTOR. BE A BIG HELP.

1-800-825-3786

The appetite for growth in government spending tends to exceed available revenues. We must avoid the temptation of using surpluses to grow the recurring base of spending which will inevitably result in a structural imbalance between the rate of growth in expenditures and the rate of growth in revenues.

I have thoughtfully and thoroughly reviewed the budget by line item, and I have constantly been reminded of my constitutional duties regarding the use of the taxpayers' monies. The budget contains many worthwhile projects that I believe are more appropriately funded from private organizations and charities or local governments rather than by state funds.

With these thoughts in mind, I find that House Bill 5001 funds programs and projects that do not meet my approval. My constitutional role in this process is to evaluate each individual project. In doing this evaluation, I have applied the criteria which I established and used for the past several years. These criteria were communicated to legislators many times before and are reiterated here.

In general, all member projects should:

- Fall within the statewide policy priorities established by the Governor and the Legislature;
- Only be funded from nonrecurring revenues;
- Not have large or unidentified required costs in the years after the budget year under consideration;
- Have purposes and goals consistent with the agency in which the project is funded;
- Adhere to performance requirements established in agency contracts for the services performed;
- Be funded within the entity (agency, division, etc.) with the greatest policy expertise to implement or oversee the project; and
- Not contain fixed capital outlay unless it is for the construction, improvement, maintenance or repair of state-owned infrastructure or other facilities as authorized by general law.

In addition to these general criteria, I have established other criteria for specific types of projects such as health and human services programs, juvenile justice programs, water projects, and transportation projects. Notwithstanding these criteria, however, I reserve the right to exercise my constitutional authority to veto any project that in my estimation fails to promote sound policy or good government.

For these reasons, I do hereby withhold my approval of the following line items in the 2006-07 General Appropriations Act:

Funds in Specific Appropriation 70A are provided to support students enrolled in an undergraduate degree program that leads to employment in an occupation that is one of the top 15 occupations in number of annual openings as listed on the Agency for Workforce Innovation's Florida Statewide Targeted Occupations List at the time of the student's enrollment. The institutions eligible for participation must be licensed by the Commission for Independent Education under chapter 1005, Florida Statutes, and be accredited by an organization that is recognized by the United States Secretary of Education as a reliable authority as to the quality of education or training offered.

Eligible institutions shall also be those participating in the common course numbering system, using an assessment required in section 1005.04(1)(b), Florida Statutes, and that has been approved by the State Board of Education, and participating in the Florida Education and Training Placement Information Program. Students must meet Florida

residency requirements according to section 1009.40, Florida Statutes, be enrolled as a full-time undergraduate degree seeking student in a Florida campus-based program, make satisfactory academic progress as defined by the State Board of Education, and not be eligible for ABLE or FRAG. Students may not receive the grant for more than 9 semesters or 14 quarters.

Funds in Specific Appropriation 70A are provided to support 2,000 students at \$1,250 per student. The Office of Student Financial Assistance may prorate the award and provide a lesser amount for students enrolled in the Florida Independent Collegiate Assistance (FICA) Grant Program in the second term in the event that more than 2,000 students are deemed to be eligible for a FICA grant."

INNOVATIVE READING PILOT PROGRAMS	
FROM PRINCIPAL STATE SCHOOL TRUST FUND	4,500,000

The funds provided in Specific Appropriation 106A shall be allocated as follows:

Innovative Reading Pilot Program.....	2,500,000
LEP Student Reading Pilot Program.....	2,000,000

The Innovative Reading Pilot Program shall use Internet-delivered interactive reading instruction for students in Prekindergarten through third grade. The program shall be developed using scientifically-based reading research and explicitly and systematically teach all five key areas of reading: phonemic awareness, phonics, vocabulary, fluency, and comprehension. Performance data and instruction shall be fully integrated into a single program. The program shall differentiate instruction in real-time based upon student interactions and cumulative performance data. The student's path of instruction shall be automatically adapted in real-time based upon those interactions. The program shall have scaffolded teaching cycles that introduce, teach, and model each skill as well as provide ample guided and independent practice. Each teaching cycle shall incorporate reading-connected text in interactive decodable books within the Internet-delivered program that cumulatively reviews previously taught skills. The program shall automatically assess students prior to, throughout, and after each cycle as well as cumulatively throughout the program to determine each child's skill level without teacher intervention. The program must provide real-time student assessment reports that give detailed performance information that is automatically analyzed to identify struggling students, link to recommended teacher-directed instruction, and document a history of individual student interventions. The reports shall be accessible from any computer connected to the Internet. The program shall be provided at a cost not to exceed \$95 per student per year exclusive of teacher training. No less than 90 percent of these funds shall be utilized for direct product acquisition and vendor provided professional development training. The program shall be commenced no later than September 1, 2006 to allow for full implementation of the program in the 2006-2007 school year.

