AGENCY ISSUE NARRATIVE:  
 SCH VIII B-1 NARR 10-11 NARRATIVE:  
 PRIORITY #001

IT COMPONENT? NO

This issue affects a number of budget entities and proposes to eliminate recurring and non-recurring General Revenue funding for gender-specific services, substance abuse and mental health services, employment placement services, and diversion and prevention programs for at-risk youth in the Detention Centers (\$62,500), Aftercare/Conditional Release (\$2,796,096), and Delinquency Prevention and Diversion budget entities (\$518,523 recurring and \$300,000 non-recurring).

The services eliminated in the Detention Centers budget entity will affect gender-specific life skills services for girls detained in secure detention awaiting judicial disposition and/or commitment placement. These services are provided at the Miami-Dade Regional Juvenile Detention Center for a minimum of 30 hours per week and promote and strengthen their ability to make positive choices and improve decision making with regard to their lives. The elimination of these services will affect approximately 216 girls ages 11-18.

The elimination of funding in the Aftercare/Conditional Release budget entity will affect programs that provide case management services, community service work, individual and family counseling, and life skills seminars in seven (7) counties (Hillsborough, Manatee, Orange, Pasco, Pinellas, Polk and Sarasota. Approximately 4,675 at-risk youth ages 7 to 17 who receive prevention and diversion services will be affected by this elimination of funding.

The elimination of funding in the Delinquency Prevention and Diversion budget entity will affect a range of services provided to at-risk youth. Substance abuse and mental health screening services are provided at the Pasco Juvenile Assessment Center (JAC). The JAC provides detention screenings, comprehensive mental health and substance abuse assessments and serves youth seven (7) days a week. Approximately 293 at-risk youth will be affected if this funding is eliminated. Services for keeping youth in school by providing on-going life skills workshops and tutoring services that focus on values, drug use, self esteem, and job placement to at-risk youth in middle and high school and live in targeted zip codes in Miami-Dade County will be affected. Approximately 252 at-risk youth will be affected if this funding is eliminated. The reduction of non-recurring funding will affect employment placement services provided to at-risk youth ages 15 - 18 who live in one of four (4) targeted high crime delinquency counties (Pinellas, Hillsborough, Manatee, and Sarasota). This reduction will affect approximately 210 youth.

AGENCY ISSUE NARRATIVE:

SCH VIII B-1 NARR 10-11 NARRATIVE:  
 PRIORITY #004

IT COMPONENT? NO

This reduction issue proposes to close the fifty (50) bed East Hillsborough Regional Juvenile Detention Center and reduce bed capacity at the two hundred and twenty-six(226) bed Miami-Dade Regional Juvenile Detention Center. The East Hillsborough Regional Juvenile Detention Center was chosen for closure because Hillsborough County has two juvenile detention centers and as a result of the historically low utilization rates at the East Hillsborough Regional Juvenile Detention Center. In FY 2009-2010 the average daily population of the East Hillsborough Regional Juvenile Detention Center was 32 youth, with a utilization rate of 65 percent. The Miami-Dade Regional Juvenile Detention Center was chosen for reduction because of its relatively large capacity and low utilization rates. The Miami-Dade Regional Juvenile Detention Center's average daily population during FY 2009-2010 was approximately 118 youth, with a utilization rate of 52 percent. This issue proposes to reduce eighty beds (80) from the Miami-Dade Regional Juvenile Detention center, resulting in a bed capacity of 146 beds. The closure and reductions of these facilities will cause other juvenile detention centers to operate at higher capacities.

Facility	FTE	General Revenue	Shared County/State Juvenile Detention Trust Fund	Total
East Hillsborough RJDC	(52)	(\$193,301)	(\$ 894,186)	(\$1,087,487)

AGENCY ISSUE NARRATIVE:  
 SCH VIIIIB-1 NARR 10-11 NARRATIVE:  
 PRIORITY #005

IT COMPONENT? NO

This issue proposes to reduce funding for contracted aftercare and conditional release services. This program provides for community supervision and intervention services for youth who have returned from residential placement and are placed on conditional release, probation status, or post-commitment probation status. Services provided by contract providers are: referrals to local mental health providers, drug testing (if warranted), progress reporting, collateral contacts with parents, teachers, and service providers, development of transition/treatment plans, and case management and coordination with Juvenile Probation Officers.

The Department of Juvenile Justice contracts for approximately 2,000 conditional release slots annually at an annual cost of \$6,400 per slot with an average length of stay of six months. Approximately 4,000 youth are able to be served by this program each year. This reduction equates to a 425 slot reduction and would result in 950 youth annually not receiving these services, lowering the average overall youth able to be served by this program to 3,050. Reduction of these services will lead to an increased likelihood of recidivism and possibly an increased threat to public safety. This reduction would also place a greater workload on the Department's Juvenile Probation Officers, who must serve these youth in the absence of the contracted conditional release programs.

