Each district school board and charter school board shall develop and approve a plan for providing the salary increases. The plan shall: (1) ensure that salary increases for full-time classroom teachers are based on student achievement and performance (e.g. FCAT scores, Advanced Placement exam scores, Industry Certifications, SAT and ACT scores); and (2) identify the performance metrics that will be used for instructional personnel who are not full-time classroom teachers. Each board shall vote on the plan and affirm that it is based on student performance. A copy of the plan must be submitted to the Commissioner of Education, and the State Board of Education must confirm that the plan is based on student performance before the local boards can distribute the funds to their instructional

From the funds in Specific Appropriations 7 and 87, \$953,370,352 is provided to school districts as an Exceptional Student Education (ESE) Guaranteed Allocation as authorized by law to provide educational programs and services for exceptional students. Funds provided for gifted educational programs and services must primarily be focused on advanced mathematics and science curriculum and enrichment. The ESE Guaranteed Allocation funds are provided in addition to the funds for each exceptional student in the per FTE student calculation. Each district's ESE Guaranteed Allocation for the 2013-2014 appropriation shall not be recalculated during the school year. School districts that provided educational services in 2012-2013 for exceptional students who are residents of other districts shall not discontinue providing such services without the prior approval of the Department of Education. Expenditure requirements for the ESE Guaranteed Allocation shall be as prescribed in section 1010.20(3), Florida Statutes, for programs for exceptional students.

From the funds provided in Specific Appropriations 7 and 87, the value of 43.35 weighted FTE students is provided to supplement the funding for severely handicapped students served in ESE programs 254 and 255 when a school district has less than 10,000 FTE student enrollment and less than 3 FTE eligible students per program. The Commissioner of Education shall allocate the value of the supplemental FTE based on documented evidence of the difference in the cost of the service and the amount of funds received in the district's FEFP allocations for the students being served. The supplemental value shall not exceed 3 FTE.

A student in cooperative education or other types of programs incorporating on-the-job training shall not be counted for more than twenty-five (25) hours per week of membership in all programs when calculating full-time student membership, as provided in section 1011.61, Florida Statutes, for funding pursuant to section 1011.62, Florida Statutes.

The Declining Enrollment Supplement shall be calculated based on 25 percent of the decline between the prior year and current year unweighted FTE students.

From the funds in Specific Appropriations 7 and 87, \$64,456,019 is provided for Safe Schools activities and shall be allocated as follows: \$62,660 shall be distributed to each district, and the remaining balance shall be allocated as follows: two-thirds based on the latest official Florida Crime Index provided by the Department of Law Enforcement and one-third based on each district's share of the state's total unweighted student enrollment. Safe Schools activities include: (1) after school programs for middle school students; (2) middle and high school programs for correction of specific discipline problems; (3) other improvements to enhance the learning environment, including implementation of conflict resolution strategies; (4) behavior driven intervention programs that include anger and aggression management strategies; (5) alternative school programs for adjudicated youth that may include a web-based virtual system that results in mastery and certification, competency or credentials in the following inter-related counseling disciplines necessary for success in education and the work environment, including adjustment, educational, employment and optimal mental health areas that will include, but are not limited to, anger and impulse control, depression and anxiety, self-esteem, respect for authority, personal behavior, goal setting, time and stress management, social and workplace adjustment, substance use and abuse, workplace soft skills, communication skills, work ethic, the importance of timeliness, attendance and the self-marketing skills for future educational and/or employment opportunities; (6) suicide prevention programs; (7) bullying prevention and intervention; and (8) school resource officers. From the funds in Specific Appropriations 7 and 87, \$641,343,420 is for Supplemental Academic Instruction to be provided throughout the school year pursuant to section 1011.62 (1)(f), Florida Statutes. From these funds, at least \$15,000,000, together with funds provided in the district's research-based reading instruction allocation and other available funds, shall be used by districts with one or more of the 100 lowest performing elementary schools based on the state reading assessment to provide an additional hour of instruction beyond the normal school day for each day of the entire school year for intensive reading instruction for the students in each of these schools. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the additional hour of instruction on an optional basis. ESE centers shall not be included in the 100 schools.