The Innovative Reading Pilot Program funds shall be allocated as follows:

Northeast Florida Education Consortium (NEFEC).....	450,000

The LEP Student Reading Pilot Program must be accessible from any Internet-based computer while providing an audit trail of students' work for teachers and administrators and daily progress monitoring. It must be correlated to the Florida Sunshine State Standards and capable of implementation in upper elementary, middle, and high school as well as

adult education. It shall provide a literacy intervention program for newcomers, early readers, or emerging readers through multicultural stories in different genres (biographies, short stories, myths and legends, and poems). The instruction must integrate reading, listening, writing, and speaking activities through extensive lesson plans and printable student worksheets for establishing a portfolio demonstrating reading proficiency. The program shall be provided at a cost not to exceed \$95 per student per year exclusive of teacher training. No less than 90 percent of these funds shall be utilized for direct product acquisition and vendor provided professional development training. The program shall be commenced no later than September 1, 2006 to allow for full implementation of the program in the 2006-2007 school year.

The LEP Student Reading Pilot Program funds shall be allocated as follows:

"From the funds in Specific Appropriation 133, \$2,000,0000 is provided for competitive grants to enhance the training and production of skilled individuals to support the construction industry in Florida, of which \$200,000 shall be used to give priority to rural communities in which minorities comprise a majority of the population. These funds shall only be used for new or expanded apprenticeship programs and shall not supplant funds provided for apprenticeship programs in the 2005-2006 fiscal year. The Department of Education shall establish competitive bid criteria and requirements for grant contracts and shall solicit proposals from local education agencies, construction trade associations, registered apprenticeship organizations, and private postsecondary institutions with demonstrated experience in providing education in the skilled construction trades for the use of these funds. The funds must be used to fund proposals which enhance existing programs or establish new programs to produce more trained workers. Grant recipients must agree to maintain the level of support for training in the skilled construction trades which was provided during the 2005-2006 fiscal year. Criteria for awarding grants shall include: the degree to which proposals address deficiencies in skilled construction workers in a particular area; the applicant's history of working successfully and cooperatively with the industry; the applicant's history of successfully placing trained workers in high wage jobs; the applicant's willingness to enroll black males, ex-offenders, and single mothers with children; and the cost-effectiveness of the proposal. These grant funds shall be included in and become a part of the districts' 2006-2007 fiscal year base funding to which any future funding shall be added.

MEDICAID SERVICES TO INDIVIDUALS

Pages 56 through 57 - proviso language

"Funds in Specific Appropriations 201A through 236 may be used to pay the costs of telemedicine coverage. The agency is authorized to seek the necessary federal waivers or an amendment to the Title XIX State Plan to allow coverage of telemedicine services and related communication equipment to improve linkages between health care providers and to increase access to Medicaid services. The Medicaid coverage may be designed to permit limits on services, establish provider qualifications and limit the groups eligible for coverage. The agency may implement this waiver or amendment only after documentation of cost neutrality is provided to and approved by the Legislative Budget Commission. The agency shall submit the necessary federal waivers or plan amendments to the Centers for Medicare and Medicaid Services no later than December 31, 2006."

Specific Appropriation 213
Pages 58 through 60 - A portion of proviso language

"From the funds in Specific Appropriation 213, \$5,771,200 in non-recurring funds from the General Revenue Fund and \$8,226,375 in non-recurring funds from the Medical Care Trust Fund are provided to reimburse hospitals 50 percent of the difference between their current Medicaid inpatient rate and their Medicaid inpatient rate if all ceilings and targets were eliminated. This provision shall only apply to those hospitals not exempt under another section of proviso and whose charity care and Medicaid days, as a percentage of total adjusted hospital days, are less than 11 percent but are equal to or exceed 9.70 percent and are listed below. The only hospitals that will receive additional Medicaid reimbursement under this paragraph of proviso are: Coral Gables Hospital; Manatee Memorial Hospital; Palm Springs General Hospital; Kendall Regional Medical Center; Florida Hospital - Heartland/Walker; South Florida Baptist Hospital; and Naples Community Hospital. The agency shall use the average of the 2000, 2001 and 2002 audited DSH data available as of March 1, 2006. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2000, 2001 and 2002 that are available."

"From the funds in Specific Appropriation 213, \$8,246,000 in non-recurring funds from the Grants and Donations Trust Fund and \$11,754,000 in non-recurring funds from the Medical Care Trust Fund may be used for State Fiscal Year 2006-2007 to increase the Medicaid per diem payments for any individual hospital that has 120,000 or more Medicaid fee-for-service paid days. The maximum amount paid shall not exceed the amount appropriated under this provision. This provision is contingent on federal approval of a state plan amendment and the state share being provided through grants and donations from state, county or other governmental funds.

From the funds in Specific Appropriation 213, \$4,500,000 from the General Revenue Fund and \$6,414,383 from the Medical Care Trust Fund are provided to increase the Medicaid hospital property allowance reimbursement rate from 80 to 85 percent. The agency is authorized to revise the Title XIX Hospital Reimbursement Plan(s) as necessary to implement this provision."

