Funds in Specific Appropriation 75 require a match from local sources for working poor eligible participants of six percent on child care slots. In-kind match is allowable provided there is not a reduction in the number of slots or level of services from the provision of in-kind match. The Office of Early Learning may adopt a policy to grant a waiver of the six percent match requirement to a rural county that demonstrates a significant hardship in meeting the match requirement. Progress towards meeting this requirement shall be monitored by the Office of Early Learning, and shall be considered satisfactorily attained if the six percent requirement is met on a statewide basis.

From the Child Care and Development Block Grant Trust Fund in Specific Appropriation 75, \$3,000,000 shall be used to enhance the quality of child care through the Teacher Education and Compensation Helps Program (T.E.A.C.H.).

From the funds in Specific Appropriation 75 in the Welfare Transition Trust Fund, \$1,400,000 is provided for the Home Instruction Program for Pre-School Youngsters (HIPPY).

From the funds in Specific Appropriation 75, \$15,000,000 shall be used for the Child Care Executive Partnership Program, as defined in section 411.0102, Florida Statutes, as match to expand the provision of services to low income families at or below 200 percent of the federal poverty level. Funds for this program shall be used to match funds for statewide contracts.

Funds in Specific Appropriation 75 shall be allocated to the early learning coalitions as provided in House Bill 5103 based on funding formula recommendations made by the Office of Early Learning to the School Readiness Allocation Conference for review and approval. If the conference principals are unable to agree on the recommended formula and allocations for the 2012-2013 fiscal year, the 2012-2013 allocations shall be calculated in the same manner as the 2011-2012 allocations.

In the event that two or more coalitions merge, the Office of Early Learning shall reallocate funds to the new coalition based on an estimated student reassignment and the adopted funding methodology so that total funds remain the same. Any reallocation shall be reviewed and verified by the principals of the School Readiness Allocation Conference.

From the funds in Specific Appropriation 75, the Office of Early Learning shall have the ability to reallocate funds for school readiness services as funds are available or in the instance that a coalition does not have eligible children on its waiting list and has met its expenditure cap pursuant to section 411.01, Florida Statutes.

Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the additional hour of instruction on an optional basis. ESE centers shall not be included in the 100 schools.

The Department of Education shall provide guidance to school districts for documentation of the expenditures for the additional hour of instruction to ensure that all local, state, and federal funds are maximized for the total instructional program and that the funds used for the additional hour of instruction in these 100 schools do not supplant federal funds. School districts shall submit a report to the Department of Education in a format prepared by the department that includes summary information, including funding sources, expenditures and student outcomes for each of the participating schools that shall be submitted to the Speaker of the House, President of the Senate, and Governor by September 30, 2013. From the funds in Specific Appropriations 6 and 84, school districts may execute an appropriate contract for full-time virtual instruction through K-8 virtual schools that received funds from Specific Appropriation 93 of chapter 2008-152, Laws of Florida. School districts may expend funds in the amount of \$5,200 per student for each student who was enrolled and served during the 2011-2012 fiscal year and who is re-enrolled and eligible to be served during the 2012-2013 fiscal year. Each of the K-8 virtual schools shall provide to the Department of Education the name and address of each student who was enrolled and served during the 2011-2012 fiscal year and who is re-enrolled and is eligible to be served during the 2012-2013 fiscal year. From the funds in Specific Appropriation 174, \$350,000 in nonrecurring general revenue funds and \$350,000 in nonrecurring medical care trust funds shall be used by the Agency for Health Care Administration to contract with an independent, third party consulting firm with experience in planning public sector enterprise projects that do not perform system implementations, project management, or provide technology integration services to complete a feasibility study for developing an Internet-based system for eligibility determination for Medicaid and the Children's Health Insurance Program (CHIP) established in HB 5301 or similar legislation, and that complies with all applicable state and federal laws including the standards and conditions of the U.S. Department of Health and Human Services/Centers for Medicare and Medicaid Services (CMS) final rule published in the April 19, 2011, Vol. 76, No. 75 of the Federal Register.