The Department of Education shall provide guidance to school districts for documentation of the expenditures for the additional hour of instruction to ensure that all local, state, and federal funds are maximized for the total instructional program and that the funds used for the additional hour of instruction in these 100 schools do not supplant federal funds. School districts shall submit a report to the Department of Education in a format prepared by the department that includes summary information, including funding sources, expenditures and student outcomes for each of the participating schools that shall be submitted to the Speaker of the House of Representatives, President of the Senate, and Governor by September 30, 2014. Pursuant to section 1008.32, Florida Statutes, the State Board of Education shall withhold funds from a school district that fails to comply with this requirement.

From these funds, at least \$15,000,000 shall be used to provide an additional hour of intensive reading instruction beyond the normal school day for each day of the entire school year for the students in the 100 lowest performing elementary schools based on the state reading assessment pursuant to sections 1008.22(3) and 1011.62(9), Florida Statutes. This additional hour of instruction must be provided by teachers or reading specialists who are effective in teaching reading. Students enrolled in these schools who have level 5 reading assessment scores may choose to participate in the additional hour of instruction on an optional basis. The growth allocation per FTE shall be \$293.73 for the 2013-2014 fiscal year. School districts shall pay for instructional materials used for the instruction of public high school students who are earning credit toward high school graduation under the dual enrollment program as provided in section 1011.62(1)(i), Florida Statutes.

From funds provided in Specific Appropriations 7 and 87, \$424,480,962 is provided for Student Transportation as provided in section 1011.68, Florida Statutes.

Districts may charge a fee for grades K-12 voluntary, non-credit summer school enrollment in basic program courses. The amount of any student's fee shall be based on the student's ability to pay and the student's financial need as determined by district school board policy.

From the funds in Specific Appropriations 7 and 87, school districts may execute an appropriate contract for full-time virtual instruction through K-8 virtual schools that received funds from Specific Appropriation 93 of chapter 2008-152, Laws of Florida. School districts may expend a negotiated amount per student for each student who was enrolled and served during the 2012-2013 fiscal year and who is re-enrolled and eligible to be served during the 2013-2014 fiscal year. Each of the K-8 virtual schools shall provide to the Department of Education the name and address of each student who was enrolled and served during the 2012-2013 fiscal year and who is re-enrolled and is eligible to be served during the 2013-2014 fiscal year. The department shall verify the eligibility of the students, assist with placement of each student in a school district virtual instruction program regardless of the student's district of residence, and assist the school district with executing an appropriate contract with an approved K-8 virtual school for payment for virtual instruction for each student. The maximum number of students to be funded pursuant to this provision is the number of students served in the 2012-2013 fiscal year.

The department shall issue a request for proposals (RFP) to procure the assessment tool from a consulting firm that specializes in development of risk assessment software solutions with experience in conducting security assessments of public facilities. At a minimum, the assessments must address the following issues: (1) school emergency and crisis preparedness planning; (2) security, crime and violence prevention policies and procedures; (3) physical security measures; (4) professional development training needs; (5) an examination of support service roles in school safety, security, and emergency planning; (6) school security and school police staffing, operational practices, and related services; (7) school-community collaboration on school safety; and (8) return on investment analysis (ROI) of the recommended physical security controls. The selected software solution must be able to generate written automated reports on assessment findings for review by the DOE and school and district officials. The final report must identify the positive school safety measures in place at the time of the assessment, as well as the areas for continued school safety planning and improvement. Additionally, the selected firm should be able to provide training to the DOE and school officials in the use of the assessment tool.

## SECTION 3 - HUMAN SERVICES

distributions of the Medicaid Supplemental Hospital Funding Programs for the 2013-2014 fiscal year are incorporated by reference. The actual and proportionate distributions displayed in this document are the basis for the appropriations made in the General Appropriations Act.

Funds in Specific Appropriation 208, are contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds. In the event the state share provided through grants and donations is not sufficient to fund the DRG rate adjustments displayed in the Medicaid Supplemental Hospital Funding Programs for Fiscal Year 2013-2014, the Agency for Health Care Administration shall submit a revised hospital reimbursement plan to the Legislative Budget Commission for approval.

From the funds in Specific Appropriation 208, the Agency for Health Care Administration may establish a global fee for bone marrow transplants and the global fee payment shall be paid to approved bone marrow transplant providers that provide bone marrow transplants to Medicaid beneficiaries.

