For adult general education programs, a block tuition shall be assessed in the amount of \$45 per half year or \$30 per term for residents. For nonresidents, the out-of-state fee shall be \$135 per half year or \$90 per term, in addition to the standard tuition.

SECTION 2 - EDUCATION (ALL OTHER FUNDS)

From the funds in Specific Appropriation 108 for the Florida Education Library Resource Center, \$1,357,746 shall be released at the beginning of the first quarter in addition to the normal release and \$2,311,839 shall be released at the beginning of the second quarter in addition to the normal release. The additional release is provided to maximize cost savings through centralized purchase of subscription-based e-resources. The remaining appropriated funds for the Center shall be distributed in accordance with the normal release plan.

The Auditor General shall verify compliance with this requirement during scheduled operational audits of the Florida colleges.

Each Florida college board of trustees is given flexibility to make necessary adjustments to its operating budget. If any board reduces individual programs or projects within the Florida college by more than 10 percent during the 2012-2013 fiscal year, written notification shall be made to the Executive Office of the Governor, the President of the Senate, the Speaker of the House of Representatives, and the Department of Education.

local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient nonfederal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local nonfederal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

In the event the nonfederal share provided through grants and donations is not available to fund the Medicaid low-income payments for eligible Medicaid providers, known as provider access systems, the agency shall submit a revised low-income pool plan to the Legislative Budget Commission for approval. Distribution of such funds provided in Specific Appropriation 195 is contingent upon approval from the Centers for Medicare and Medicaid Services.

From the funds in Specific Appropriation 377, the Department of Children and Family Services may accept and administer funding allocated to the State of Florida by the U.S. Department of Urban Development (HUD) for the Emergency Shelter Grant (ESG) Program. The ESG Program will be administered by the department in accordance with HUD rules and regulations. This funding may be granted by the state to local governments in the state, which may include cities and counties that are ESG grantees, or to private nonprofit organizations, if the local government where the project is located certifies its approval of the project. Initial preference will be given to local governments and nonprofit organizations in areas of the state where local governments do not receive funding directly from HUD. Grant applications will be ranked competitively based on grant application requirements and criteria published by the department.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 625 through 815, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2013.

From the funds in Specific Appropriations 625 through 815, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget and the chair of the Senate Budget Committee and the chair of the House Appropriations Committee for review.

Funds in Specific Appropriations 625 through 815 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2012, and for which it has been determined by the Secretary of the department that there is no longer a need.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds provided in Specific Appropriations 661, 673, and 686 a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as Government State property back to the date the finance corporation or other state entity acquired the title thereto. These distributions shall be adjusted, with respect to any facility, to reimburse the Department of Corrections for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

Funds and positions in Specific Appropriations 625 through 758A and 778 through 815 support the state's inmate population. These funds and positions are sufficient to provide housing and security for 98,885 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 99,257 inmates.

Funds and positions in Specific Appropriations 625 through 758A and 778 through 815 are provided to address security needs for the state's prison population for Fiscal Year 2012-2013 as projected by the Criminal Justice Estimating Conference.

Based on the legislative budget request and business plan submitted by the Department of Corrections to privatize certain correctional facilities, and from the funds in Specific Appropriations 625 through 758A and 778 through 815, the Department of Management Services shall issue one or multiple competitive solicitations, as defined in and required by sections 287.012(6) and 287.057, Florida Statutes, for the management and operation of 3 newly constructed re-entry centers located in Baker, Gadsden, and Miami-Dade counties scheduled to come online in October 2012 and 6 existing state-operated work release centers.

The competitive solicitation(s) shall provide for a contract commencement date of no later than October 1, 2012, and provide a cost savings of at least 7 percent.

The Department of Corrections, in consultation with the Department of Management Services, shall determine the gender and level of custody of inmates to be placed at each facility prior to the issuance of the competitive solicitation. At a minimum, the contract shall require

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

adherence to all applicable federal, state and local laws, including chapter 957, Florida Statutes.

A successful response to the solicitation for the 3 re-entry centers must include a provision to employ certified private correctional officers pursuant to section 944.105(7), Florida Statutes, as part of the contract. Where practical, these facilities should be minimum custody, or if necessary, the department should consult with potential service providers to define a specific definition of custody level greater than minimum custody but less than medium custody.

The Department of Corrections is authorized to submit a budget amendment in accordance with chapter 216, Florida Statutes, to move funds between programs and categories of appropriation for the privatization effort.