The feasibility study shall include an analysis of two options for implementation of the Medicaid and CHIP eligibility determination system: (1) remediation and enhancement of the state's legacy eligibility determination system known as the Automated Community Connection to Economic Self-Sufficiency Florida or ACCESS Florida, and (2) development of a new system that would support the Medicaid and CHIP eligibility determination and enrollment services. The analysis of both options must include, but not be limited to, a cost benefit analysis and a project risk assessment.

The completed feasibility study, along with the Agency for Health Care Administration's recommendation for remediating the current system or developing a new system based on the results of the feasibility study, must be submitted for consideration and approval by the Legislative Budget Commission no later than December 1, 2012.

The methodology must adhere to all requirements of state law and federal regulations or waiver authority. The agency, through a competitive procurement under chapter 287, Florida Statutes, may engage a consultant to develop the methodology. The agency shall submit a report containing the methodology and the policy implications of implementing the methodology no later than January 31, 2013, to the Governor, the President of the Senate, and the Speaker of the House of Representatives.

In establishing rates through the normal process, prior to including this reduction, if the unit cost is greater than the unit cost used in establishing the budget, then rates shall be reduced by an amount required to achieve this reduction, but shall not be reduced below the unit cost used in establishing the budget. The agency shall establish a reasonable global fee for these transplant procedures and the payments shall be used to pay approved multi-visceral transplant and intestine transplant facilities a global fee for providing transplant services to Medicaid beneficiaries. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. This section of proviso does not include the buy back of the Medicaid inpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 193, \$60,125,879 from the Grants and Donations Trust Fund and \$82,116,560 from the Medical Care Trust Fund are provided for hospitals to buy back the Medicaid inpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their inpatient rates up to actual Medicaid inpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buy back of reductions to inpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid inpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 193, \$110,017,908 from the Grants and Donations Trust Fund and \$150,256,300 from the Medical Care Trust Fund are provided for hospitals to allow for exemptions from inpatient reimbursement limitations for any hospital that has local funds available for intergovernmental transfers. Reconciliations may be incorporated in Letters of Agreement for intergovernmental transfers for 2012-2013 state fiscal year.

Any hospital that was exempt from the inpatient reimbursement ceiling in the prior state fiscal year, due to their charity care and Medicaid days as a percentage to total adjusted hospital days equaling or exceeding 11 percent, but no longer meets the 11 percent threshold, because of updated audited DSH data, shall remain exempt from the inpatient reimbursement ceilings for a period of two years.

In calculating the current reductions, the Agency shall use budgeted Medicaid hospital days in calculating hospital reimbursement rates under the Title XIX Hospital Inpatient Reimbursement Plan.

From the funds in Specific Appropriation 193, \$847,936 in nonrecurring funds from the General Revenue Fund and \$1,158,064 in nonrecurring from the Medical Care Trust Fund are provided to allow for exemptions from inpatient reimbursement ceilings for any hospital that is classified as a sole community hospital under 42 C.F.R. section 412.92 but is not classified as a rural hospital under section 395.602, Florida Statutes. The calculations are the basis for the appropriations made in the General Appropriations Act.

From the funds in Specific Appropriation 195, the agency is authorized to transfer a hospital's low-income pool payments between the various low-income programs listed in this specific appropriation if it is required to obtain approval of the low-income pool payment methodology from the Centers for Medicare and Medicaid Services. Any transfer of funds, however, is contingent on the hospital's net low-income pool payments under the low-income pool plan remaining unchanged.

From the funds in Specific Appropriation 195, in the event that the amount of approved nonfederal share of matching funds is not provided by local governmental entities, the agency may re-allocate low-income pool funds between programs described within this specific appropriation as necessary to ensure sufficient nonfederal matching funds. No re-allocation, under this provision, of low-income pool funds may occur if the level of program increase for any provider access system exceeds the amount of the additional increases in the local nonfederal share match that their local governments transfer to the state Medicaid program, and for which the provider access system would have otherwise received.

From the funds in Specific Appropriation 195, the agency may make low-income pool Medicaid payments to hospitals in an accelerated manner that is more frequent than on a quarterly basis subject to the availability of state, local and federal funds.

Funds provided for the elimination of hospital outpatient ceilings in Specific Appropriation 198 are contingent upon the state share being provided through grants and donations from state, county or other governmental funds. The agency shall submit a revised hospital outpatient reimbursement plan to the Legislative Budget Commission for approval if the state share is not available to fund the removal of hospital outpatient ceilings or if the Centers for Medicare and Medicaid Services does not approve amendments to the Medicaid Hospital Outpatient Reimbursement Plan to eliminate the reimbursement ceilings for certain hospitals.