Calculation of Reduction:

Total Aftercare Services/Conditional Release Reduction = \$2,040,498/150 days/\$32.00 per diem = 425 slots

AGENCY ISSUE NARRATIVE:  
 SCH VIIIIB-1 NARR 10-11 NARRATIVE:  
 PRIORITY #001

IT COMPONENT? NO

This issue proposes to eliminate recurring and non-recurring General Revenue funding for gender-specific services, substance abuse and mental health services, employment placement services, and diversion and prevention programs for at-risk youth in the Detention Centers (\$62,500), Aftercare/Conditional Release (\$2,796,096), and Delinquency Prevention and Diversion budget entities (\$518,523 Recurring and \$300,000 Non-recurring).

The services eliminated in the Detention Centers budget entity will affect gender-specific life skills services for girls detained in secure detention awaiting judicial disposition and/or commitment placement. These services are provided at the Miami-Dade Regional Juvenile Detention Center for a minimum of 30 hours per week and promote and strengthen their ability to make positive choices and improve decision making with regard to their lives. The elimination of these services will affect approximately 216 girls ages 11-18.

The elimination of funding in the Aftercare/Conditional Release budget entity will affect programs that provide case management services, community service work, individual and family counseling, and life skills seminars in seven (7) counties (Hillsborough, Manatee, Orange, Pasco, Pinellas, Polk and Sarasota. Approximately 4,675 at-risk youth ages 7 to 17 who receive prevention and diversion services will be affected by this elimination of funding.

The elimination of funding in the Delinquency Prevention and Diversion budget entity will affect a range of services provided to at-risk youth. Substance abuse and mental health screening services are provided at the Pasco Juvenile Assessment Center (JAC). The JAC provides detention screenings, comprehensive mental health and substance abuse assessments and serves youth seven (7) days a week. Approximately 293 at-risk youth will be affected if this funding is eliminated. Services for keeping youth in school by providing on-going life skills workshops and tutoring services that focus on values, drug use, self esteem, and job placement to at-risk youth in middle and high school and live in targeted zip codes in Miami-Dade County will be affected. Approximately 252 at-risk youth will be affected if this funding is eliminated. The reduction of non-recurring funding will affect employment placement services provided to at-risk youth ages 15 - 18 who live in one of four (4) targeted high crime delinquency counties (Pinellas, Hillsborough, Manatee, and Sarasota). This reduction will affect approximately 210 youth.

AGENCY ISSUE NARRATIVE:  
 SCH VIIIIB-1 NARR 10-11 NARRATIVE: IT COMPONENT? NO  
 PRIORITY #009

This issue proposes to reduce recurring and non-recurring funding for the Juvenile Redirections Program. The providers design and deliver a program for redirecting youth back to law abiding behavior who have violated the terms of supervision as contained in the court order or the youth's supervision plan or who have demonstrated significant non-compliance or uncooperative behavior that will lead to a violation, as determined by the Juvenile Probation Officer Supervisor. The overall goal of the Juvenile Redirection Program is to reduce residential commitments. The Department of Juvenile Justice contracts for approximately 436 redirection slots at an annual cost of \$25,145 per slot with an average length of stay of 3.5 months. Approximately 1,495 youth are able to be served by this program each year. This reduction equates to a 74 slot reduction and would result in approximately 259 youth annually not receiving these services, lowering the average overall youth able to be served annually by this program to 1,236.

Calculation of Reduction:

Total Juvenile Redirections Program Reduction = \$767,538/150 days/68.89 = 74 slots

REDUCE FUNDING FOR COMPREHENSIVE				
EVALUATIONS				33B0090

This issue proposes to reduce funding for contracted comprehensive evaluations provided by community-based providers. The goal of the comprehensive evaluation service is to determine the level of functioning and treatment needs and to guide the Department to the right placement and treatment based on the unique needs of the youth. This service is mandated by the Legislature per F.S. 985.185 (1) and must be fulfilled by the appropriate licensed provider. If comprehensive evaluations are under-funded the Department will run the risk of placing youth into an inappropriate residential program.