From the funds in Specific Appropriations 208 and 222, \$2,808,024 from the Grants and Donations Trust Fund and \$3,835,042 from the Medical Care Trust Fund are provided to make Medicaid payments for multi-visceral transplant and intestine transplants in Florida. The agency shall establish a reasonable global fee for these transplant procedures and the payments shall be used to pay approved multi-visceral transplant and intestine transplant facilities a global fee for providing transplant services to Medicaid beneficiaries. Payment of the global fee is contingent upon the nonfederal share being provided through grants and donations from state, county or other governmental funds. The agency is authorized to seek any federal waiver or state plan amendment necessary to implement this provision.

Funds in Specific Appropriation 208, are provided to allow for rate adjustments to the DRG rate for any hospital that has local funds available for intergovernmental transfers. Of the federal match received for transfers donated to make hospital-specific rate adjustments pursuant to this paragraph, 45 percent shall be used by the agency to fund an increase in the base rate for all hospitals. The payments under this proviso are contingent upon the state share being provided through grants and donations from state, county, or other governmental funds.

Contingent upon federal approval, the Agency for Health Care Administration shall use Certified Public Expenditures (CPEs) as the financing mechanism to claim additional Federal Financial Participation (FFP) retrospectively for the reimbursement of prior year uncompensated care costs for Jackson Health System (JHS) in excess of the Low Income Pool (LIP) payments resulting from the reconciliation process for the state fiscal years determined to be allowable under federal regulation. The FFP claimed for JHS uncompensated costs would be in addition to the \$1 billion (total computable) for the LIP and would not impact prior year LIP payments or IGTs. The CPE cost would be based on JHS's allowable Medicaid hospital costs as identified on Medicare/Medicaid 2552-96 cost reports. The methodology for computing such costs would be in accordance with the hospital cost determination methodology as authorized by the federal Centers for Medicare and Medicaid Services. The agency shall submit this methodology to CMS no later than June 30, 2013. AHCA is authorized and directed to implement such payment methods as long as these retrospective payments do not result in a requirement for additional state matching funds, IGTs or redistribution of prior year LIP payments.

From the funds in Specific Appropriations 208 and 213, the Agency for Health Care Administration shall implement a process to reconcile the difference between the amount of intergovernmental transfers used by or on behalf of individual hospitals' Medicaid inpatient and outpatient rate adjustments. Reconciliations may be incorporated in Letters of Agreement for intergovernmental transfers for 2013-2014 state fiscal year.

From the funds provided in Specific Appropriation 208, \$4,133,000 from the General Revenue Fund and \$5,867,000 from the Medical Care Trust Fund are provided to increase the DRG baseline payments for hospitals that are designated as rural hospitals under section 395.602(2)(e), Florida Statutes. The Agency for Health Care Administration shall implement this adjustment while maintaining budget neutrality.

From the funds provided in Specific Appropriation 208, the Agency for

SECTION 3 - HUMAN SERVICES

Health Care Administration shall implement an adjustment to increase rates for neonatal and pediatric DRGs with severity levels of 3 or greater by a factor of 1.3. The agency shall implement this adjustment while maintaining budget neutrality.

From the funds in Specific Appropriation 208, \$807,535 in nonrecurring funds from the General Revenue Fund and \$1,146,336 in nonrecurring from the Medical Care Trust Fund are provided to allow for exemptions from inpatient reimbursement ceilings for any hospital that is classified as a sole community hospital under 42 C.F.R. section 412.92, is situated in a county with a population of not less than 75,000 according to the 2010 U.S. Census, but is not classified as a rural hospital under section 395.602, Florida Statutes. The Medicaid Supplemental Hospital Funding Programs for Medicaid, Low Income Pool, Disproportionate Share Hospital, and Hospital Exemptions Programs for the 2013-2014 fiscal year shall not be affected by this proviso.

From the funds in Specific Appropriation 208, \$4,250,264 from the General Revenue Fund and \$6,033,463 from the Medical Care Trust Fund are provided to Nemours Children's hospital located in Orange County.