From the funds in Specific Appropriation 198, \$27,279,957 from the Grants and Donations Trust Fund and \$37,257,438 from the Medical Care Trust Fund are appropriated so that the agency may amend its current facility fees and physician services to allow for payments to hospitals providing primary care to low-income individuals and participating in the Primary Care Disproportionate Share Hospital (DSH) program in Fiscal Year 2003-2004 provided such hospital implements an emergency room diversion program so that non-emergent patients are triaged to lesser acute settings; or a public hospital assumed the fiscal and operating responsibilities for one or more primary care centers previously operated by the Florida Department of Health or the local county government. Any payments made to qualifying hospitals because of this change shall be contingent on the state share being provided through grants and donations from counties, local governments, public entities, or taxing districts, and federal matching funds. This provision shall be contingent upon federal approval of a state plan amendment.

From the funds in Specific Appropriation 198, \$7,182,339 from the Grants and Donations Trust Fund and \$9,809,237 from the Medical Care Trust Fund program are provided to increase the outpatient cap for adults from \$1,000 to \$1,500 per year.

From the funds in Specific Appropriation 198, \$31,341,960 from the Grants and Donations Trust Fund and \$42,805,095 from the Medical Care Trust Fund are provided for public hospitals, including any leased public hospital found to have sovereign immunity, teaching hospitals as defined in section 408.07 (45) or 395.805, Florida Statutes, which have seventy or more full-time equivalent resident physicians, hospitals with graduate medical education positions that do not otherwise qualify, and designated trauma hospitals to buy back the Medicaid outpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their outpatient rates up to actual Medicaid outpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid outpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 198, \$14,216,715 from the Grants and Donations Trust Fund and \$19,416,394 from the Medical Care Trust Fund are provided for hospitals to buy back the Medicaid outpatient trend adjustment applied to their individual hospital rates and other Medicaid reductions to their outpatient rates up to actual Medicaid outpatient cost. The payments under this proviso are contingent on the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buy back of reductions to outpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid outpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 198, \$19,089,002 from the Grants and Donations Trust Fund and \$26,070,690 from the Medical Care Trust Fund are provided for hospitals to allow for exemptions from outpatient reimbursement limitations for any hospital that has local funds available for intergovernmental transfers. The payments under this proviso are contingent upon the state share being provided through grants and donations from state, county, or other governmental funds. The agency shall not include the funds described in this paragraph for the buy back of exemptions to outpatient hospital rates in the calculation of capitation rates for Health Maintenance Organizations unless the nonfederal share is provided through grants and donations

from state, county or other governmental funds. This section of proviso does not include the buy back of the Medicaid inpatient trend adjustment applied to the individual state mental health hospitals.

From the funds in Specific Appropriation 198, \$121,482 in nonrecurring general revenue funds and \$165,914 in nonrecurring medical care trust funds are provided to buy back the Fiscal Year 2011-2012 outpatient Medicaid Trend Adjustment for Putnam Community Medical Center.

From the funds in Specific Appropriation 198, \$589,244 in nonrecurring general revenue funds and \$804,756 in nonrecurring medical care trust funds are provided to allow for exemptions from outpatient reimbursement ceilings for any hospital that is classified as a sole community hospital under 42 C.F.R. section 412.92 but is not classified as a rural hospital under section 395.602, Florida Statutes. The Medicaid Supplemental Hospital Funding Programs for Medicaid, Low Income Pool, Disproportionate Share Hospital, and Hospital Exemptions Programs for the 2012-2013 fiscal year shall not be affected by this proviso.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 625 through 815, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2013.

From the funds in Specific Appropriations 625 through 815, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget and the chairs of the Senate Budget Committee and the House Appropriations Committee for review.