Calculation of Reduction:

Total FY 2010-11 Comprehensive Evaluations Allocation = \$2,937,334 x 10% = \$293,733

 SCH VIIIIB-1 NARR 10-11 NARRATIVE: IT COMPONENT? NO  
 PRIORITY #008

This issue proposes to reduce funding for contracted day treatment services delivered by community-based providers for youth referred for delinquency to the Department of Juvenile Justice. Day Treatment provides a facility-based supervision model for probation, conditional release, post-commitment probation and minimum risk commitment status youth, to include sexual offenders. These facility-based day treatment programs include transportation to and from the facility and at least three hours of non-academic delinquency programming. Changes in admission criteria in local school districts, inadequate facilities, insufficient funding for transportation, etc. have kept some of these programs from offering the necessary delinquency programming to reduce recidivism. Sexual offender contracts are specific counseling services for youth who are not in a residential program. These services offer a broad variety of tools to assess a youth's needs and are geared to prevent relapse.

The Department of Juvenile Justice contracts for approximately 1,079 day treatment slots and 61 sexual offender slots at an average annual cost of \$13,520-\$15,977 per slot, and an average length of stay of six months for day treatment and nine months for sexual offenders. Approximately 2,239 youth are able to be served by these programs each year. This reduction equates to a 173 slot reduction and would result in 346 youth annually not receiving these services, lowering the average overall youth able to be served by these programs to 1,893. Reducing these services will place a greater workload on the Department's Juvenile Probation Officers, who must serve these youth in the absence of the contracted day treatment programs. This reduction would also transfer the youth's education programming to other alternative programs offered by the local school district.

Calculation of Reduction:

Total Day Treatment Reduction = \$1,816,976/150 days/\$69.93 per diem = 173 slots

SCH VIII B-1 NARR 10-11 NARRATIVE:  
 PRIORITY #007

IT COMPONENT? NO

This issue proposes to reduce funding for contracted diversion services in the Non-Residential Delinquency Rehabilitation budget entity. Diversion services are delivered by community-based providers, and are designed to target youth with criminogenic needs indicative of future criminality. Other services provided include youth supervision and monitoring, referrals based on identified service needs, intervention groups, and intensive case management. Reduced funding for these services would result in the loss of approximately 7 slots. The average length of stay for a youthful offender in a Diversion Service slot is six months; therefore, the reduction of funding for this program would reduce services for approximately 14 youth.

Calculation of Reduction:

Diversion Services Reduction = \$30,094/156 day/\$13.39 per diem = 14 youth

AGENCY ISSUE NARRATIVE:

SCH VIIIIB-1 NARR 10-11 NARRATIVE: IT COMPONENT? NO  
 PRIORITY #012

This issue proposes to eliminate 11.00 FTE from the Executive Direction/Support Services budget entity. These positions are directly linked to program reductions in the program priorities #1 - #11 identified above. These positions include trainers, attorneys, program auditors, quality assurance specialists, and financial/purchasing headquarter staff that impacts the day to day operations of the Department.

The elimination of these positions will require remaining staff to absorb the workload causing a impact in the department's efforts to increase accountability within the legal system, timeliness of conducting procurements and executing contracts for services, reduces the ability to perform mandated legislative activities and provide reasonable audit coverage. Also, the ability to meet prompt payment requirements, maintain accurate personnel records, and the potential loss of some financial checks and balances will be affected.

AGENCY ISSUE NARRATIVE:  
 SCH VIIIIB-1 NARR 10-11 NARRATIVE: IT COMPONENT? NO  
 PRIORITY #003

This issue proposes to eliminate General Revenue funding for the Children and Youth Cabinet Data Sharing System. The purpose of this contract is to promote and implement collaboration, creativity, increased efficiency, information sharing, and improved service delivery between and within state agencies and organizations that deal with youth. The department is currently obligated to provide funding for this initiative for three years. Funding totaling \$45,940 represents the budget allocation for the second year of the agreement.

Calculation of Reduction:

Total Allotment for Fiscal Year 2010-11 - \$4,176.34 per month x 5 months = \$20,882.

\*\*\*\*\*

AGENCY ISSUE NARRATIVE:

SCH VIIIIB-1 NARR 10-11 NARRATIVE:  
 PRIORITY #011

IT COMPONENT? NO

This issue proposes to eliminate 20 non-secure residential vocational slots and 365 non-secure residential commitment beds, including treatment overlay slots attached to those beds. This issue reduces 12% of the non-secure bed capacity as follows: \$7,203,975 (362 beds X \$109.22 per diem X 182 days) for residential beds and \$126,675 (20 slots X \$50.67/slot X 125 days) for vocational slots in the General Revenue Fund and \$59,634 (3 beds X \$109.22 per diem X 182 days) in the Social Services Block Grant Trust Fund.