From the funds in Specific Appropriation 208, \$279,861,435 from the Grants and Donations Trust Fund and \$397,277,291 from the Medical Care Trust Fund are provided for adjustments to the DRG rates for designated hospitals as specified in the Medicaid Supplemental Hospital Funding Programs for the 2013-2014 fiscal year. The actual adjustment to the DRG rates of each of the designated hospitals depends on the availability of grants and donations to support the state share but must remain proportionate to the amounts specified in the Medicaid Supplemental Hospital Funding Programs.

From the funds in Specific Appropriation 222, the agency is authorized to continue the physician lock-in program for recipients who participate in the pharmacy lock-in program.

From the funds in Specific Appropriation 222, \$120,000,000 from the Medical Care Trust Fund is provided for special Medicaid payments for services provided by doctors of medicine and osteopathy employed by or under contract with a medical school in Florida. The expansion of existing programs to increase federal reimbursements through Upper Payment Limit (UPL) provisions, shall be contingent upon the availability of state match from existing state funds or local sources that do not increase the current requirement for state general revenue or tobacco settlement funds. The agency is authorized to seek a Florida Title XIX State Plan Amendment or waiver to include additional medical schools in Florida.

From the funds in Specific Appropriation 222, the Agency for Health Care Administration shall seek federal approval to implement a supplemental payment program for medical school faculty who provide services to Medicaid beneficiaries enrolled in capitated managed care plans so that such payments may be made directly to physicians employed by or under contract with the state's medical schools for costs associated with graduate medical education or their teaching mission. The agency shall amend its Medicaid policies as necessary to implement this program. Nothing herein shall be construed as requiring capitated managed care plans to fund the state share of the supplemental payments.

From the funds in Specific Appropriation 222, \$661,280 from the General Revenue Fund and \$938,720 from the Medical Care Trust Fund are provided to make Medicaid payments for vagus nerve stimulation devices, outside of the DRG payment, for beneficiaries diagnosed with epilepsy, effective July 1, 2013. The cost of the device would therefore be excluded from allowable costs in the hospital cost report.

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

SPECIFIC  
APPROPRIATION

The moneys contained herein are appropriated from the named funds to the Department of Corrections, Justice Administration, Department of Juvenile Justice, Florida Department of Law Enforcement, Department of Legal Affairs/Attorney General, and the Parole Commission as the amounts to be used to pay the salaries, other operational expenditures and fixed capital outlay of the named agencies.

CORRECTIONS, DEPARTMENT OF

From the funds in Specific Appropriations 602 through 736, each provider contracting with the Department of Corrections must provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents must include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose performance reports indicate successful compliance with the performance measures described in the contract.

The Department of Corrections shall develop and use a uniform format and uniform methodologies for the purpose of reporting annually to the Governor and to the Legislature on the state prison system. Such reports shall include a comprehensive plan for current facility use and any departures from planned facility use, including opening new facilities, renovating or closing existing facilities, and advancing or delaying the opening of new or renovated facilities. The report shall include the maximum capacity of currently operating facilities and the potential maximum capacity of facilities that the department could make operational within the fiscal year. The report shall also identify appropriate sites for future facilities and provide information to support specified locations, such as availability of personnel in local labor markets. Reports should include updated infrastructure needs for existing or future facilities. Each report should reconcile capacity figures to the immediately preceding report. For the purpose of this paragraph, maximum capacity shall be calculated and displayed pursuant to section 944.023(1)(b), Florida Statutes. The department may provide additional analysis of current and future bed needs based on such factors as deemed necessary by the Secretary. The next report shall be due January 1, 2014.

From the funds in Specific Appropriations 602 through 736, the Department of Corrections shall, before closing, substantially reducing the use of, or changing the purpose of any state correctional institution as defined in section 944.02, Florida Statutes, submit its proposal to the Governor's Office of Policy and Budget and the chairs of the Senate Appropriations Committee and the House Appropriations Committee for review.

Funds in Specific Appropriation 602 through 736 shall not be used to pay for unoccupied space currently being leased by the Department of Corrections in the event the leases are vacant on or after July 1, 2013, and for which it has been determined by the Secretary of the department that there is no longer a need.