Funds in Specific Appropriation 625 through 815 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2012, and for which it has been determined by the Secretary of the department that there is no longer a need.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds in Specific Appropriations 661, 673, and 686 a total of \$1,074,362 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$269,324 for the Bay Correctional Facility, \$339,242 for the Moore Haven Correctional Facility, \$275,560 for the South Bay Correctional Facility, \$100,000 for the Gadsden Correctional Facility and \$90,236 for the Lake City Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as State Government property back to the date the finance corporation or other state entity acquired the title thereto. These distributions shall be adjusted, with respect to any facility, to reimburse the Department of Corrections for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

Funds and positions in Specific Appropriations 625 through 758 and 778 through 815 support the state's inmate population. These funds and positions are sufficient to provide housing and security for 98,885 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 99,257 inmates.

Funds and positions in Specific Appropriations 625 through 758 and 778 through 815 are provided to address security needs for the prison population expected in Fiscal Year 2012-2013, as projected by the Criminal Justice Estimating Conference.

JUVENILE JUSTICE, DEPARTMENT OF

From the funds in Specific Appropriations 1186 through 1274A, each provider who contracts with the Department of Juvenile Justice shall provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents shall include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

From the funds in Specific Appropriations 1186 through 1274A, the Department of Juvenile Justice shall establish a performance accountability system for each provider who contracts with the department for the delivery of services to children at-risk of future involvement in the criminal justice system, as determined by the department. The contract shall include both output measures, such as the number of children served, and outcome measures, such as program completion. The contractor shall report performance results annually to the department. The department's Office of Program Accountability shall summarize performance results from all contracts and report the information annually to the Legislature.

From the funds in Specific Appropriations 1186 through 1274A, the Department of Juvenile Justice is directed to withhold funds from contract payments to any provider if that provider failed to comply with contract requirements that it maintain property insurance and if the failure to do so resulted in uninsured losses. The amount withheld shall not exceed the amount of the uninsured loss and may be reduced by other remedial actions agreed upon by the department and the provider.

From the funds in Specific Appropriations 1186 through 1274A, the Department of Juvenile Justice must, before implementing any departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

Funds in Specific Appropriations 1186 through 1274A shall not be used to pay for unoccupied space currently being leased by the Department of Juvenile Justice in the event the leases are vacant on or after July 1, 2012, and for which it has been determined by the Secretary of the department that there is no longer a need.

PROGRAM: JUVENILE DETENTION PROGRAM

DETENTION CENTERS

From the funds in Specific Appropriations 1186 through 1198, the department may contract for services consistent with the department's Juvenile Detention Alternative Initiative (JDAI) and the Annie E. Casey Foundation to divert youth from secure detention to alternative community based services. These services should be designed using in-home and community advocacy to reduce the need for more expensive restrictive placements, build community capacity to reduce recidivism, create supported work opportunities for youth, and improve community safety.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1238 through 1261, the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Budget Committee and the chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriations 1238 through 1261, the Department of Juvenile Justice shall first make residential bed reductions in both non-secure and secure beds that are operated by the department before reducing privately operated non-secure or secure residential beds. Should the department need to make additional residential bed reductions in order to meet the reduction in Specific Appropriations 1238 through 1261, per diem cost shall be given primary consideration.

ECONOMIC OPPORTUNITY, DEPARTMENT OF

From the funds in Specific Appropriations 2216 through 2314B, any expenditure from the Temporary Assistance for Needy Families (TANF) Block Grant must be expended in accordance with the requirements and limitations of Part A of Title IV of the Social Security Act, as amended, or any other applicable federal requirement or limitation. Before any funds are released by the Department of Children and Family Services, each provider shall identify the number of clients to be served and certify their eligibility under Part A of Title IV of the Social Security Act. Funds may not be released for services to any clients except those so identified and certified.

The department head or a designee shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. It shall be the responsibility of any entity to which such funds are appropriated to obtain the required certification prior to any expenditure of funds.

From the funds in Specific Appropriations 2216 through 2314B, no federal or state funds shall be used to pay for space being leased by a Regional Workforce Board, Workforce Florida, Inc., or the Department of Economic Opportunity if it has been determined by whichever entity is the lessee that there is no longer a need for the leased space. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

PROGRAM: WORKFORCE SERVICES

WORKFORCE DEVELOPMENT

From the funds in Specific Appropriations 2246 through 2257, it is the intent of the Legislature that the administration and delivery of workforce services and programs that are currently provided by department employees working in One Stop Career Centers operated by the Regional Workforce Boards may be transferred from the Department of Economic Opportunity to the Regional Workforce Boards. Such transfers shall only occur if the department determines that the Regional Workforce Boards would more effectively and efficiently deliver services and if such transfers comply with applicable federal regulations. For all transfers made, the department shall submit budget amendments pursuant to chapter 216, Florida Statutes, to move positions to the Executive Office of the Governor's reserve and realign the budget into the appropriate operating budget appropriation categories to implement the transfer of programs and service delivery to the Regional Workforce Boards.