Currently, the Department of Juvenile Justice (DJJ) non-secure bed capacity is 2,983 beds and utilization rates have been as high as 97% for low and moderate-risk beds. A reduction of 365 beds will significantly impact the availability of appropriate placements for youth committed to non-secure commitment programs. Loss of these non-secure beds will impact the use of beds throughout the system, especially the remaining non-secure general offender beds. Non-secure general offender beds have the shortest length of wait and lowest utilization rate, as most youth require some type of specialized service of placement. This loss will limit DJJ's ability to create needed additional specialized services beds. Additionally, it is anticipated that the number of youth waiting for placement and the length of time spent waiting for placement will increase. Youth awaiting placement may have to be at home under the supervision of a Juvenile Probation Officer, thereby placing unintended pressure on probation resources and on public safety.

With the loss of beds, the Department will recommend that only youth adjudicated on a felony offense be placed in a residential program. In order to restrict residential beds for youth with felony charges, the language under Florida Statute 985.441 (1)(b) must be amended to limit the Courts' authority and specify that the Court can only commit youth with felony charges to residential programs.

\*\*\*\*\*

AGENCY ISSUE NARRATIVE:

SCH VIII B-1 NARR 10-11 NARRATIVE: IT COMPONENT? NO  
 PRIORITY #010

This issue proposes to eliminate 193 secure residential commitment beds, including treatment overlay slots attached to those beds. This issue reduces 16% of the secure residential bed capacity as follows: \$3,878,000 (136 beds X \$155.98 per diem X 182 days) in the General Revenue Fund and \$1,639,908 (57 beds X \$155.98 per diem X 182 days) in the Social Services Block Grant Trust Fund.

Currently, the Department of Juvenile Justice (DJJ) secure bed capacity is 1,193 beds and utilization rates have been as high as 98% for high and maximum-risk beds. A reduction of 193 beds will significantly impact the availability of appropriate placements for youth committed to secure commitment programs. This significant decrease in bed capacity will increase the wait time for youth to be placed in secure commitment beds and youth will continue to wait in a secure detention facility, many in excess of 30 days, until a bed becomes available. These extended waits in detention centers will also increase the cost to the State for post-dispositional care. The increased stay of youth in detention centers will adversely affect detention centers.

With the loss of beds, the Department will recommend that only youth adjudicated on felony offenses be placed in a residential program. In order to restrict residential beds for youth with felony charges, the language under Florida Statute 985.441 (1)(b) must be amended to limit the Courts' authority and specify that the Court can only commit youth with felony charges to residential programs.

AGENCY ISSUE NARRATIVE:  
 SCH VIII B-1 NARR 10-11 NARRATIVE:  
 PRIORITY #001

IT COMPONENT? NO

This issue affects a number of budget entities and proposes to eliminate recurring and non-recurring General Revenue funding for gender-specific services, substance abuse and mental health services, employment placement services, and diversion and prevention programs for at-risk youth in the Detention Centers (\$62,500), Aftercare/Conditional Release (\$2,796,096), and Delinquency Prevention and Diversion budget entities (\$518,523 Recurring and \$300,000 Non-recurring).

The services eliminated in the Detention Centers budget entity will affect gender-specific life skills services for girls detained in secure detention awaiting judicial disposition and/or commitment placement. These services are provided at the Miami-Dade Regional Juvenile Detention Center for a minimum of 30 hours per week and promote and strengthen their ability to make positive choices and improve decision making with regard to their lives. The elimination of these services will affect approximately 216 girls ages 11-18.

The elimination of funding in the Aftercare/Conditional Release budget entity will affect programs that provide case management services, community service work, individual and family counseling, and life skills seminars in seven (7) counties (Hillsborough, Manatee, Orange, Pasco, Pinellas, Polk and Sarasota. Approximately 4,675 at-risk youth ages 7 to 17 who receive prevention and diversion services will be affected by this elimination of funding.

The elimination of funding in the Delinquency Prevention and Diversion budget entity will affect a range of services

provided to at-risk youth. Substance abuse and mental health screening services are provided at the Pasco Juvenile Assessment Center (JAC). The JAC provides detention screenings, comprehensive mental health and substance abuse assessments and serves youth seven (7) days a week. Approximately 293 at-risk youth will be affected if this funding is eliminated. Services for keeping youth in school by providing on-going life skills workshops and tutoring services that focus on values, drug use, self esteem, and job placement to at-risk youth in middle and high school and live in targeted zip codes in Miami-Dade County will be affected. Approximately 252 at-risk youth will be affected if this funding is eliminated. The reduction of non-recurring funding will affect employment placement services provided to at-risk youth ages 15 - 18 who live in one of four (4) targeted high crime delinquency counties (Pinellas, Hillsborough, Manatee, and Sarasota). This reduction will affect approximately 210 youth.

The elimination of prevention, intervention, and diversion programs could lead to increased number of youth entering the juvenile justice system and the department will be forced to increase Detention, Probation, and Residential capacity.