From Specific Appropriation 823, \$200,000 is appropriated for the Justice Administrative Commission to contract for the development of a State Attorney, Public Defender, Criminal Conflict and Civil Regional Counsel and Attorney General weighted caseload study that includes the Delphi method and the time record-based case-weighting method. The study should include a representative mix of rural and urban circuits. The study must consider caseloads and the actual work done on those caseloads and account for factors that increase or decrease the amount of time assistant public defenders, assistant state attorneys, regional counsels and Attorney General lawyers spend working on cases and carrying out other professional duties (e.g., complexity of cases, specialized prosecution and defense units, specialty courts, interpreter assistance required for defendants and witnesses, prevalence of mental health issues in defendants, investigations that may not result in charges being filed). Other relevant factors that the study should consider include, but not be limited to, geographical size of circuit, multiple county coverage, and the number of State Attorney and Public Defender offices within a circuit. An interim report is due to the Chair of the Senate Budget Committee and the Chair of the House Appropriations Committee no later than March 1, 2013.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1238 through 1261, the Department of Juvenile Justice shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Budget Committee and the chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1238 through 1249, the Department of Juvenile Justice shall make residential bed reductions in non-secure beds that are operated by the department before reducing privately operated residential beds. The department is authorized to submit budget amendments in accordance with chapter 216, Florida Statutes, to place positions in reserve and realign budget authority as needed.

From the funds in Specific Appropriations 2246 through 2257, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Family Services, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The agency head or a designee shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2246 through 2257, no federal or state funds shall be used to pay for space being leased by a Regional Workforce Board, Workforce Florida, Inc., or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

From the funds provided in Specific Appropriation 2304A from recurring State Economic Enhancement and Development Trust Fund, \$500,000 shall be provided to the Florida Manufacturing Extension Partnership for the purpose of leveraging federal and private resources for the support and delivery of services to the manufacturing community, which will provide economic stimulus through job creation and retention and assist Florida manufacturers to become more efficient and globally competitive.

(EFI), in conjunction with the Department of Economic Opportunity (DEO) and Workforce Florida, Inc., may use up to \$150,000 to conduct a study to identify innovative strategies for expanding the economic activity of each rural area in the state. Expanding economic activity includes increasing employment through: existing businesses and through new businesses locating to the area; increasing the total production of goods and services; and increasing the need for expanded infrastructure due to increasing population in that area. The rural areas to be included in the strategies shall be all those counties and municipalities defined as rural for the Rural Economic Development Initiative (REDI) in section 288.0656, Florida Statutes, as well as any other counties or municipalities included in any of the designated Rural Areas of Critical Economic Concern (RACEC). The study shall create strategies for providing small business assistance as well as proactively recruiting new businesses to locate in rural areas. The study shall provide recommendations for strategies specific to each rural community. Besides employing the existing statutory incentive programs and the statutorily authorized criteria waivers for those programs in rural areas, the study shall identify alternative means of enticing businesses to locate or expand in rural areas. Alternative means may include increased incentive amounts, reduced incentive performance metrics, newly proposed incentives, and newly proposed ways to eliminate non-financial barriers to business expansion in rural areas, such as permitting barriers, workforce needs or needed transportation improvements. The study shall take into account local incentive programs as well as the existing state statutory incentive programs. EFI may use the annual data reported to the Office of Economic and Demographic research pursuant to sections 125.045 and 166.021, Florida Statutes, related to incentives given to businesses, and the information reported directly to EFI related to the community inventory under section 288.912, Florida Statutes. The strategies developed shall

The study shall specifically identify and rank both the impediments deemed most problematic and the inducements deemed most effective as they relate to promoting economic growth in each rural community. The study should also recommend the types and characteristics of businesses that should be priority targets for economic development in each rural community. EFI shall submit the study and recommendations no later than December 1, 2012, to the chair of the Senate Budget Committee and the chair of the House Appropriations Committee. The DEO shall also include in the annual incentives report required pursuant to section 288.907, Florida Statutes, on December 30, 2012, detailed information showing geographic distribution of incentive contracts, specifically showing the difference between rural and non rural communities and the industry type for such projects.

 DMS MGD  
 FROM SUPERVISION TRUST FUND . . . . . 7,775,723

Funds provided in Specific Appropriation 2776, are for projects identified in the Department of Management Services' Capital Improvements Plan submitted October 2011 to the Executive Office of the Governor and the Legislature. The department may only depart from this plan when there is an unforeseen circumstance involving a building, facility grounds, or parking garage that affects facility code compliance; life safety or environment deficiencies; Americans with Disabilities Act compliance; mechanical, component or structural failures; or impacts a building's operations, integrity or habitability. In the event the department receives reimbursement for any of the projects in the plan, or if actual project costs are lower than the estimated costs shown in the plan, the department may use the funds to address deferred projects or projects that allow for additional occupancy of any non-occupied space that may exist in the Florida Facilities Pool.