From the funds in Specific Appropriations 2246 through 2257, the Department of Economic Opportunity shall determine whether any funds provided for specific workforce programs, projects or initiatives are not an allowable use of federal funds. If the department finds that any project or initiative for which funds are specifically appropriated in this act is not an allowable use of federal funds, the department shall notify the Executive Office of the Governor, the chair of the Senate Committee on Budget and the chair of the House Appropriations Committee.

Expanding

SECTION 6 - GENERAL GOVERNMENT

economic activity includes increasing employment through: existing businesses and through new businesses locating to the area; increasing the total production of goods and services; and increasing the need for expanded infrastructure due to increasing population in that area. The rural areas to be included in the strategies shall be all those counties and municipalities defined as rural for the Rural Economic Development Initiative (REDI) in section 288.0656, Florida Statutes, as well as any other counties or municipalities included in any of the designated Rural Areas of Critical Economic Concern (RACEC). The study shall create strategies for providing small business assistance as well as proactively recruiting new businesses to locate in rural areas. The study shall provide recommendations for strategies specific to each rural community. Besides employing the existing statutory incentive programs and the statutorily authorized criteria waivers for those programs in rural areas, the study shall identify alternative means of enticing businesses to locate or expand in rural areas. Alternative means may include increased incentive amounts, reduced incentive performance metrics, newly proposed incentives, and newly proposed ways to eliminate non-financial barriers to business expansion in rural areas, such as permitting barriers, workforce needs or needed transportation improvements. The study shall take into account local incentive programs as well as the existing state statutory incentive programs. EFI may use the annual data reported to the Office of Economic and Demographic Research pursuant to sections 125.045 and 166.021, Florida Statutes, related to incentives given to businesses, and the information reported directly to EFI related to the community inventory under section 288.912, Florida Statutes. The strategies developed shall include the most effective and efficient methods of coordinating and employing the resources and planning efforts of all of the entities identified in section 288.0656(6)(a), Florida Statutes, as Rural Economic Development Initiative agencies. The study shall specifically identify and rank both the impediments deemed most problematic and the inducements deemed most effective as they relate to promoting economic growth in each rural community. The study should also recommend the types and characteristics of businesses that should be priority targets for economic development in each rural community. EFI shall submit the study and recommendations no later than December 1, 2012, to the chair of the Senate Budget Committee and the chair of the House Appropriations Committee. The DEO shall also include in the annual incentives report required pursuant to section 288.907, Florida Statutes, on December 30, 2012, detailed information showing geographic distribution of incentive contracts, specifically showing the difference between rural and non rural communities and the industry type for such projects.

From the funds in Specific Appropriation 2360, \$1,500,000 from the Administrative Trust Fund is provided to the Department of Financial Services to contract with an independent third party consulting firm, with experience in planning public sector enterprise projects, that does not perform system implementations, project management, or provide technology integration services, to complete a study of the Florida Accounting Information Resource Subsystem (FLAIR), the Cash Management Subsystem (CMS), and agency financial business systems and provide a recommendation for the replacement or remediation of FLAIR and CMS. At a minimum, the study shall include: (1) an inventory of all agency financial business systems to include a description of each system's accounting and reporting functions and its number of users; (2) the completion of a gap analysis to determine which agency accounting and reporting requirements are currently not provided in FLAIR or CMS and an identification of those requirements that are common across agencies; (3) documentation of all business and technical requirements needed for FLAIR and CMS to automate system interfaces with the personnel information system, the purchasing subsystem and the planning and budgeting subsystem, and adhere to the current statutes related to financial reporting and information; and (4) a cost benefit analysis for replacing or remediating FLAIR and CMS to accommodate the needs of all state agencies for compliance with state and federal financial accounting and reporting laws.
