Funds in Specific Appropriation 1769A, as part of the Department of Environmental Protection's Beach Management Funding Assistance Program, shall be allocated in priority order in the amounts requested by the department to the Miami-Dade Beach Nourishment Project, St. Lucie Inlet Management Plan Implementation, Duval Shore-Protection Project, Anna Maria Island Nourishment, Sand Key Nourishment, Broward County Nourishment - Segment II, Long Key Nourishment, and the Palm Beach County Shore Protection projects. These projects represent the maximum availability and leveraging of federal beach funding, and/or previous partial state funding commitment to the project, including Fiscal Year 2009-2010.

In order to provide maximum availability of funds for all listed projects, the department and each local sponsor are directed to identify any and all agreed upon reductions in the state funding share that can be absorbed without jeopardizing available federal dollars or delaying project construction.

Funds in Specific Appropriation 1769A shall not be allocated for post-construction monitoring. State matching dollars for such monitoring may be considered as a local government cost credit toward future design and construction activities for any of the local government sponsor's beach projects. In addition, the department, in conjunction with the Fish and Wildlife Conservation Commission, shall examine all permit-imposed post-construction monitoring requirements and existing protocols in terms of cost-savings, necessity, redundancies and efficiencies; and report back to Legislature by January 1, 2011.
