AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 14-15 NARRATIVE:

IT COMPONENT? NO

The completion of this Schedule by the State Courts System is strictly to comply with Fiscal Year 2014-2015 Legislative Budget Request Instructions and should in no way be construed as an offer of reductions on the part of the courts. Clearly, such reductions as provided herein are not a viable alternative for the continued operations of the judicial branch. The reduction information is provided to demonstrate the magnitude of the cut and to further explain how the judicial branch of government in Florida simply could not function with the resulting draconian cuts in court staff.

Due to size of the requested target cut, the only choice for the State Courts System to meet the reduction targets is in the salary and benefits category which would mean eliminating a substantial number of FTE. The information provided herein reflects that impact. The State Courts System is unique in that over 51% of the General Revenue and State Courts Revenue Trust Fund salary budget is dedicated to judicial salaries and benefits. To assure Florida citizens of their constitutional right of access to the courts without sale, denial or delay, no reduction option is available to the courts in terms of reducing judicial officers. For this reason, and in order to describe the impact of the reduction, the reduction target for the General Revenue Fund and the State Courts Revenue Trust Fund are combined. The total number of 371.5 FTE (12% of staff) to be reduced, is clearly an additional staff reduction the judicial branch in Florida cannot sustain. (Please see attached chart.) Previous staff reductions in 2008 resulted in the elimination of 299.5 FTE.

A staff cut of this magnitude resulting from a 5% reduction would critically impair court efficiency. Besides providing staff that coordinate and directly provide constitutional due process services (expert witness, court reporting, and court interpreting), the Florida State Courts System's case managers, magistrates, hearing officers, law clerks, judicial assistants, mediators, and administrators all contribute numerous efficiencies in the processing of cases. For example,

as one circuit judge noted regarding the effect of reduced case managers on pro se litigants: The first thing is we can't help them. There is confusion and the wrong things are filed. So there are delays and additional costs. For the appellate courts, a district court of appeal chief judge noted that further staff reductions could mean delays in terms of years or even decades in the disposition of cases.

To comply with the Legislative Budget Request instructions, the reduction targets are shown in this Schedule and the impact on FTE is also provided. The methodology for reaching the FTE reductions was to divide the reduction target by the average salary in each budget entity to determine the number of FTE's that would need to be cut to meet the target. (The average salary calculation excluded judicial and constitutional positions.) The Grants and Donations Trust Fund reduction (\$12,217) has been removed from the trust fund target reduction as these funds are restricted by the grantors.

AGENCY ISSUE NARRATIVE:

SCH VIIIIB-2 NARR 14-15 NARRATIVE:

IT COMPONENT? NO

The completion of this Schedule by the State Courts System is strictly to comply with Fiscal Year 2014-2015 Legislative Budget Request Instructions and should in no way be construed as an offer of reductions on the part of the courts. Clearly, such reductions as provided herein are not a viable alternative for the continued operations of the judicial branch. The reduction information is provided to demonstrate the magnitude of the cut and to further explain how the judicial branch of government in Florida simply could not function with the resulting draconian cuts in court staff.

Due to size of the requested target cut, the only choice for the State Courts System to meet the reduction targets is in the salary and benefits category which would mean eliminating a substantial number of FTE. The information provided herein reflects that impact. The State Courts System is unique in that over 51% of the General Revenue and State Courts Revenue Trust Fund salary budget is dedicated to judicial salaries and benefits. To assure Florida citizens of their constitutional right of access to the courts without sale, denial or delay, no reduction option is available to the courts in terms of reducing judicial officers. For this reason, and in order to describe the impact of the reduction, the reduction target for the General Revenue Fund and the State Courts Revenue Trust Fund are combined. The total number of 371.5 FTE (12% of staff) to be reduced, is clearly an additional staff reduction the judicial branch in Florida cannot sustain. (Please see attached chart.) Previous staff reductions in 2008 resulted in the elimination of 299.5 FTE.

A staff cut of this magnitude resulting from a 5% reduction would critically impair court efficiency. Besides providing staff that coordinate and directly provide constitutional due process services (expert witness, court reporting, and court interpreting), the Florida State Courts System's case managers, magistrates, hearing officers, law clerks, judicial assistants, mediators, and administrators all contribute numerous efficiencies in the processing of cases. For example,

as one circuit judge noted regarding the effect of reduced case managers on pro se litigants: The first thing is we can't help them. There is confusion and the wrong things are filed. So there are delays and additional costs. For the appellate courts, a district court of appeal chief judge noted that further staff reductions could mean delays in terms of years or even decades in the disposition of cases.

To comply with the Legislative Budget Request instructions, the reduction targets are shown in this Schedule and the impact on FTE is also provided. The methodology for reaching the FTE reductions was to divide the reduction target by the average salary in each budget entity to determine the number of FTE's that would need to be cut to meet the target. (The average salary calculation excluded judicial and constitutional positions.) The Grants and Donations Trust Fund reduction (\$12,217) has been removed from the trust fund target reduction as these funds are restricted by the grantors.