PROGRAM: SECURITY AND INSTITUTIONAL OPERATIONS

From the funds in Specific Appropriation 644K and 644W a total of \$439,242 is provided as payment in lieu of ad valorem taxation for distribution to local government taxing authorities. Funding is provided as follows: \$339,242 for the Moore Haven Correctional Facility and \$100,000 for the Gadsden Correctional Facility. These funds may not be distributed if there are outstanding claims for ad valorem taxes due on the property at issue and may not be distributed until the property is reclassified on the real property and tangible personal property rolls as State Government property back to the date the finance corporation or other state entity acquired the title thereto. These distributions shall be adjusted, with respect to any facility, to reimburse the Department of Corrections for the total amounts expended by the state in resisting the imposition of such ad valorem tax claims, including all attorneys' fees and costs actually incurred by the state's agencies.

Funds and positions in Specific Appropriations 602 through 678 and 701 through 736 support the state's inmate population. These funds and positions are sufficient to provide housing and security for 100,359 inmates when fully annualized. Variable expenses, maintenance, and health services funds are provided for an average daily population of 100,028 inmates.

Funds and positions in Specific Appropriations 602 through 678 and 701 through 736 are provided to address security needs for the prison population expected in Fiscal Year 2013-2014, as projected by the Criminal Justice Estimating Conference.

From the funds in Specific Appropriations 602 through 678 and 701 through 736, the Department of Corrections shall open the 432-bed Gadsden Re-Entry Center as a substance abuse treatment and vocational training center serving inmates within three years of release from prison. The Department of Corrections will issue a competitive solicitation for program services for inmates at the Gadsden Re-Entry Center. The program will be performance-based to maximize the number of inmates receiving treatment. At least 70 percent of the inmate population shall be actively enrolled in treatment programs. In addition, an advisory group for the re-entry program will be established by the Department of Corrections to provide accountability through oversight in program planning, design and evaluation to ensure that the re-entry program provides the optimal performance.

From the funds in Specific Appropriations 1074 through 1166, each provider who contracts with the Department of Juvenile Justice shall provide the department with a proposal prior to the release of funds that details the services that will be delivered, the expected results, and recommended performance measures. The department and each provider must execute a contract before the release of any funds, and the contract documents shall include mutually agreed upon performance measures. Each provider must provide quarterly performance reports to the department. Funds shall only be released to providers whose

SECTION 4 - CRIMINAL JUSTICE AND CORRECTIONS

performance reports indicate successful compliance with the performance measures described in the contract.

From the funds in Specific Appropriations 1074 through 1166, the Department of Juvenile Justice shall establish a performance accountability system for each provider who contracts with the department for the delivery of services to children at-risk of future involvement in the criminal justice system, as determined by the department. The contract shall include both output measures, such as the number of children served, and outcome measures, such as program completion. The contractor shall report performance results annually to the department. The department's Office of Program Accountability shall summarize performance results from all contracts and report the information annually to the Legislature.

From the funds in Specific Appropriations 1074 through 1166, the Department of Juvenile Justice is directed to withhold funds from contract payments to any provider if that provider failed to comply with contract requirements that it maintain property insurance and if the failure to do so resulted in uninsured losses. The amount withheld shall not exceed the amount of the uninsured loss and may be reduced by other remedial actions agreed upon by the department and the provider.

From the funds in Specific Appropriations 1074 through 1166, the Department of Juvenile Justice must, before implementing any departmental reorganization plans, submit its proposal to the Governor's Office of Policy and Budget and to the Legislative Budget Commission for approval.

Funds in Specific Appropriations 1074 through 1166 shall not be used to pay for unoccupied space currently being leased by the Department of Juvenile Justice in the event the leases are vacant on or after July 1, 2013, and for which it has been determined by the Secretary of the department that there is no longer a need.

PROGRAM: JUVENILE DETENTION PROGRAM

DETENTION CENTERS

From the funds in Specific Appropriations 1074 through 1082, the department may contract for services consistent with the department's Juvenile Detention Alternative Initiative (JDAI) and the Annie E. Casey Foundation to divert youth from secure detention to alternative community based services. These services should be designed using in-home and community advocacy to reduce the need for more expensive restrictive placements, build community capacity to reduce recidivism, create supported work opportunities for youth, and improve community safety.

