AGENCY NARRATIVE:

2011-2012 BUDGET YEAR NARRATIVE: REHAB COUNTERDRUG TNG ACAD IT COMPONENT? NO  
 The Department of Military Affairs requests \$200,000 to renovate some buildings at Camp Blanding Joint Training Center to house the Florida Counter-drug Training Academy (FCTA). FCTA is based on a federal / state partnership which enables DMA to leverage the federal personnel and resources of the counter-drug program and the existing training facilities at Camp Blanding to conduct cost effective and unique training for Law Enforcement Agencies (LEAs) and Community Based Organizations (CBOs). State funding enables the FLNG to offer this training to the LEAs and CBOs at no cost to their parent organization.

There are several buildings at Camp Blanding which will be available for FCTA occupation following modeling / refurbishment. The remodeling project, which will require extensive renovation on some buildings and minimal renovation to others, the project will be accomplished in a series of phases. Phase I includes remodeling three military barracks to serve as FCTA Administration Buildings and classrooms along with a separate building for men's women's bathrooms and showers. Phase I construction is funded by the Florida National Guard's Asset Forfeiture funds. These funds are received from the Federal government for participation in investigations or prosecutions that result in a federal forfeiture.

THIS PROJECT WILL NOT REQUIRE ANY STATE MATCHING FUNDS

AGENCY ISSUE NARRATIVE:

2011-2012 BUDGET YEAR NARRATIVE: IT COMPONENT? NO  
 The Department of Military Affairs (DMA) requests a realignment of existing appropriation between categories to support changing needs. The realignment of these funds is from category EXPENSES (040000). Annually, training events and exercises are conducted for Soldiers and Airman who participate in Defense Support to Civil Authorities (DSCA). These include the Statewide Hurricane Exercise, a major and essential Florida National Guard training event that involves almost every other state agency. In the past DMA has been able to utilize federal funding for the majority of the training events and exercises. DMA now anticipates that Federal funding will not be available this year or in future years, thus requiring state funding for these critical expenditures to maintain the Florida National Guard's preparedness posture. NOTE: This request is for additional Appropriation ONLY, to cover Salaries of Florida National Guard members when they participate in training events and exercises.

IT COMPONENT? NO

The Department of Military Affairs requests \$370,000 to pay for energy increases at the state's 60 armories. This agency has experienced annual energy cost increases over the past three (3) years, which significantly impact facilities operation. Fiscal years 2009 and 2010, \$320,000 and \$370,000, respectively, of NON-recurring funds were appropriated. For FY2011 routine maintenance funds are having to be diverted to pay these expanding energy bills. This issue is essential to meet increased armory utilization due to overseas and domestic operational tempo.

AGENCY NARRATIVE:

2011-2012 BUDGET YEAR NARRATIVE: READY CENTERS REVITAL PLAN IT COMPONENT? NO

The Department of Military Affairs requests \$15,000,000 to continue renovating state readiness centers to meet state and federal building codes. National Guard Readiness Centers (Armories) are the core of our hometown based units. Because of the wisdom and foresight of the State legislature, the Florida Guard has renovated 25 of these buildings bringing them into the 21st century. The remaining 25 armories are in varying states of disrepair and some are in desperate need of renovation. The revitalization of these readiness centers greatly increases our ability to gain new units with increased capabilities for our state, make the buildings more energy efficient, and directly stimulate the economies of the communities which we serve.

2011-2012 BUDGET YEAR NARRATIVE: IT COMPONENT? YES  
 The Department of Military Affairs requests \$ 25,000 to maintain and improve the Integrated Emergency Operation Management System (IOEMS). The IOEMS supports the National Guard when the Governor calls them to state active duty. The system converts federal computer data into the associated state data that can be used by the state's payroll, purchasing and accounting systems. IOEMS has dramatically improved the department's responsiveness to National Guard members, Florida's vendors and citizens of Florida. Because the federal databases change frequently IOEMS has to be constantly modified to extract the needed data to provide a timely response. This request is essential to fund software changes and hardware replacement required to keep the system ready at a moments notice.

 The Department of Military Affairs requests \$ 300,000 to pay the worker compensation costs associated with injuries sustained by Florida National Guard members while on state active duty (SAD). Chapter 250.34, Florida Statutes includes a mechanism to cover worker compensation costs paid on members of the Florida National Guard called to State Active Duty (SAD) by the Governor. Section 250.34(3), FS states "the Division of Risk Management shall forward each January to the Department of Military Affairs, an invoice of the payments and associated legal costs made under this subsection during the prior calendar year. The Department of Military Affairs shall incorporate the amount of the invoice in its annual budget request that begins the following July. The amount requested is an estimate based on the current year's invoice, the actual amount will be adjusted during the Supplemental LBR.

2011-2012 BUDGET YEAR NARRATIVE: PLN ARMORY/EGLIN/FT.WALTON IT COMPONENT? NO

The armory located at Ft. Walton, Florida, will be a specially designed facility to support the needs of the occupying Florida National Guard units. This facility supports the recruiting and retention of military personnel and the specialized soldiers' skills training necessary to prepare them to perform their duties. In addition, this facility is available to support local relief operations in the event of natural disasters and civil disturbances. Guard units programmed to occupy the Ft. Walton Armory now occupy temporary facilities licensed by the US Army Corps of Engineers. Temporary facilities are not available for use by these units. The present facility is small and barely satisfies minimum storage requirements for unit equipment. There is limited administrative space and virtually no training space available in the temporary facility. Unit efforts to accomplish administrative, logistical, and training requirements will be severely hindered by the lack of an adequate permanent armory facility. The new armory facility will be constructed on a 25-acre site furnished to the Eglin Air Force Base, State of Florida, by the U.S. Air Force.

100% FEDERAL funding support is authorized for the design of this facility.  
 Construction will be federally funded at 75% of the total cost and will require 25% STATE MATCHING FUNDS.  
 FY13 FEDERAL funds are being requested for this issue, and could be lost without state support.

Construction of permanent paved parking and Security Fencing to secure the Unit's Equipment.  
 Project will include storm water retention and site security lighting.

If project is delayed or not approved; The Unit will not be able to park its organic equipment on site. High risk safety issues will continue, potentially injuring or causing death to soldiers and/or severely damaging equipment. The unit will not be able to respond to Humanitarian missions in a timely manner due to the fact that part of the units equipment must be stored at CBJTC over 200 miles away

Forward March provides job-readiness services at selected armories around the State for WAGES recipients, who are referred to this program by local workforce development boards and the Department of Children and Families. The Forward March program provides training on topics that directly relate to the skills required for employment and real-world success. The program emphasizes functional life skills; computer literacy; interpersonal relationships; critical thinking skills; business skills; pre-employment and work maturity skills; job search and interview skills; exploring career activities; how to be a successful and effective employee; and some job-specific technical skills. The program also provides extensive opportunities for participants to practice generic job skills in a supervised work setting. Upon completion of the program, Forward March refers graduates to the local workforce development boards for employment and/or further educational placement.

 About Face provides both a summer and a year-round after-school life-preparation program for economically disadvantaged and at-risk youths from 13 through 17 years of age at selected armories around the state. Both summer and after-school programs provide schoolwork assistance, focusing on skills such as teaching students to work effectively in groups; providing basic instruction in computer skills; teaching basic problem-solving, decision-making and reasoning skills; teaching how the business world and free enterprise system work through computer simulations; and teaching home finance and budgeting and other daily life skills. In the after-school program, students must train in academic study skills and basic technical skills that businesses require for employment consideration.