Specific Appropriation 217
Pages 63 through 65 - A portion of proviso language

"From the funds in Specific Appropriation 217, \$702,780 in non-recurring funds from the General Revenue Fund and \$1,001,759 in non-recurring funds from the Medical Care Trust Fund are provided to reimburse hospitals 50 percent of the difference between their current Medicaid

outpatient rate and their Medicaid outpatient rate if all ceilings and targets were eliminated. This provision shall only apply to those hospitals not exempt under another section of proviso and whose charity care and Medicaid days as a percentage of total adjusted hospital days are less than 11 percent but equal or exceed 9.70 percent and are listed below. The only hospitals that will receive additional Medicaid reimbursement under this paragraph of proviso are: Coral Gables Hospital; Manatee Memorial Hospital; Palm Springs General Hospital; Kendall Regional Medical Center; Florida Hospital - Heartland/Walker; South Florida Baptist Hospital; and Naples Community Hospital. The agency shall use the average of the 2000, 2001 and 2002 audited DSH data available as of March 1, 2006. In the event the agency does not have the prescribed three years of audited DSH data for a hospital, the agency shall use the average of the audited DSH data for 2000, 2001 and 2002 that are available."

Specific Appropriation 238

Page 67 - A portion of proviso language

"Funds in Specific Appropriation 238 include \$2,191,181 from the General Revenue Fund and \$3,122,060 from the Medical Care Trust Fund to provide a rate increase for assistive care services. The agency is authorized to seek the necessary federal waivers to implement this provision."

Specific Appropriation 243

Pages 68 and 69 - A portion of proviso language

"From the funds in Specific Appropriation 243, \$10,662,070 from the General Revenue Fund and \$15,191,639 from the Medical Care Trust Fund are provided to restore nursing home rate reductions imposed in Fiscal Year 2005-2006. The agency shall amend the Title XIX Long-Term Care Reimbursement Plan to reflect the restoration of such funds.

From the funds in Specific Appropriation 243, \$27,000,000 from the General Revenue Fund and \$38,486,296 from the Medical Care Trust Fund are provided to partially re-base the operating and indirect patient care component targets of the Medicaid nursing home per diem rate, effective July 1, 2006. Within the funding provided, the Title XIX Long-Term Care Reimbursement Plan may be modified to eliminate or adjust provider-specific targets for the operating and indirect patient care components of the Medicaid rate, increase or decrease the target rate class ceilings or other components of the Medicaid per diem rate such that the operating and indirect patient care components of the per diem rate shall be limited only by the lower of the cost-based class ceiling or the target rate class ceiling."

"From the funds in Specific Appropriation 715, \$600,000 in non-recurring funds are provided as a grant for one or more counties with inmate populations in excess of 3,000 that install, during Fiscal Year 2006-2007, a radio frequency identification (RFID) electronic monitoring system. Such electronic monitoring system must have the capability to continuously receive and monitor electronic signals from a transmitter worn by inmates, department employees, and any visitors to the correctional facility that are provided access designated for authorized personnel only. The system must continuously monitor such persons in real time and identify such person's specific geographic position within the facility at any time.

The chosen counties shall study the effects of the electronic monitoring system on the behavior of the inmate population as compared to the previous three fiscal years. The research will include, but not be limited to the following: inmate on inmate violence; inmate on staff violence; reporting of sexual abuse allegations; theft of jail property; damage to jail property; staff hours performing head counts; number of lockdowns; increased oversight of private contractors; escape attempts; and impacts of the monitoring system on investigations. Each county shall report its findings at least sixty days prior to the beginning of the legislative session to the Department of Corrections. The department shall compile the data and submit a report to the Governor, the chair of the Senate Ways and Means Committee and the chair of the House Fiscal Council for a period of three years after the grant award.

The Department of Corrections shall administer the program and must award the grant by November 1, 2006."

FROM GENERAL REVENUE FUND 3,000,000

Funds in Specific Appropriation 1933A are provided to fund projects on the Oceans and Coastal Resources Council Annual Science Research Plan Appendix 1 dated February 1, 2006, in order of priority. By August 1, 2006, the council shall estimate the amount of funds likely to be committed by each project during the 2006-2007 fiscal year based on the anticipated progress of each project within the fiscal year, considering permitting, purchasing, and similar factors. The council initially shall allocate no more funds to any project than the amount estimated. If the department's estimate for any project is decreased during the fiscal year, the amount of the decrease shall be transferred to the next unfunded project on the prioritized list. Up to \$100,000 shall be allocated to the real-time interdisciplinary observing system in the 2006-2007 fiscal year. These funds shall be used to develop a system implementation, funding and expenditure plan that includes state, federal and local funds.

From the funds in Specific Appropriation 1933A, not more than 10.0 percent may be used for administrative costs to support the Oceans and Coastal Resources Council."