PROGRAM: RESIDENTIAL CORRECTIONS PROGRAM

From the funds in Specific Appropriations 1128 through 1152, the department shall provide a weekly residential resource utilization report that identifies operating capacity, current placements, vacant placements, number of youth waiting placement and the percent of use for all residential commitment beds. The department may increase or decrease beds or overlay services provided that the change will better serve taxpayers and the youth under its care. Notification and justification of changes will be provided to the Governor's Office of Policy and Budget, the chair of the Senate Appropriations Committee and the chair of the House Appropriations Committee prior to implementing any change.

From the funds in Specific Appropriation 1128 through 1152, when procuring residential bed contracts the department shall use economies of scale in each judicial circuit, in order to maximize the number of filled beds and reduce the number of vacant beds in their programs statewide. In making these determinations, the department may consider the type of program and level of commitment.

most recent list of the Board of Trustees of the Internal Improvement Trust Fund Florida Forever Priority List that protect Florida's military installations against encroachment. The Division of State Lands shall coordinate the prioritization of land acquisitions with the Department of Economic Opportunity for this purpose.

The remaining \$50,000,000 from the Florida Forever Trust Fund are provided from the proceeds of surplus lands identified by this assessment and determined to no longer be needed for conservation purposes by the Board of Trustees of the Internal Improvement Trust Fund. By September 1, 2013, the Division of State Lands within the Department of Environmental Protection, working in cooperation with managing agencies and stakeholders, shall conduct an assessment to identify any state-owned land no longer needed for conservation purposes for submission to the Board of Trustees of the Internal Improvement Trust Fund. The Division of State Lands, acting on behalf of the Board of Trustees of the Internal Improvement Trust Fund, shall proceed with the disposition of surplus state lands in order to provide up to \$50,000,000. These funds shall be distributed only to the Division of State Lands for land acquisitions with priority given to Florida's military installations against encroachment in order to achieve the state's economic development goals. All other land acquisitions shall be for conservation lands needed for springs protection or water resource protection, or for land acquisitions that are less-than-fee interest or for partnerships where the state's portion of the acquisition cost is no more than 50 percent. Prior to any land acquisitions for conservation lands using these funds, a report must be submitted to the Board of Trustees of the Internal Improvement Trust fund detailing the estimated costs to comply with the short-term and long-term management goals for the parcels.

Funds in Specific Appropriation 1626 are provided to fund the Department of Environmental Protection's Beach Management Funding Assistance Program (BMFAP) for the Fiscal Year 2013-2014 to be used as follows:

Funds shall be provided for those Congressionally-authorized beach nourishment projects eligible for significant federal cost-sharing, specifically those experiencing storm damages from Hurricane Sandy and Tropical Storm Debby that have been determined to be eligible for 100 percent federal rehabilitation assistance funding for sand losses. Those projects include only: North/South Reaches-Brevard County Shore Protection Project, Ft. Pierce Shore Protection Project, Martin County Shore Protection Project, Jupiter/Carlin Segment-Palm Beach County Shore Protection Project, Delray Beach Shore Protection Project, North Boca Raton Shore Protection Project, and Segment II-Broward County Shore Protection Project, Treasure Island Segment-Pinellas County Shore Protection Project, Gasparilla Island-Lee County Shore Protection Project, Captiva/Sanibel Island Beach Nourishment, and Anna Maria Island-Manatee County Shore Protection Project. Total project costs and federal/non-federal cost-shares have been determined by the U.S. Army Corps of Engineers as part of favorable Project Implementation Reports (PIR). State matching dollars shall be used only for construction of the full project construction profile and monitoring.

Funds shall also be provided for federally-authorized beach projects included in the department's BMFAP that maximize federal funds and address storm damages. These projects include only: Venice Beach Segment-Sarasota County Shore Protection Project, Ocean Ridge Segment-Palm Beach County Shore Protection Project, and Long Key Segment-Pinellas County Shore Protection Project.

The funding provided for those projects reflects the ranking of local government funding requests and the department's Fiscal Year 2013-2014 project priority list; however, it also takes into account recent storm damages and storm impacts on project designs and costs. To address similar future situations, the department should ensure that storm damage impacts are captured in annual project rankings and consider how existing statutory ranking criteria addressing severity of erosion and threats to upland development are defined and measured, either by amending Rule 62B-36, Florida Administrative Code, or suggesting amendments to Chapter 161, Florida Statutes. The department's recommendations shall be provided to the President of the Senate and the Speaker of the House of Representatives no later than January 1, 2014.

