E

Budget Period: 2011 - 2012

Department: Agency for Workforce Innovation

Budget Entity: 75000000 - All Budget Entities

Fund: 2021 - Administrative Trust Fund

<u>Adjustments</u>

B2 - BEG FUND BAL OP CAT ENC NOT RESERVED: Certified Forward Encumbrances exceeded unreserved fund balance and were not reserved because doing so would make balance less than zero.

B4 - BEG FUND BAL NON CF OP CAT ACCRUALS: Begininng fund balance included accruals related to Non Certified Forward Operating Categories

Note: Prior Year Reversions are included because Beginning Unreserved Fund Balance includes a reserve for encumbrances from prior year or if no prior year reserve for encumbrances was established to due unavailable fund balance an adjustment was make in Section 3. Current year is not included because in this fund the reversions are related to Federal Grants and if budget is not spent, revenue is not received and the affect is zero.

Revenue Forecasting Methodology

The projected grant revenues are based on anticipated grant receipts: An estimated carry forward is calculated for grants active at June 30. Revenue for the current state fiscal year is estimated for each grant based on award reserved from overlapping federal fiscal year and new award to be received based on historical trends or various notices or estimates from federal agencies or other sources. Award is then allocated to current state fiscal year. The combination of these two estimates is available award for current state fiscal year. Based on meetings with budget staff and agency management, the current fiscal year operating budget is developed and identified to funding. This information modified for differences between the GAA and the Schedule 1 operating expenditures and non-operating requirements is used for the current state fiscal year receipts. This data forms the basis for revenue for the Requested State Fiscal Year. Finalization of Grant Award is contingent on the passage of the Federal Budget. Recently this has occurred in January or February following the October First start of the Federal Fiscal Year. Decline in grant receipts for FY 2011-12 is due to ending of ARRA funding.

Projected reimbursement (001801) revenue based on ongoing agreements: Ongoing reimbursement agreements are identified and current year budget is estimated using historic trends modified by information from management related to each agreement. Revenue is based on recovery of costs.

Office of Policy and Pudget July 2010					

Budget Period: 2011 - 2012

Department: Agency for Workforce Innovation

Budget Entity: 75000000 - All Budget Entities

Fund: 2195 - Employment Security Administration Trust Fund

<u>Adjustments</u>

B2 - BEG FUND BAL OP CAT ENC NOT RESERVED: Certified Forward Encumbrances exceeded unreserved fund balance and were not reserved because doing so would make balance less than zero.

B4 - BEG FUND BAL NON CF OP CAT ACCRUALS: Begininng fund balance included accruals related to Non Certified Forward Operating Categories

Note: Prior Year Reversions are included because Beginning Unreserved Fund Balance includes a reserve for encumbrances from prior year or if no prior year reserve for encumbrances was established to due unavailable fund balance an adjustment was make in Section 3. Current year is not included because in this fund the reversions are related to Federal Grants and if budget is not spent, revenue is not received and the affect is zero. Portion of reversion related to VPK General Revenue funding is transferred to General Revenue unallocated and the affect is zero.

Revenue Forecasting Methodology

The projected grant revenues are based on anticipated grant receipts: An estimated carry forward is calculated for grants active at June 30. Revenue for the current state fiscal year is estimated for each grant based on award reserved from overlapping federal fiscal year and new award to be received based on historical trends or various notices or estimates from federal agencies or other sources. Award is then allocated to current state fiscal year. The combination of these two estimates is available award for current state fiscal year. Based on meetings with budget staff and agency management, the current fiscal year operating budget is developed and identified to funding. This information modified for differences between the GAA and the Schedule 1 operating expenditures and non-operating requirements is used for the current state fiscal year receipts. This data forms the basis for revenue for the Requested State Fiscal Year. Finalization of Grant Award is contingent on the passage of the Federal Budget. Recently this has occurred in January or February following the October First start of the Federal Fiscal Year. Decline in grant receipts for FY 2011-12 is due to ending of ARRA funding.

Projected reimbursement (001801) revenue based on ongoing agreements: Ongoing reimbursement agreements are identified and current year budget is estimated using historic trends modified by information from management related to each agreement. Revenue is based on recovery of costs.

Voluntary Pre-Kindergarten: Based on General Appropriations Act and Legislative Budget Request.