Funding for post-construction project monitoring shall not exceed 50 percent of the department's request.

In accordance with section 162.143(5)(a), Florida Statutes, \$2,272,800 of the funds appropriated shall be provided to fund the three highest ranked inlet projects included in the BMFAP. In addition, the department may use up to \$300,000 for regional sand source management.

Funds shall also be provided for non-federal beach nourishment and dune restoration projects damaged by Hurricane Sandy, as an alternative to FEMA funding, with a 50 percent local cost share. These projects include only: Mid-Reach and South County beaches/dunes in Brevard County; Wabasso/Sector III and Sebastian dune repair in Indian River County; South St. Lucie Dune Restoration in St. Lucie County; Jupiter Island Beach Nourishment and Bathtub Beach restoration in Martin County; Singer Island dune project, Coral Cove Dune Nourishment, Town of Palm Beach's Mid-Town and Phipps Ocean Park projects, and Boca Raton Beach Nourishment in Palm Beach County; and Deerfield Beach, Hillsboro and Hollywood beach nourishment projects in Broward County.

From the funds in Specific Appropriation 1626, \$998,000 shall also be provided from any unobligated state share balance for engineering costs associated with the Collier County beach nourishment project.

The study shall compare current assessments and future forecasts of transportation disadvantaged mobility needs to existing service capacity at both the county and statewide level. The study shall also include the review of existing requirements for background screening of direct service transit providers to determine whether adequate screening exists, and shall determine the costs of additional screening requirements.

The Commission shall report the findings to the chair of the Senate Appropriations Subcommittee on Transportation, Tourism and Economic Development, and the chair of the House Transportation and Economic Development Appropriations Subcommittee, and shall include a methodology to incorporate the unmet need as a part of the funding allocation formula.

The department head or a designee shall certify that controls are in place to ensure that such funds are expended in accordance with the requirements and limitations of federal law and that reporting requirements of federal law are met. All leases, and performance and obligations under the leases, are subject to and contingent upon an annual appropriation by the Florida Legislature. In the event that such annual appropriation does not occur, or in the alternative, there is either a reduction in funding from the prior annual appropriation or the entity which is the lessee determines that the annual appropriation is insufficient to meet the requirements of the leases, then the lessee has the right to terminate the lease upon written notice by the lessee and the lessee shall have no further obligations under the contracts.

PROGRAM: UTILITY REGULATION AND CONSUMER ASSISTANCE

UTILITY REGULATION

From the funds provided in Specific Appropriations 2967 through 2973, the Public Service Commission shall perform a comprehensive review of the continuing prudence, cost effectiveness and need of any proposed nuclear power plant for which cost recovery under section 366.93, Florida Statutes, has been authorized if the currently anticipated in-service date for the plant has been extended more than six years beyond its original proposed in-service date and if the most recent estimate of the plant's total cost has increased by more than 50 percent of the original cost estimate for the plant. In making this determination, the commission must consider all relevant factors, including, but not limited to, the utility's need for that plant, technology and fuel choices, applicable federal and state licensing and permitting factors, and near and long-term costs to its ratepayers. Based on its review, the commission shall determine whether to authorize for recovery under section 366.93, Florida Statutes, any new or future costs for which cost recovery has not already been authorized. Such review shall commence on or before July 1, 2013, and shall be complete by February 1, 2014.

supervisors of elections to be used for election administration activities such as voter education; pollworker training; standardizing elections results reporting; or other federal election administrative activities as approved by the Department of State.

County supervisors of elections will receive funds only after providing the Department of State a detailed description of the programs that will be implemented. Funds distributed to county supervisors of elections require a certification from the county that matching funds will be provided in an amount equal to fifteen percent of the amount to be received from the state.

To be eligible, a county must segregate federal funds and required county matching dollars in a separate account established to hold only such funds. Funds in this account must be used only for the activities for which the funds were received. Funds shall remain in the account to be used for the same purposes for subsequent years or until such funds are expended. The report shall also compare program performance across the 8 post-adjudicatory drug court programs and identify reasons that performance may vary across programs. The report shall include recommendations for improving the effectiveness of these programs.
